Distance teaching and learning

- Why are you considering developing a distance education course?
- How do you teach? How do your students learn?
- Are you willing to change?
- What do you think you are going to gain/lose?
- What are your concerns? What are your challenges?

Some considerations

- Interaction, collaboration, social component
- Multiple learning styles
- Diversity of tools ([see](#))
- Student pacing
- Archive
- Feedback (class 1, snap 11, class 6 and 8, Snap 1)
- Semester class vs. a one time presentation
- Protocol
- Preparation
- Convenience (students and faculty)
