

interest in the study in November of 1993.

Significant issues identified include those items identified in the previous paragraph. A reconnaissance (interim) report was completed and coordinated in February of 1996. Since Federal, State, and local interests have been involved with initiation of the study, and adequate coordination is already being conducted, no new formal initial scoping meeting is scheduled. Additional scoping input from potentially affected interests is invited by this notice. It is expected that a Draft Feasibility Report and Draft Environmental Impact Statement will be made available to the public about April 1999. When the Draft reports are completed, the Draft Environmental Impact Statement will be filed with the U.S. Environmental Protection Agency and coordinated and reviewed under Federal Planning and the National Environmental Policy Act procedures. **FOR FURTHER INFORMATION CONTACT:** Tod Smith, 716-879-4175, U.S. Army Corps of Engineers, Buffalo District, Environmental Analysis Section, 1776 Niagara Street, Buffalo, New York 14207-3199.

**SUPPLEMENTARY INFORMATION:** None.

Dated: June 29, 1997.

## DEPARTMENT OF EDUCATION

### National Assessment Governing Board; Meeting

**AGENCY:** National Assessment Governing Board; Education.

**ACTION:** Notice of closed meeting.

**SUMMARY:** This notice sets forth the schedule and proposed agenda of a forthcoming closed meeting of the Subject Area Committee of the National Assessment Governing Board. This notice also describes the functions of the Board. Notice of this meeting is required under Section 10(a)(2) of the Federal Advisory Committee Act.

**DATES:** July 30, 1997.

**TIME:** 8:30 A.M.—5:00 P.M. (closed) (et).

**LOCATION:** Ritz Carlton Hotel, Pentagon City, 1250 South Hayes Street, Arlington, Virginia.

**FOR FURTHER INFORMATION CONTACT:** Mary Ann Wilmer, Operations Officer, National Assessment Governing Board, Suite 825, 800 North Capitol Street, NW., Washington, DC 20002-4233, Telephone: (202) 357-6938.

**SUPPLEMENTARY INFORMATION:** The National Assessment Governing Board is established under section 412 of the National Education Statistics Act of 1994 (Title IV of the Improving America's Schools Act of 1994), (Pub. L. 103-382).

The Board is established to formulate policy guidelines for the National Assessment of Educational Progress. The Board is responsible for selecting subject areas to be assessed, developing assessment objectives, identifying appropriate achievement goals for each grade and subject tested, and establishing standards and procedures for interstate and national comparisons.

The public is being given less than 15 days notice of this closed meeting because of summer schedules which made it difficult to find a date mutually agreeable to a quorum of the Committee.

On July 30, 1997 between the hours of 8:30 A.M. to 5:00 P.M. the Subject Area Committee of the National Assessment Governing Board will hold a closed meeting. The Committee will be reviewing items for the 1998 Civics assessment. This meeting must be conducted in closed session because references will be made to specific items from the assessment and premature disclosure of the information presented for review would be likely to significantly frustrate implementation of a proposed agency action. Such matters are protected by exemption (9)B of section 552b(c) of Title 5 U.S.C.

Summaries of the activities of this closed meeting and related matters, which are informative to the public and consistent with the policy of section 5 U.S.C. 552b(c), will be available to the public within 14 days of the meeting

Records are kept of all Board proceedings and are available for public inspection at the U.S. Department of Education, National Assessment Governing Board, Suite 825, 800 North Capitol Street, NW., Washington, DC, from 8:30 A.M. to 5:00 P.M.

**Roy Truby,**

*Executive Director.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP97-628-000]

#### Algonquin Gas Transmission Company; Notice of Request under Blanket Authorization

July 17, 1997.

Take notice that on July 10, 1997, Algonquin Gas Transmission Company (Algonquin), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP97-628-000 a request pursuant to §§ 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.211) for authorization to construct a delivery point in New York, under Algonquin's blanket certificate issued in Docket No. CP87-317-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Algonquin proposes to construct and install two 4-inch tap valves and 4-inch check valves on Algonquin's existing 26-inch mainline and 30-inch loop, at approximate Mile Post 99.1 in Somers, New York. ConEd will install, or cause to be installed approximately 900 feet of 3-inch pipeline which will extend from the meter station to the taps, and the facilities to house and support Algonquin's meter and EGM equipment. Algonquin states that it will provide natural gas deliveries to Consolidated Edison Company of New York, Inc. (ConEd), a local distribution company and existing Algonquin customer.

ConEd will reimburse Algonquin for 100% of the costs and expenses that it will incur for installing the facilities. Such costs and expenses are estimated to be approximately \$212,000, excluding an allowance for federal income taxes.

Algonquin states that the installation of the delivery point will have no effect on its peak day or annual deliveries, that its existing tariff does not prohibit the additional point, that deliveries will be accomplished without detriment or disadvantage to its other customers and that the total volumes delivered will not exceed total volumes authorized prior to this request.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a
