[Docket No. CP98-186-000]

K N Interstate Gas Transmission Company; Notice of Request Under Blanket Authorization

January 23, 1998.

Take notice that on January 15, 1998, K N Interstate Gas Transmission Company (K N Interstate), Post Office Box 281304, Lakewood, Colorado 80228, filed in Docket No. CP98-186-000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to install and operate two new delivery taps and appurtenant facilities, to accommodate deliveries to K N Energy, Inc. (K N Energy). K N Interstate make such request under its blanket certificate issued in Docket Nos. CP83-140-000 and CP83-140-001 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request on file with the Commission and open to public inspection.

K N Interstate avers that K N Energy, a local distribution company, has requested the addition of new delivery points under K N Energy's existing transportation service agreement with K N Interstate. Specifically, K N Interstate proposes to install:

1. A delivery point in Grant County, Kansas at an estimated cost of \$29,000—to serve an irrigation customer. The quantities of gas to be delivered through that proposed point will be approximately 4,800 Mcf on a peak day and 158,400 Mcf annually, and

2. A delivery point in Deuel County, Nebraska at an estimated cost of \$20,000—to serve a commercial customer. The quantities of gas to be delivered through that proposed point will be approximately 24 Mcf on a peak day and 1,440 Mcf annually.

K N Interstate states that it provides open-access transportation services, pursuant to a certificate issued by the Commission in Docket No. CP89-1043-000, and the Commission's Regulations found at 18 CFR Part 284. It is stated that since the delivery volumes are within the current maximum transportation quantities set forth in K N Interstate's transportation service agreement with K N Energy, that the addition of the proposed delivery points will not have any adverse impact, on a daily or annual basis upon K N Interstate's existing customers.

It is further stated that the addition of the proposed delivery points would

provide K N Interstate with additional outlets for natural gas transported through its system and would provide K N Energy with the opportunity to serve additional direct retail sales customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.

Koch Gateway Pipeline Company; Notice of Request Under Blanket Authorization

January 23, 1998.

Take notice that on January 16, 1998, Koch Gateway Pipeline Company (Koch Gateway), P.O. Box 1478, Houston, Texas 77251-1478, filed in Docket No. CP98-190-000 a request pursuant to §§ 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.216) for approval to abandon by removal a 2-inch delivery tap and riser, under the blanket certificate issued in Docket No. CP82-430-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Koch Gateway proposes to abandon by removal a 2-inch tap and riser that formerly served the Horseshoe Lake Road town border station on behalf of Louisiana Gas Services (LGS), a local distribution company in Ouachita Parish, Louisiana. LGS no longer requires gas service at this point because it has extended its own distribution system to reach customers in this area.
