NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include assessment of the progress of awarded proposals. The majority of these meetings will take place at NSF, 4201 Wilson Blvd., Arlington, Virginia 22230.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will no longer be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF Web site: <http://www.nsf.gov/events/advisory.jsp>. This information may also be requested by telephoning 703/292-8182.

Dated: February 13, 2008.

Susanne Bolton,

Committee Management Officer.

OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee; Open Committee Meetings

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that a meeting of the Federal Prevailing Rate Advisory Committee will be held on Thursday, March 20, 2008.

The meeting will start at 10 a.m. and will be held in Room 5A06A, U.S. Office of Personnel Management Building, 1900 E Street, NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the U.S. Office of Personnel Management.

This scheduled meeting will start in open session with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately with the Chair to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the U.S. Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of the meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public, upon written request to the Committee.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on

these meetings may be obtained by contacting the Committee at U.S. Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5526, 1900 E Street, NW., Washington, DC 20415, (202) 606-2838.

Dated: February 11, 2008.

Charles E. Brooks,

Chairman, Federal Prevailing Rate Advisory Committee.

BILLING CODE 6325-49-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57311; File No. SR-NSX-2008-03]

Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Creation of a Zero Display Reserve Order With a Pegging Option

February 12, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b-4 thereunder, ² notice is hereby given that on February 5, 2008, the National Stock Exchange, Inc. (“NSX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated the proposed rule change as “non-controversial” under Section 19(b)(3)(A)(iii) ³ of the Act and Rule 19b-4(f)(6) thereunder, ⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend its rules in order to establish a Zero Display Reserve Order type (“Zero Display Order”). The Zero Display Order may have a pegged order option.

The text of the proposed rule changes is available on the Exchange’s Web site (<http://www.nsx.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 17CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add a new type of Reserve Order, the Zero Display Order, to those currently permitted under its Rules. Currently, Reserve Orders must consist of a displayed quantity and a reserve quantity. The Zero Display Order will allow Users to designate the entire quantity of an order as reserve, with zero display quantity.

Zero Display Orders will be accessed from the Exchange using a priority system that the Exchange believes best balances the advantages of a Zero Display Order with those of other Reserve Orders and displayed orders. Under the Exchange’s methodology, the display quantity of orders will first be exhausted according to price priority and time priority. Next, the reserve quantity of each order will be exhausted in rounds according to price and then time priority, with the reserve quantity of each order accessed according to its original display amount in each round. Zero Display Orders will be assumed to have a displayed quantity of one round lot for purposes of the process described in the preceding sentence. Zero Display Orders will not be eligible to be routed away to another market center.

For the purposes of demonstrating this methodology, consider the following examples:

NSX BOOK AT BEGINNING

Book	ETP Holder	Display	Reserve
T1		100	1000
T2		0	1000
T3		500	500
T4		100	100
T5		0	500

Trade 1: Contra Order for 100

Trade 1 comes in with a contra order of 100 shares. Going through the

process, the Exchange’s system will look to all displayed orders first and match the contra order with the first order in time reflected in its book. Thus, the contra order would be matched to the first displayed order in the NSX Book, reflecting the one lot, resulting in the following execution:

EXECUTIONS

ETP Holder	Display	Reserve
T1	100

Once that trade is executed, the NSX Book is refreshed. Since a one lot was executed against T1 and only T1, the NSX Book is refreshed with respect to T1. Thus, T1 now has a new time attributable to its order as it is refreshed with a new display of 100 that has floated up from its reserve. The new book and the time ranking would be thus:

NEW BOOK

Book	ETP Holder	Display	Reserve
	T2	0	1000
	T3	500	500
	T4	100	100
	T5	0	500
	T1	100	900

Trade 2: Contra Order for 700

In contrast, a contra order for 1,400 shares with the NSX Book as outlined in New book under Trade 1 would show the difference between a reserve order and a zero display order. Using the snapshot identified under New Book in Trade 1, the 1,400 shares would be matched and executed against the display quantity of T3 (the first in time on displayed orders after the “refresh”) first, then the display quantity of T4 and finally the display quantity of T1, before being matched against the reserve quantity. With 700 shares left to be matched, the system will then match 100 against the undisplayed quantity of T2 (no displayed quantity, therefore defaulting to 100), 500 against the undisplayed quantity of T3 (because it previously displayed 500) and 100 against the undisplayed quantity of T4 (because it previously displayed 100). The new book after these transactions would be:

Book	ETP Holder	Display	Reserve
	T5	0	500
	T1	100	800
	T2	0	900
	T3	0	0
