NMTC SPECIAL ALLOCATION FOR THE GO ZONE: List of Qualifying Low-Income Communities

The Gulf Opportunity Zone Act of 2005, enacted on December 21, 2005, provides \$1 billion of additional New Markets Tax Credit (NMTC) allocation authority for use by Community Development Entities (CDEs) with a significant mission of recovery and redevelopment of the Gulf Opportunity Zone, or GO Zone.

The GO Zone is comprised of those counties or parishes that were deemed eligible by FEMA for “individual assistance” or “individual and public” assistance in the wake of Hurricane Katrina. It encompasses 91 counties or parishes, including: eleven counties in Alabama; 31 parishes in Louisiana; and 49 counties in Mississippi.

These 91 counties/parishes include a total of 1,406 census tracts, of which 665 (47%) qualify as Low-Income Communities eligible for investments under the NMTC Program because they either: a) have a poverty rate of at least 20%; or b) have a median family income that is at or below 80% of the area median family income.

Attached is a listing of the census tracts in the GO Zone.
