Sensitive But Unclassified/Sensitive Security Information – Disseminate on a Need-To-Know Basis Only

Template Release 070606

USDA PRIVACY IMPACT ASSESSMENT FORM

Agency: USDA NRCS

System Name: LandCare-NRCS Forms and Publications

System Type:

- Major Application
- General Support System
- Non-major Application

System Categorization (per FIPS 199):

- High
- Moderate
- Low

Description of the System:

The LandCare application allows users to browse the NRCS Publications and Agency Forms web site to decide what their organization needs. Users can order publications, brochures, forms, posters, etc. from this site. All publications available through the LandCare web site are free of charge.

Who owns this system? Wendall R. Oaks, IT Application Development Branch Chief, USDA-NRCS, wendall.oaks@ftc.usda.gov, 970-492-5479.

Who is the security contact for this system? Chuck Hart, Information System Security Manager, USDA NRCS, Chuck.Hart@ftc.usda.gov, (970) 295-5550.

Who completed this document? Sandy Williams, Sr. Systems Security Analyst/CISSM, sandy.williams@ftc.usda.gov, 970-295-5558.

DOES THE SYSTEM CONTAIN INFORMATION ABOUT INDIVIDUALS IN AN IDENTIFIABLE FORM?

Indicate whether the following types of personal data are present in the system

QUESTION 1		Citizens	Employees
Does the system contain any of the following type of data as it relates to individual:			
Name		YES	YES
Social Security Number		NO	NO
Telephone Number		YES	YES
Email address		YES	YES
Street address		YES	YES
Financial data		NO	NO
Health data		NO	NO
Biometric data		NO	NO
QUESTION 2		YES	NO
Can individuals be uniquely identified using personal information such as a combination of gender, race, birth date, geographic indicator, biometric data, etc.?			
NOTE: 87% of the US population can be uniquely identified with a combination of gender, birth date and five digit zip code ¹			
Are social security numbers embedded in any field?		NO	NO
Is any portion of a social security numbers used?		NO	NO
Are social security numbers extracted from any other source (i.e. system, paper, etc.)?		NO	NO

If all of the answers in Questions 1 and 2 are NO,

You do not need to complete a Privacy Impact Assessment for this system and the answer to OMB A-11, Planning, Budgeting, Acquisition and Management of Capital Assets, Part 7, Section E, Question 8c is:

3. No, because the system does not contain, process, or transmit personal identifying information.

If any answer in Questions 1 and 2 is YES, provide complete answers to all questions below.

¹ Comments of Latanya Sweeney, Ph.D., Director, Laboratory for International Data Privacy Assistant Professor of Computer Science and of Public Policy Carnegie Mellon University To the Department of Health and Human Services On "Standards of Privacy of Individually Identifiable Health Information". 26 April 2002.

DATA COLLECTION

3. Generally describe the data to be used in the system.

The LandCare application allows users to browse the NRCS Publications and Agency Forms web site to decide what their organization needs. Users can order publications, brochures, forms, posters, etc. from this site. All publications available through the LandCare web site are free of charge. When users enter the publication they want, they are then redirected to the site to be able to order that particular publication by entering their name, type of business (i.e. school name), address. Orders can only be placed in gross. The shipping data is then sent out to a call center database which generates a shipping label for FedEx.

4. Is the use of the data both relevant and necessary to the purpose for which the system is being designed? In other words, the data is absolutely needed and has significant and demonstrable bearing on the system's purpose as required by statute or by Executive order of the President.

- Yes
 No

5. Sources of the data in the system.

5.1. What data is being collected from the customer?

Name, address, type of business, email address and fax number are obtained from both the public and NRCS employees who wish to order forms and publications.

5.2. What USDA agencies are providing data for use in the system?

NRCS

5.3. What state and local agencies are providing data for use in the system?

None

5.4. From what other third party sources is data being collected?

None

6. Will data be collected from sources outside your agency? For example, customers, USDA sources (i.e. NFC, RD, etc.) or Non-USDA sources.

Yes
 No. If NO, go to question 7

- 6.1. How will the data collected from customers be verified for accuracy, relevance, timeliness, and completeness?

No process in place at this time to verify for accuracy, relevance, timeliness, and completeness. Accuracy is solely relied on through the customer.

- 6.2. How will the data collected from USDA sources be verified for accuracy, relevance, timeliness, and completeness?

No data is collected from USDA.

- 6.3. How will the data collected from non-USDA sources be verified for accuracy, relevance, timeliness, and completeness?

No process in place at this time to verify for accuracy, relevance, timeliness, and completeness. Accuracy is solely relied on through the customer.

DATA USE

7. Individuals must be informed in writing of the principal purpose of the information being collected from them. What is the principal purpose of the data being collected?

The LandCare application allows users to browse the NRCS Publications and Agency Forms web site to decide what their organization needs. Users can order publications, brochures, forms, posters, etc. from this site. All publications available through the LandCare web site are free of charge.

8. Will the data be used for any other purpose?

Yes
 No. If NO, go to question 9

- 8.1. What are the other purposes?

USDA PRIVACY IMPACT ASSESSMENT FORM

9. Is the use of the data both relevant and necessary to the purpose for which the system is being designed? In other words, the data is absolutely needed and has significant and demonstrable bearing on the system's purpose as required by statute or by Executive order of the President

- Yes
 No

10. Will the system derive new data or create previously unavailable data about an individual through aggregation from the information collected (i.e. aggregating farm loans by zip codes in which only one farm exists.)?

- Yes
 No. If NO, go to question 11

10.1. Will the new data be placed in the individual's record (customer or employee)?

- Yes
 No

10.2. Can the system make determinations about customers or employees that would not be possible without the new data?

- Yes
 No

10.3. How will the new data be verified for relevance and accuracy?

11. Individuals must be informed in writing of the routine uses of the information being collected from them. What are the intended routine uses of the data being collected?

For ordering forms and publications from NRCS only.

12. Will the data be used for any other uses (routine or otherwise)?

- Yes
 No. If NO, go to question 13

12.1. What are the other uses?

13. Automation of systems can lead to the consolidation of data – bringing data from multiple sources into one central location/system – and consolidation of administrative controls. When administrative controls are consolidated, they should be evaluated so that all necessary privacy controls remain in place to the degree necessary to continue to control access to and use of the data. Is data being consolidated?

- Yes
 No. If NO, go to question 14

13.1. What controls are in place to protect the data and prevent unauthorized access?

N/A

14. Are processes being consolidated?

- Yes
 No. If NO, go to question 15

14.1. What controls are in place to protect the data and prevent unauthorized access?

DATA RETENTION

15. Is the data periodically purged from the system?

- Yes
 No. If NO, go to question 16

15.1. How long is the data retained whether it is on paper, electronically, in the system or in a backup?

15.2. What are the procedures for purging the data at the end of the retention period?

15.3. Where are these procedures documented?

16. While the data is retained in the system, what are the requirements for determining if the data is still sufficiently accurate, relevant, timely, and complete to ensure fairness in making determinations?

None at this time. Information accuracy is solely the customer's responsibility.

17. Is the data retained in the system the minimum necessary for the proper performance of a documented agency function?

- Yes
 No

DATA SHARING

18. Will other agencies share data or have access to data in this system (i.e. international, federal, state, local, other, etc.)?

- Yes
 No. If NO, go to question 19

18.1. How will the data be used by the other agency?

18.2. Who is responsible for assuring the other agency properly uses of the data?

19. Is the data transmitted to another agency or an independent site?

- Yes
 No. If NO, go to question 20

19.1. Is there the appropriate agreement in place to document the interconnection and that the PII and/or Privacy Act data is appropriately protected?

20. Is the system operated in more than one site?

- Yes
 No. If NO, go to question 21

20.1. How will consistent use of the system and data be maintained in all sites?

DATA ACCESS

21. Who will have access to the data in the system (i.e. users, managers, system administrators, developers, etc.)?

Users only have access to requesting forms and publications from the web site.

22. How will user access to the data be determined?

Information is sent to the caller database to generate shipping labels and forms and publications requested.

22.1. Are criteria, procedures, controls, and responsibilities regarding user access documented?

- Yes
 No

23. How will user access to the data be restricted?

N/A

23.1. Are procedures in place to detect or deter browsing or unauthorized user access?

- Yes
 No

24. Does the system employ security controls to make information unusable to unauthorized individuals (i.e. encryption, strong authentication procedures, etc.)?

- Yes
 No

CUSTOMER PROTECTION

25. Who will be responsible for protecting the privacy rights of the customers and employees affected by the interface (i.e. office, person, departmental position, etc.)?

Privacy and accessibility rules are identified and specified by the Agency management system owners

26. How can customers and employees contact the office or person responsible for protecting their privacy rights?

Customers and employees can contact the NRCS Security Response/Access Control Team via the NRCS 800 number and/or e-mail address. Additionally, each state has an Information System Security Point of Contact (ISSPOC) and a State Administrative Officer (SAO) that can be contacted at their Center or State Office.

27. A “breach” refers to a situation where data and/or information assets are unduly exposed. Is a breach notification policy in place for this system?

- Yes. If YES, go to question 28
 No

27.1. If NO, please enter the POAM number with the estimated completion date:

28. Consider the following:

- Consolidation and linkage of files and systems
- Derivation of data
- Accelerated information processing and decision making
- Use of new technologies

Is there a potential to deprive a customer of due process rights (fundamental rules of fairness)?

- Yes
 No. If NO, go to question 29

28.1. Explain how this will be mitigated?

29. How will the system and its use ensure equitable treatment of customers?

All NRCS systems/applications are versioned controlled through NRCS and will inherit the security controls of the hosting system/network infrastructure(s).

30. Is there any possibility of treating customers or employees differently based upon their individual or group characteristics?

- Yes
 No. If NO, go to question 31

30.1. Explain

SYSTEM OF RECORD

31. Can the data be retrieved by a personal identifier? In other words, does the system actually retrieve data by the name of an individual or by some other unique number, symbol, or identifying attribute of the individual?

- Yes
 No. If NO, go to question 32

31.1. How will the data be retrieved? In other words, what is the identifying attribute (i.e. employee number, social security number, etc.)?

31.2. Under which Systems of Record notice (SOR) does the system operate? Provide number, name and publication date. (SORs can be viewed at www.access.GPO.gov)

31.3. If the system is being modified, will the SOR require amendment or revision?

TECHNOLOGY

32. Is the system using technologies in ways not previously employed by the agency (e.g. Caller-ID)?

- Yes
 No. If NO, the questionnaire is complete.

32.1. How does the use of this technology affect customer privacy?

Upon completion of this Privacy Impact Assessment for this system, the answer to OMB A-11, Planning, Budgeting, Acquisition and Management of Capital Assets, Part 7, Section E, Question 8c is:

USDA PRIVACY IMPACT ASSESSMENT FORM

1. Yes.

USDA PRIVACY IMPACT ASSESSMENT FORM

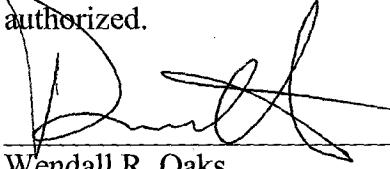

**Privacy Impact Assessment Authorization
Memorandum**

I have carefully assessed the Privacy Impact Assessment for the

LandCare-NRCS Forms and Publications

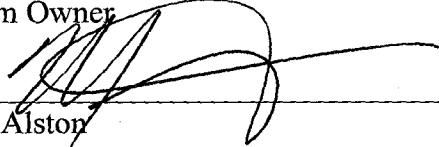

This document has been completed in accordance with the requirements of the EGovernment Act of 2002.

We fully accept the changes as needed improvements and authorize initiation of work to proceed. Based on our authority and judgment, the continued operation of this system is authorized.

Wendall R. Oaks
