

# GEOTHERMAL TECHNOLOGIES

## Legacy Collection

*Introducing*

*Hot Docs* are the most frequently requested and downloaded documents from the legacy database.

*Search more than 19,000 items in this 1970s-forward collection*

- Quickly retrieve citations and reports using Basic Search
- Refine searches using Advanced Search
- Sort and organize for more meaningful search results

*A valuable source of DOE-sponsored geothermal information at your fingertips!*

*Find important historical and current citations and reports from:*

- DOE and its national laboratories
- U.S. industry
- International sources

*Stay better informed of developments in geothermal technology...  
gain insights from studies in the field since the 1970s*

*Get printable full-text documents of different types including:*

- Technical and Programmatic Reports
- Geothermal Resource Maps
- International journal citations

*Serving the needs of the scientific researcher and casual browser alike at:*
