National Institute on Alcohol Abuse and Alcoholism
5635 Fishers Lane
Bethesda, MD 20892-9304

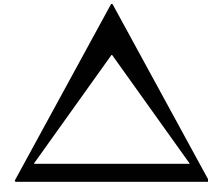

NIH Publication No. 03-5386
Revised 2004

Module 1: Epidemiology of Alcohol Problems in the United States

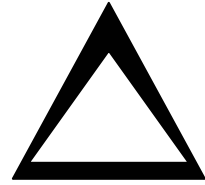

Introduction	1
Learning Objectives	1
Defining Alcohol Use.....	2
Incidence rate.....	2
Prevalence rate	2
Standardization of drinking units	3
Describing Alcohol Use and Abuse.....	3
Alcohol abuse.....	3
Alcohol dependence.....	3
Abstainer	4
Less Frequent	4
Frequent.....	4
Frequent Heavy Drinker	4
Binge drinking	5
Historical Trends in Alcohol Consumption	5
National Trends in Alcohol Consumption	7
Trends by Age	7
Age Interactions with Other Factors.....	10
Alcohol and Other Drugs.....	12
Risk and Protective Factors for Adolescents	13
Alcohol-Associated Health and Psychological Problems	13
Alcohol and Violence	13
Prevalence of Alcohol Abuse in the Criminal Justice System	14
Alcohol-Related Hospitalizations.....	15
Rates of Alcohol-Related Liver Cirrhosis	16
Alcohol and Pregnancy	17
Alcohol and Mortality.....	19
Drinking Guidelines.....	22
Beneficial Effects of Moderate Alcohol Consumption.....	22
Dietary Guidelines for Americans (DHHS & USDA).....	23
Recommended Classroom Activities	25
Discussion Topics/Issues.....	26
References	27

Module 2: Etiology and Natural History Of Alcoholism

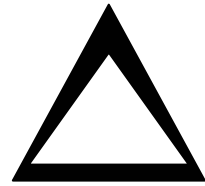

Introduction	1
Learning Objectives	1
Genetic Factors and Vulnerability to Alcohol Use Disorders	2
Genetic Factors	2
Pedigree studies	2
Twin studies	2
Adoption Studies	2
Adoptee Risk of Alcoholism by Alcoholism in Biological Parents	3
Mechanisms of Heritability - Gene-Environment Interaction	3
Genotype-Environment Interaction	4
Cognitive Functioning and the Risk for Developing Alcoholism	5
Psychopathology and Temperament as Risk Factors	6
Childhood behavior problems	6
Childhood Aggression, ASPD, and Alcoholism by Gender	6
Temperament	7
Psychological Models of Etiology	7
Psychoanalytic models	7
Behavioral Models	8
Cognitive Models	9
Social Learning Models	9
Alcohol expectancies	9
Sociocultural Models of Etiology	11
Family violence	11
Family interaction	12
Peer influence	13
Social environments	13
Social Policy Issues	14
Clinical Heterogeneity	14
Clinical heterogeneity / multivariate subtypes	14
Alcohol-Related Features of Type A and Type B Alcoholics	15
Gender differences	16
Sequence of Development of Alcohol-Related Life Experiences for Men & Women	17
Concluding Thoughts about What We Know	17
Recommended Classroom Activities	19
References	21

Module 3: Preventing Alcohol Abuse and Dependence

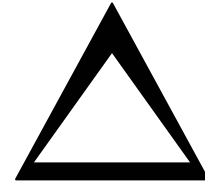

Introduction	1
Learning Objectives	1
What is “Prevention”?	2
Prevention Frameworks	2
Universal prevention	
Selective prevention	2
Indicated prevention	3
Vulnerability, Resilience, Risk, and Protective Factors	3
Interaction of Vulnerability/Risk Continua	4
Prevention Strategies	4
Domains and Associated Risk and Protective Factors	5
Individual Domain	5
Family Domain	6
Peer Domain	6
School Domain	6
Community Domain	6
Society/Environmental Domain	6
Moving From Strategies to Programs	7
Examples of Prevention Program	8
Life Skills Training	8
Seventh Generation Program	9
Project Northland	3
Communities Mobilizing for Change on Alcoholism	10
Community Trials Project	11
Knowledge, Values and Mobilization	11
Responsible Beverage Service Practices	11
Reduction of Underage Drinking	11
Risk of Drinking and Driving	11
Access to Alcohol	12
Conclusions	12
Recommended Classroom Activities	13
Discussion Topics	13
References	14

Module 4:
Screening for Alcohol Problems
in Social Work Settings

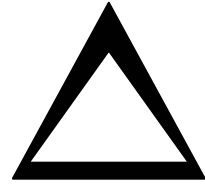

Introduction	1
Learning Objectives	1
Usefulness of Current Screening Tests	2
Asking Questions	2
Relationship between Alcohol Use & Alcohol Problems	3
Standards of Measure.....	3
Defining “At-Risk” Drinking.....	4
Standard Screening Questionnaires	4
CAGE	5
NIAAA Physicians’ Guide	5
AUDIT	5
T-ACE and TWEAK	6
CHARM.....	8
RAFT/CRAFT and Other Tools for Screening Adolescents.....	9
Clinical Laboratory Testing	9
GGT and MCV	10
CDT.....	10
Screening Steps.....	10
Recommended Classroom Activities	12
Discussion Topics/Issues.....	13
References	14

Module 5: Diagnosis and Assessment of Alcohol Use Disorders

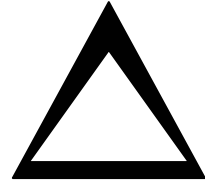

Introduction	1
Learning Objectives	1
Background	2
What We Measure	2
Multidimensional Assessment	2
Readiness to Change	2
Multidimensional Assessment of Alcohol Use Problems	3
Assessment Domain: Alcohol Use Problems	3
Assessment Domain: Relapse Risk Situations	3
Assessment Domain: Coping Resources	3
Assessment Domain: Motivational Resources	3
Sequential Approach: Assessing Alcohol Problems, Selecting Goals	4
Approach	4
Functional Analysis	4
How We Diagnose	5
Alcohol Abuse	6
Alcohol Dependence	6
Other, More Focused Diagnostic Tools	7
Multidimensional Assessment	8
Readiness to Change/Stages of Change	8
Precontemplation	8
Contemplation	9
Preparation	9
Action	9
Maintenance	9
Relapse Rates by Time: Alcohol	9
Conclusions	10
Recommended Classroom Activities	11
Discussion Issues	11
References	12

Module 6: Motivation and Treatment Interventions

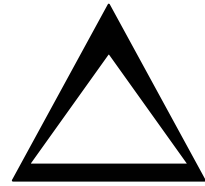

Introduction	1
Learning Objectives	1
Treatment Adherence	2
Motivational Interviewing (MI)	3
Stages of Change	3
Treatment Selection Processes	4
Brief Interventions for At-Risk (Non-Dependent) Drinkers	5
Application of Brief Interventions (BI) in Nonspecialized Treatment Settings...	6
Screening	6
Assessment.....	7
Advice-giving.....	8
Assessing motivation for change.....	8
Establishing specific drinking goals.....	8
Conducting follow-up.....	9
State of Knowledge Concerning Brief Intervention (BI).....	9
Motivational Enhancement Therapy (MET).....	9
Expressing Empathy	10
Developing Discrepancy	10
Avoiding Argumentation, Rolling with Resistance, Supporting Self-Efficacy	10
Motivational Enhancement Therapy & Treatment Matching	13
Cognitive Behavioral Therapy	13
Cognitive Behavioral Therapy and Treatment Matching	14
Relationship Enhancement Therapy (RET)	14
Relationship Enhancement Therapy and Treatment Matching	16
Limitations of Treatment Outcome Studies	
Maintaining the Purity of the Treatment Models	17
Need to Develop A More Comprehensive Theory Of Matching	17
Use of a Phase Model of Matching	18
Pharmacological Interventions	18
Future Directions and Conclusions	19
Classroom activities	21
Discussion topics	21
References	22

Module 7: Coordinated Care Systems

Introduction	1
Learning Objectives	1
Coordinated Care in the Treatment of Alcohol Use Problems	2
Specialized Treatment Programs	2
Programs Not Specializing In Alcohol Treatment.....	3
Components of a Coordinated System of Care	3
Child Welfare.....	3
Primary Health Care Providers/Mental Health Care Providers.....	4
Social Service System.....	6
Criminal Justice System	7
Barriers to Coordinated Care	8
Inconsistent Goals.....	8
Incompatible Definitions	8
Use of Disparate Interventions	9
Lack of Common Screening	9
Financial Incentives.....	9
Social Worker Role in Resource Management with Coordinated Systems of Care.....	9
Screening	10
Intervention Skills	10
Diagnosis	10
Case Management.....	10
Special Populations.....	10
Interdisciplinary Training	11
Advocacy.....	11
Practice Interventions Summarized	11
Conclusions	13
Recommended Classroom Exercises	14
Discussion Issues	14
References	15

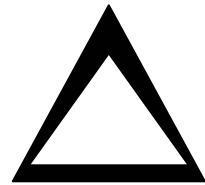

Module 8: Alcohol and Intimate Partner Violence

Introduction	1
Learning Objectives	1
Background.....	2
Alcohol and IPV Perpetrators.....	4
Alcohol Effects and Disinhibition Models	4
Cognitive Impairment/Distortions Model	4
Disavowal and Rationalization Models.....	5
Comorbidity Models	6
Research Evidence.....	7
Alcohol and IPV Victims.....	7
Intervention Strategies and Issues.....	9
Assessment: Batterers.....	9
Assessment: IPV Processes.....	11
Assessment: Readiness to Change	12
Assessment: Batterers	12
Assessment: Victims	12
Treatment Sequencing and Change in Organizations	14
Classroom Activities.....	18
References	19
Appendix A: The Michigan Alcohol Screening Test (MAST)	27
Appendix B: Conflict Tactics Scale	28
Appendix C: Power and Control Wheel.....	31
Appendix D: Danger Assessment	32

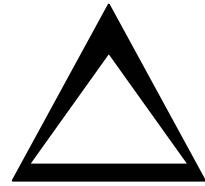

Module 9:

Legal and Ethical Issues in Prevention and Treatment of Alcohol Use Disorders

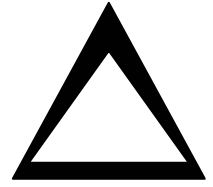

Introduction	1
Learning Objectives1Background	2
Confidentiality	2
Confidentiality Limitations	3
Informing Clients as to the Limits on Confidentiality.....	5
Information That Must Be Conveyed.....	5
Turning the Duty to Disclose into a Therapeutic Opportunity	5
Relinquishing Confidentiality under Duress.....	5
Informed Consent	6
Duty to Care.....	7
Establishing Criteria for Terminating Client Treatment.....	7
Trend Toward Emerging Standards of Practice	8
ASAM Patient Placement Criteria, Second Edition Revised.....	9
Factual Information	9
Client Self-Determination	10
Mandated Services	10
Respect for Differences in Culture and World Views.....	10
Controlled Drinking Goals	10
Credentialing for Alcohol Treatment Providers.....	11
Recommended Classroom Activities	12
Group Discussions.....	12
References	13

Module 10A: Adolescents and Treatment of Alcohol Use Disorders

Introduction	1
Learning Objectives.....	1
Prevalence among Teenagers.....	2
Criteria Issues.....	3
Concerns for Using DSM-IV Diagnostic Criteria with Adolescents.....	3
Continuum versus Categories.....	5
Nonusers	5
Experimenters	5
Recreational users	5
Regular users	5
Abusers	5
Substance Dependent	5
Risk Factors for Alcohol Use Problems Among Teenagers	5
Risk Factors for Alcohol Use and Abuse Among Adolescents.....	6
Individual Risk Factors	6
Social/Interpersonal Factors	6
Contextual/Cultural Factors	6
Assessment of Adolescents	7
Assessment Instruments.....	8
Assessment Feedback Sessions	9
Treatment with Teenagers	10
Differences between Adult and Adolescent Substance Abusers	11
Evidence-Based Approaches for Adolescent ATOD Problems.....	12
Diversity Concerns.....	13
Motivation to Change	13
Prevention and Early Intervention	14
Summary and Conclusions	15
What We Know	15
What We Don't Know	15
Recommended Classroom Activities	16
Discussion Topics/Issues.....	16
References	17

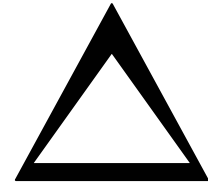

**Module 10B:
Women and Alcohol**

Introduction	1
Learning Objectives	1
Background Issues	2
Comparisons of Men and Women With Respect to Alcohol.....	3
Sources of Treatment Discrepancy	5
Screening and Assessment Issues	5
Treatment Issues	6
Recommended Classroom Activities	9
Discussion Topic.....	9
References	10

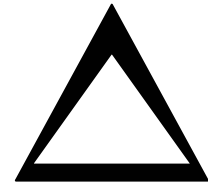

Module 10C:

Older Adults and Alcohol Problems

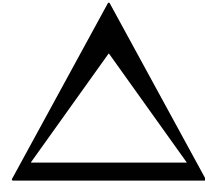

Introduction	1
Learning Objectives	1
Prevalence	2
Drinking Guidelines	3
Recommended Drinking Limits for Older Adults	3
Key Definitions	4
Abstinence	4
Low risk drinking	4
At-risk drinking	5
Problem drinking	5
Alcohol or drug dependence	5
Issues Unique to Older Adults	6
Signs and Symptoms of Potential Alcohol Problems in Older Adults	6
Special Populations of Older Adults	7
Barriers to effective identification	7
Co-Morbid Medical and Psychiatric Conditions	8
Older, depressed persons who are alcohol dependent	8
Screening and Detection of Alcohol Problems in Older Adults	9
Goals and Rationale for Screening Older Adults for Alcohol Abuse	10
Short Michigan Alcoholism Screening Test -Geriatric Version (S-MAST-G) ..	11
Quantity/Frequency Questions	12
Percent of Older Adults Reporting Problem Drinking	12
Prevention, Brief Alcohol Interventions, and Treatment with Older Adults	13
Brief Interventions With Older At-Risk Drinkers	13
Comparison of Two Older Adult Clinical Trials	14
Brief Intervention Protocols with Older Adults	14
Components of Brief Intervention for Older Adults	15
Other Treatment Approaches for Older Adults	17
Summary and Recommendations	17
Recommendations	18
Classroom Activities	20
Discussion Issues	20
References	21

Module 10D: Alcohol Use Disorders in Homeless Populations

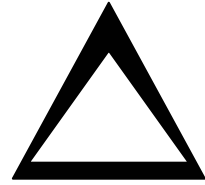

Introduction	1
Learning Objectives	1
Background.....	2
Conceptualizations of Homelessness	2
Pathways to Homelessness	3
The Relationship of Alcohol and Homelessness.....	4
Estimated Prevalence of Alcohol Problems in Homeless Populations	5
Treatment of Substance Abuse Problems among the Homeless.....	6
Outreach	7
Motivational Interviewing.....	7
Intensive Case Management	8
Stabilization Programs/Therapeutic Communities	9
Transitional/Supportive Housing	10
Confronting Barriers to Services for the Homeless	11
Summary	12
AUDIT-12	12
Classroom Activities.....	14
Discussion Issues	14
References	15
Appendix A - Treatment of Alcohol Use Disorders in the Homeless	
Population: An Annotated Bibliography.....	20
The Prevalence of Alcohol Use Disorders among the Homeless.....	20
Health Care for the Homeless	22
Treatment.....	23
Assessing Treatment Needs	23
Outreach and Engagement	23
Motivational Interviewing (brief treatment)	24
Intensive Case Management.....	25
Shelter Stabilization and Therapeutic Communities within Shelters....	26
Transitional and Supportive Housing	26
Cross-National Comparisons of Homelessness	27
Ethnographic Descriptions of the Culture of the Homeless	28

Module 10E: Comorbidity of Alcohol and Psychiatric Problems

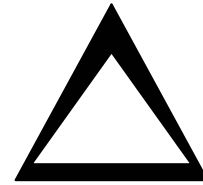

Introduction	1
Learning Objectives	1
Background	2
Epidemiology of Comorbidity	2
National Comorbidity Survey	3
Lifetime Comorbidity with Alcohol/Drug Problems	3
Adolescents with Substance Use Disorders	4
Current (last 12 months) Diagnosis	4
Social Work Implications of Comorbidity	4
Functional Impairment	5
Comorbid Disorder Interaction Models	5
Interaction Models of Alcohol and Psychiatric Disorders	5
Intervention Strategies	6
Social Work Assessment	6
Diagnostic Interviews Commonly Used in Research Studies of Comorbidity	8
Intervention Options and Comorbidity	9
Counseling Services	9
Medication/Psychopharmacology	9
12-Step Groups	10
Intensive Case Management	10
Additional Considerations	10
Recommended Classroom Activities	12
References	13

Module 10F: Immigrants, Refugees, and Alcohol

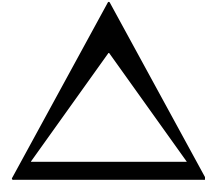

Introduction	1
Learning Objectives	1
Background	2
Immigration, 1981-1996	2
Refugees, 1981-1996	2
Estimated Undocumented Residents, 1996	2
Percent Population Estimates of Legal Permanent Residents and Undocumented Immigrants by Top 10 States of Residence, 1996	3
Psychosocial Issues of Immigrants and Refugees	3
Problems suffered by immigrants	4
Additional problems suffered by refugees	4
Additional problems suffered by undocumented individuals	4
Alcohol Use among Immigrants and Refugees	5
Alcohol Use Models	5
Empirical Alcohol Studies of Immigrant/Refugee Groups	6
Intra-national Differences: Mexican Immigrants	7
Differences between National Groups: Central America	7
Differences between Immigrant and U.S.-Born Groups	7
Acculturation Differences	8
Gender Differences	8
Reasons for Drinking	9
Social Work Practice Implications	10
Special Training Needs	10
Values and Ethics in Social Work Practice with Immigrants and Refugees ...	11
Issues of Social Work Values and Ethics	11
Summary	12
Credits	12
Classroom Exercises	13
Recommended Reading for Discussion	15
References	16

Module 10G: Sexual Orientation and Alcohol Use Disorders

Introduction	1
Learning Objectives	1
Definitions	2
Research limitations.....	2
Early Research: Use and Abuse of Alcohol among Gay and Lesbian Individuals	3
Current Findings: Gay and Lesbian Alcohol Use	4
Risk & Protective Factors Affecting Alcohol Problems among LGBT Persons.....	5
Lifestyle variable: homophobia and heterosexism	5
Lifestyle variable: gay bar	6
Lifestyle variable: coming out and identity formation.....	6
Demographic variable: age	6
Demographic variable: gender	6
Demographic variable: race/ethnicity	6
Demographic variable: social roles/responsibilities	6
Psychosocial factors: depression/stress	7
Interpersonal factors: childhood sexual abuse (CSA)	7
Interpersonal factors: intimate partner/domestic violence	7
Interpersonal factors: peer and partner drinking.....	7
Prevention and Treatment: Barriers and Suggested Strategies	8
Classroom Activities.....	9
Discussion Questions	9
References	10
Agency and Organizational Resources for LGBT Persons	15
Additional Bibliographies.....	15
Information Resources	15
Treatment and Health Resources	16

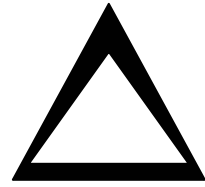

Module 10 H: Ethnicity, Culture and Alcohol

Introduction	1
Learning Objectives	1
Background.....	2
Alcohol Consumption / Drinking Patterns.....	4
Epidemiology of Alcohol Problems.....	5
Relative Rates of Alcohol Dependence.....	5
Importance of Distinguishing Aggregate vs. Disaggregate Data	6
Impact of Alcohol on Ethnic and Cultural Groups	6
Differential Consequences of Alcohol Consumption	7
Health and Safety	7
Mental Health and Other Social Effects	8
Ethnic and Cultural Influences on Drinking Patterns.....	9
Cultural Norms and Values	9
Alcohol-related Cultural Norms/Values Affect	9
Socialization Theory Explains Transmission of Drinking Norms, Customs, & Patterns	10
Discrimination and Racism	12
Access to Alcohol 13	
Prevention and Intervention	13
Ethnocultural Competence in Prevention & Intervention.....	13
Direct Practice: Routes to Treatment.....	14
Screening and Diagnostic Assessment.....	14
Programs	16
Community Practice.....	17
Classroom Activities 20	
References	21
.....	21

Module 10I:

Disabilities and Alcohol Use Disorders

Introduction	1
Learning Objectives	1
Background.....	2
Alcohol and Intellectual Disabilities	3
APA Levels of Intellectual Disability	3
IQ Ranges	3
Spinal Cord Injuries.....	5
Traumatic Brain Injury	6
Deafness and Other Hearing Difficulties	8
National Association of the Deaf Definitions	8
Blindness and Visual Impairments	9
Definitions	10
Concluding Remarks.....	10
Classroom Exercises	11
References	13
Annotated Bibliography/Additional Teaching Resources	19
