GENERAL JAMES L. JONES SAFETY AWARDS

1. Purpose. To solicit nominations for the FY06 Navy League Admiral Vern Clark Safety Award and General James L. Jones Safety Award.

2. Discussion. These awards are intended to stimulate safety, ideas, suggestions, programs, etc., which will reduce mishaps and fatalities within the Department of the Navy (DON) by providing special recognition to individuals, units or organizations who best exemplify and advance a culture of safety.

3. Background.

a. The Navy League of the United States is a national organization composed of more than 65,000 civilian volunteers, with approximately 270 local councils throughout the United States and overseas. The objectives of the Navy League are to develop and maintain public interest in the DON and its missions, and to offer cooperation and assistance in all matters tending to enhance naval efficiency.

b. Toward this end, the Navy League presents a minimum of two safety awards, one Navy and one Marine Corps, annually to DON personnel and/or organizations whose actions, examples, or suggestions have reduced fatalities and/or mishaps among Sailors, Marines, or civilians within DON. More than one winner of each award may be selected at the discretion of the Navy League awards selection board based on the number and quality of nominations received.

(1) The Admiral Vern Clark Safety Award will be presented to an individual or group whose actions and example have significantly improved the safety culture within the Navy.

(2) The General James L. Jones Safety Award will be presented to an individual or group whose actions and example have significantly improved the safety culture within the Marine Corps.

4. Policy.

a. Eligibility. All active duty Navy and Marine Corps personnel, civilians within DON, and Navy and Marine Corps reservists are eligible for nomination for the applicable award. Award recipients will be individuals, units or organizations who best exemplify and advance a culture of safety.

b. Criteria. Individuals, units and organizations nominated for the FY06 Admiral Vern Clark Safety Award or General James L. Jones Safety Award should have made significantly greater contributions to safety than normally expected of those in their particular assignments during FY06. Qualifying criteria include:

(1) Participation in safety initiatives that have had a proven impact on the unit's overall safety program.

(2) Contribution to innovative safety planning and execution that merits service-wide adoption.

(3) Inspiring a climate where consideration of safety is an integral part of the command's execution of its mission.

(4) Actions, examples, or suggestions that have reduced fatalities and/or mishaps among Sailors, Marines, or civilians within DON.

c. Selection. The Navy League shall convene an awards selection board to review and evaluate all nomination packages, and select winners in accordance with the criteria outlined in paragraph 4.b.

d. Award. The awards will be made from proceeds generated by contributions from the former Secretary of the Navy, the Honorable Gordon England, and Mrs. England, as well as multiple corporate sponsors. Each winner shall receive a cash award, the exact amount to be determined by the Navy League awards selection board based on the total value of the endowment and

the income generated from it. When additional winners are selected beyond the minimum two (2), the award amount shall be equitably shared among all recipients. In accordance with 5 CFR §2635.204(d), cash awards may be accepted upon a written determination by an agency ethics official that the award is made as part of an established program under which awards have been made on a regular basis and pursuant to written standards. Winners should consult with their ethics counselor. A Navy League plaque will also be presented to each award recipient. The FY06 Admiral Vern Clark Safety Award and General James L.
