(TX-Z242) KLEBERG, (TX-Z243) NUECES, (TX-Z244) SAN PATRICIO

01/01/08 00:00 CST 0 Drought 0 01/31/08 23:59 CST

Lack of significant rainfall beginning in October of 2007 led to moderate drought conditions developing in January of 2008 in La Salle, Webb, McMullen, Duval, Live Oak, Jim Wells, Bee, San Patricio, Nueces and Kleberg counties. (per the U.S. Drought Monitor: http://www.drought.unl.edu/dm/monitor.html).

The primary impact of this drought in January was a wildfire threat across South Texas.
