Beeville	11	1117CST			0	0		Flood
----------	----	---------	--	--	---	---	--	--------------

Tropical Storm Frances made landfall along the Texas Coastal Bend between Port Aransas and Rockport during the early morning of September 11 1998. Widespread coastal flooding occurred from Padre Island and Corpus Christi northward to Port OConnor. Heavy rainfall from Frances caused the rapid rises on areal rivers and creeks. Significant flash flooding was reported in Bee County. Numerous roadways, including a portion of U.S. Highway 59 west of Beeville, were closed due to flooding in Bee County.

Refugio County

Refugio	16	0815CST			0	0		Flash Flood
