Abstract: The Early Childhood Longitudinal Study, Birth Cohort (ECLS-B) is a nationally representative longitudinal study of children born in the year 2001. Children are assessed using state of the art assessment tools, parents are interviewed as well as child care providers and school personnel. Together with the Kindergarten component of this early childhood studies program, the survey informs the research and general community about children's health, early learning, development and education experiences. The focus of this survey is on characteristics of children and their families that influence children's first experiences with the demands of formal schools as well as early health care and in- and out-of-home experiences.

DATES: *Applications Available:* June 3, 2005.

Deadline for Notice of Intent to Apply: June 23, 2005.

Dates of Pre-Application Meetings: The Department will conduct briefings on this competition via conference call to clarify the purposes of the program and the selection criteria and process at 11 a.m. on each of the following dates: Applicants for Regional Centers June 13 and 17; Applicants for Content Centers June 22 and 23. Please e-mail Enid Simmons at enid.simmons@ed.gov to register for a call date and time and obtain the conference call number and code.

Deadline for Transmittal of Applications: July 18, 2005.

Deadline for Intergovernmental Review: August 17, 2005.

Eligible Applicants: Research organizations, institutions, agencies, institutions of higher education, or partnerships among such entities, or individuals, with the demonstrated ability or capacity to carry out the activities described in this notice. An application from a consortium of eligible entities must include a consortium agreement. Letters of support do not meet the requirement for a consortium agreement.

Note: The Department will reject any application that does not meet these eligibility requirements.

Estimated Number of Awards: The Secretary intends to support 21 awards under this competition. Sixteen awards will support Regional comprehensive centers (Regional Centers) to serve States within defined geographic boundaries. The States and territories to be served by each Regional Center are described in this notice under *Absolute Priorities for Regional Centers*. Five awards will support Content

comprehensive centers (Content Centers), each having a specific content expertise and focus, to support the work of the Regional Centers. These five Content Centers are: the Center on Assessment and Accountability, the Center on Instruction, the Center on Teacher Quality, the Center on Innovation and Improvement, and the Center on High Schools. The functions and activities for each of the five Content Centers are described in this notice under *Absolute Priorities for Content Centers*.

Note: The Educational Technical Assistance Act of 2002 (TA Act) provides that the Secretary must ensure that not less than one Comprehensive Center is established in each of the 10 geographic regions served by the Regional Educational Laboratories. Note that these regions differ, in some instances, from the Regional Centers described in this notice. The Secretary will consider the location of the proposed Regional Centers in the selection and negotiation of cooperative agreements to ensure that this requirement of the law is met.

Estimated Available Funds: Eighteen of the 21 Centers proposed for funding under this competition will be supported entirely with funds from the Comprehensive Centers program, authorized under Title II of the TA Act. Three of the 21 centers will be supported with funds appropriated for the Comprehensive Centers program and the Special Education Technical Assistance and Dissemination program, which is authorized under the Individuals with Disabilities Education Act, as amended (IDEA).

The estimated available funds from the Comprehensive Centers program for FY 2005 is \$40 million. Of that amount, an estimated \$35 million will be used to fund Regional Centers and \$5 million will be used to fund the Content Centers. FY 2005 funds will support awards for the first budget period of the project, which is the first nine months of the project period. Funding for the subsequent 12-month budget periods for years two through five (FY 2006 through FY 2009) is contingent on appropriation levels. For FY 2006, the President's budget, if funded at the requested level, would provide approximately \$56.8 million for the Comprehensive Centers program.

The estimated total funds from the Special Education Technical Assistance and Dissemination program for FY 2005 is \$3 million to provide partial support for three of the Content Centers for the first budget period of the project.

Depending on appropriation levels, a total of up to \$3 million from the Special Education Technical Assistance
