

# **Data Format Working Group: Second Meeting**

**March 31 & April 1, 2003**

**Conference Rooms A1 & A2, Neuroscience Center**

**6001 Executive Boulevard**

**Rockville, Maryland**

## **AGENDA**

---

### **Monday, March 31**

#### **8:45 am - 9:00 am      *Opening***

- Welcome and Introductory Remarks—Michael Huerta
- Charge to DFWG on Considering Dual-Format-with-Converter Strategy —Stephen Strother

#### **8:45 am - 9:00 am      *DICOM on the Web: Does it Matter?***

- Presentation and discussion led by Stephen Strother

#### **10:00 am - 12:00 pm      *Discussion of ANALYZE Paper***

- Led by Robert Cox (Team: J. Ashburner, R. Cox, K. Fissell, J. Lancaster, S. Smith, and J. Van Horn)

#### **12:00 pm - 1:00 pm      *Lunch***

#### **1:00 pm - 3:00 pm      *Discussion of MINC Paper***

- Led by Colin Holmes (Team: C. Haselgrove, C. Holmes, R. Goebel, D. Rex, and S. Strother )

#### **3:00 pm - 4:30 pm      *Discussion of Dual-Format-with-Converter as the DFWG's Technical Solution to the Multiple Data Format Problem***

- Led by Stephen Strother

***Goal of Day 1:*** *To discuss the technical feasibility of a dual-format-with-converter strategy and determine whether this will be the DFWG's recommendation as the technical solution.*

### **Tuesday, April 1**

#### **8:30 am - 10:30 am      *Discussion of Experimental Description and Other Metadata Paper***

- Led by Stephen Smith (Team: J. Ashburner, R. Cox, K. Fissell, D. Rex, and S. Smith)

*Beyond the metadata discussion, the agenda for Day 2 will depend on the outcome of Day 1. If DFWG adopts the dual-format-with-converter strategy, then Day 2 will be devoted to planning the implementation of the next steps. If the DFWG determines this strategy is not the best way to proceed, Day 2 will be devoted to charting an alternative strategy.*
