NATIONAL DIGITAL LIBRARY TRUST FUND NOTES TO THE FINANCIAL STATEMENTS September 30, 2000

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

A. DESCRIPTION OF FUND

The National Digital Library Trust Fund (NDLTF) supports the mission and strategic objectives of the National Digital Library program (NDLP). The program is a public-private partnership created to digitize American history and cultural materials, to build a broad-based national coalition of digital archives and libraries, to provide access to electronic materials, to develop a catalog for electronic materials, to promote standards and practices for the use of digital materials, and to provide other related future services. The NDLP, when completed, will be an unsurpassed on-line resource for the study of American history and culture. Making priceless treasures of American history accessible to all Americans in their own local communities is central to the Library's goal of enriching education in America and widening access to the documentary record of America's knowledge and creativity.

The National Digital Library Trust Fund consists of the following sub-accounts:

- NDLP General Trust
- Scott Trust
- Kellogg Trust
- Ameritech Trust
- McCormick Tribune Trust
- Koch Foundation Trust
- Mellon Foundation Trust
- Microsoft Trust
- Pew Charitable Trust
- Hewlett Foundation Trust

The NDLTF is the primary private sector source of funding for the NDLP. The program also receives funding from appropriated funds, a gift fund, and an endowment fund.

The NDLTF was approved by the Library of Congress Trust Fund Broad and the Joint Committee on the Library in September 1994 and operates on a fiscal year beginning October 1 and ending September 30.

Significant accounting policies followed by the NDLTF are presented below.

B. BASIS OF PRESENTATION

The NDLTF's financial statements have been prepared on the accrual basis in accordance with generally accepted accounting principles.

The NDLTF adopted financial reporting standards applicable to not-for-profit organizations. The financial statements are prepared in accordance with Financial Accounting Standards No. 117, and recognize net assets based on the existence of applicable restrictions limiting their use.

Temporarily restricted net assets result from donor-imposed restrictions that permit the Fund to use or expend the assets after the restriction has been satisfied. When a donor-imposed restriction is satisfied, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Unrestricted net assets result from the expiration of donor-imposed restrictions on contributions. These assets are available to the Fund for us in support of current operations. The Library of Congress provides support services to the NDLTF and the cost of these services are, by their nature, indirect, difficult to quantify, and financed with appropriated funds of the library. To the extent that these services are provided, they are not considered operating expenses of the NDLTF.

C. USE OF ESTIMATES

The preparation of the NDLTF's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from these estimates.

D. DONATIONS AND REVENUE RECOGNITION

The NDLTF records as donation revenue amounts received in the form of cash, promises or pledges to give. All donations are temporarily restricted for the purpose of the NDLTF and are not available for the support of general Library activities. Unconditional promises or pledges to give are recognized as a pledges receivable. Multi-year pledges or promises due over a period of time are discounted to their present value, based upon prevailing interest rates, and recognized in the period of initial pledge.

E. CAPITAL ASSETS

The financial statements do not include capital assets which are purchased for the Library of Congress and other funds. Capital assets are expensed when purchased and ownership is transferred to the Library of Congress.

F. INCOME TAX

The NDLTF operates for the benefit of the Library of Congress which is an instrument of the United States and, as such, is not subject to income tax.

G. INVESTMENT POLICY

The Library of Congress Trust Fund Board determines the investment policy for the Library's trust funds. NDLTF are invested in a pool of U.S. Treasury market-based securities.

Investments in U.S. Treasury market-based securities are stated at cost net of any unamortized premium or discount, which approximates market value at September 30, 2000.

Accretion of the discount in subsequent years is also recorded as revenue. Outstanding pledges of \$ 5,250,000 at September 30, 2000, were discounted through fiscal year 2004 at a market discount rate and are included in the statement of financial position at their discounted present value of \$ 4,655,885. The amounts due in future years at their current discounted value are: \$ 2,375,773 in fiscal 2001; \$ 645,612 in fiscal 2002; \$ 840,300 in fiscal 2003; and \$ 794,200 in fiscal 2004.
