Filner Opens Valley Office

Congressman Bob Filner announced last week that his official Imperial Valley Community Office is "Open and Ready to Serve the Valley."

Filner was re-elected to Congress in November and now represents all of Imperial County. His new office is located in Imperial Valley's Airport at 1101 Airport Road, Suites D and E.

"The Valley will see a visible, responsive, and aggressive congressman," said Filner. "I have a reputation for serving and fighting for the people I represent. I am proud to now also represent the Valley. And I want to let people know that my office is now open

and ready for business. People should call and let me know about their concerns -- let me know how I can help."

Filner's new office will be staffed by Community Representative Juan Moran, a longtime resident of the Valley.

The phone number for the office is (760) 355-8800. The fax number is (760) 355-8802.

Filner will host an Open House at his new office on Monday, February 3rd from 5:00 to 7:00 p.m. All Valley residents are encouraged to attend and meet their new representative in Congress.
