Title: Consolidated State Performance Report and State Self-Review.

Frequency: Annually.

Affected Public: State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 53.

Burden Hours: 207,514.

Abstract: This information collection package contains two related parts: the Consolidated State Performance Report and State Self-Review. The Elementary and Secondary Education Act (ESEA), in general, and its provision for submission of consolidated plans, in particular (see section 14302 of the ESEA), emphasize the importance of cross-program coordination and integration of federal programs into educational activities carried out with State and local funds. States would use both instruments for reporting on activities that occur during the 1999–2000 school year and, if the ESEA when reauthorized does not become effective for the 2000–2001 school year, for that year as well. The documents allow State and local officials and educators to see at one time the full scope of their general reporting (and corresponding data collection) responsibilities, and promotes the Department's interests in (1) receiving essential information on how States have implemented their approved consolidated State plans and (2) promoting the Department's ability to provide assistance to States on how they may be able to use federal funds most effectively. The State Self-Review would be completed by those States (approximately 18 per year) that are the object of an Office of Elementary and

Secondary Education integrated program review. The information States provide will complement their responses to the Consolidated Performance Report, but also will provide specific information on program implementation that is needed for an effective integrated review. The Department intends that, once the ESEA is reauthorized, it will work actively with the public to revise their content so that they support an integrated information collection system that responds to the new law and better reflects how federal programs help to promote State and local reform efforts.
