ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed consent decree, to address a lawsuit filed by Kentuckians for the Commonwealth, Friends of the Chattahoochee and Sierra Club (collectively, "plaintiffs"); *Kentuckians for the Commonwealth, et al. v. Johnson*, No. 06CV00184 (RMU) (D. D.C.). Plaintiffs filed a complaint on February 2, 2006 and their First Amended Complaint on April 14, 2006, claiming that EPA had failed to perform non-discretionary duties under CAA section 111(b)(1)(B) to review and, if appropriate, revise the new source performance standards ("NSPS") for nonmetallic mineral processing plants (Subpart OOO) and for coal preparation plants (Subpart Y). Under the proposed consent decree, within 18 months from when the Court enters the consent decree, EPA would be required to sign, and promptly forward to the Office of Federal Register, one or a combination of the following for each NSPS: (a) A proposed or final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a proposed determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a proposed rule containing revisions to the NSPS. Within 30 months from when the Court

enters the consent decree, EPA would be required to sign and promptly forward to the Office of Federal Register one or a combination of the following for each NSPS: (a) A final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a final determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a final rule containing revisions to the NSPS.

I. Additional Information About the Proposed Consent Decree

Under the terms of the proposed consent decree, once the Court enters the decree EPA will begin its efforts involving NSPS Subparts OOO and Y to determine what is needed for each NSPS. Within eighteen (18) months of entry of the consent decree, the appropriate EPA official will sign and promptly forward to the Office of Federal Register one or a combination of the following for each NSPS: (a) A proposed or final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a proposed determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a proposed rule containing revisions to the NSPS.
