## **Lassen NF OHV Grants Proposals Available for Review and Comment**

Susanville, CA. Each year, the Lassen National Forest has an opportunity to submit grant applications to the California State Off-Highway Motor Vehicle Recreation Division (OHMVR) for their consideration for funding in support of the Forest's on-going Off-Highway Vehicle (OHV) program. The Division is currently soliciting proposals for the 2009 grant cycle and the Lassen National Forest is considering three projects for submission. One project would assist the forest with ground operations and maintenance, the second application would enable the forest to plan for future OHV area management, and the third would assist with OHV area patrols and law enforcement.

Preliminary applications for the 2009 projects will be made available for review and comment on March 3, 2009, on the OHMVR Division's website, <http://ohv.parks.ca.gov/>. A link to that website is also available from the Lassen's website: <http://www.fs.fed.us/r5/lassen/>

Public comments regarding the Lassen National Forests projects may be submitted via letter to Robin Bryant, P.O. Box 767, Chester, CA 96020, or electronically to [rbryant01@fs.fed.us](mailto:rbryant01@fs.fed.us) by April 6, 2009. Public comments will be used to finalize the proposal applications. Final applications are due to the OHMVR Division by Monday May 4.

For more information please contact: Chris O'Brien, Lassen National Forest Public Services, at 530-252-6645; or Robin Bryant, Almanor Ranger District Grants & Agreements Coordinator at 530-258-5183.
