SUPPLEMENTARY INFORMATION:

Description of the Program

The School Dropout Prevention program, authorized under part H of title I of the Elementary and Secondary Education Act, as amended, supports effective, sustainable, and coordinated school dropout prevention and reentry programs in high schools with annual school dropout rates greater than the State average annual school dropout rate and in the middle schools that feed students into these high schools.

Each grant recipient must implement dropout prevention and reentry strategies that are scientifically based, are sustainable, and have been widely replicated. These strategies may include—

(1) Specific strategies for targeted purposes, such as—

(a) Effective early intervention programs designed to identify at-risk students;

(b) Effective programs serving at-risk students, including racial and ethnic minorities and pregnant and parenting teenagers, designed to prevent these students from dropping out of school; and

(c) Effective programs to identify youth who have already dropped out of school and encourage them to reenter school and complete their secondary education; and

(2) Approaches such as breaking larger schools into smaller learning communities and other comprehensive reform approaches, creating alternative school programs, and developing clear linkages from schools to career skills and employment.

Applications

We strongly encourage you to submit your application to us electronically. Submission of an electronic application involves the use of the Electronic Grant Application System (e-APPLICATION, formerly e-GAPS) portion of the Grant Administration and Payment System (GAPS). However, you may submit your application in paper format if you prefer.

You can access the electronic application for the School Dropout Prevention program at: <http://e-grants.ed.gov>.

Waiver of Proposed Rulemaking

Some of the procedures in these instructions for transmitting applications differ from those EDGAR (34 CFR 75.102). Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, these amendments make procedural changes only and do not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), the Secretary has determined that proposed rulemaking is not required.
