

GIS Strategy soils addendum (Use in place of paragraph below exhibit 3-11)

The total cost for completion of the soil survey digitizing of 2900 soil surveys is approximately \$55 million and should be completed by the end of 2009. The annual maintenance cost is approximately \$5 million. There are 3300 survey areas, but some are still being mapped or are composed largely of Federal lands and will not be digitized under this initiative.
