FSA employees are working with local agency officials and others in the agricultural industry to assess the damage to farmland, crops and livestock to identify additional assistance needed. Producers with crop losses may qualify for benefits under FSA or NRCS Assistance Programs. For more details on this program see the [Fact Sheet on the Emergency Conservation Program](#), [Emergency Loans](#) and the [2005 - 2007 Crop Disaster Program](#).

Farmers and Ranchers with losses to crops and/or livestock should contact the following County FSA Offices to report damages and inquire about assistance.
