[I.D. 122004A]

Pacific Fishery Management Council; Coastal Pelagic Species Fishery Management Plan Work Sessions Focused on Pacific Sardine Allocation.

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Coastal Pelagic Species Management Team (CPSMT) will hold a work session, which is open to the public.

DATES: The CPSMT will meet Tuesday, January 11, 2005, from 9 a.m. to 5 p.m. and Wednesday, January 12, 2005, from 9 a.m. until business for the day is completed.

ADDRESSES: The meetings will be held at National Marine Fisheries Service, Southwest Fisheries Science Center, Large Conference Room (D-203), 8604 La Jolla Shores Drive, La Jolla, California 92037, (858) 546-7000
Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Burner, Pacific Fishery Management Council, (503) 820-2280.

SUPPLEMENTARY INFORMATION: The CPSMT will meet to discuss analysis of alternative management measures for annual allocation of the Pacific sardine harvest guideline. This work will result in development of Amendment 11 to the Coastal Pelagic Species (CPS) Fishery Management Plan (FMP). The goal is for the Council to take final action on FMP Amendment 11 at the June 2005 Council meeting, with implementation by the National Marine Fisheries Service in time for the start of the January 2006 Pacific sardine season.

The main purpose of the meeting will be to initiate analysis of sardine allocation alternatives, including organization of analytical documents, drafting assignments, and schedule for completion of the documents. The CPSMT will also discuss initial preparations for development of the 2005 CPS Stock Assessment and Fishery Evaluation (SAFE) document.

At their November 2004 meeting, the Council adopted for analysis several alternatives for annual allocation of the Pacific sardine harvest guideline. The

Council also adopted a series of program objectives that were recommended by the Council's Coastal Pelagic Species Advisory Subpanel. For the analysis, the Council gave specific direction to the CPSMT:

- Analyze each alternative in a consistent manner;
- Review differential impacts on northern and southern sectors for each alternative;
- Review effects of high and low catch years by sector for each alternative;
- Review resulting effects at various harvest guideline (HG) levels ranging from 25,000 mt- 200,000 mt (at appropriate intervals) for each alternative; and
- At the discretion of the CPSMT, combine aspects of the various alternatives to create new alternatives that meet program objectives.

Program objectives and specific alternatives adopted for analysis are available from the Council. See the Winter 2004 Edition of the Pacific Council News, on-line at: <http://www.pccouncil.org/newsletters/2004/winter04.pdf>. This information is also available upon request from Council staff, please contact Mr. Mike Burner.

Please note that this is a public meeting, and time for public comment will be provided at the discretion of the committee chairmen. Generally, a public comment period will be provided just prior to the end of each day's session. Please note, this is not a public hearing, rather this is a work session for the purpose of analyzing management alternatives for Pacific sardine allocation.

Although nonemergency issues not contained in the meeting agenda may come before the CPSMT for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the CPSMT's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: This program supports local efforts to enhance the oral language, cognitive, and early reading skills of preschool-age children especially those from low-income families, through strategies, materials, and professional development that are grounded in scientifically based reading research.

Priorities: Under this competition we are particularly interested in applications that address the following invitational and competitive priorities.

Invitational Priorities: For FY 2005 these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Intensity

The Secretary is especially interested in preschool programs that operate full-time, full-year early childhood educational programs, at a minimum of 6.5 hours per day, 5 days per week, 46 weeks per year, and that serve children for the two consecutive years prior to their entry into kindergarten.

Scientifically based research on increasing the effectiveness of early childhood education programs serving children from low-income families tells us that children attending such programs that have a greater intensity of service make higher and more persistent gains in the language and cognitive domains than children who attend early childhood programs that have lesser intensity of service. In other words, children who spend more time in high-quality early childhood education programs learn more than children who spend less time in those programs. The purpose of Invitational Priority 1 is to encourage preschool programs supported with Early Reading First (ERF) funds to provide services that are of a sufficient duration and intensity to maximize language and early literacy gains for children enrolled in those programs.

Invitational Priority 2—Children From Low-Income Families

The Secretary is especially interested in projects in which, in all preschool centers supported by the Early Reading First funds, at least 75 percent of the children enrolled in the preschool qualify to receive free or reduced priced lunches; or at least 75 percent of the children enrolled in the elementary school in the school attendance area in

which that center is located qualify to receive free or reduced priced lunches.

One of the statutory purposes of the Early Reading First program is to enhance the early language, literacy, and early reading development of preschool-age children, particularly those from low-income families. This invitational priority is intended to increase the likelihood that preschool programs supported with Early Reading First funds serve children primarily from low-income families.

Competitive Preference Priority: In accordance with 34 CFR 75.105(b)(2)(ii), this priority is from § 75.225 of the Education Department General Administrative Regulations (EDGAR), which apply to this program (34 CFR 75.225).

Competitive Preference Priority—Novice Applicant

For FY 2005 this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i) we award an additional five (5) points to a pre-application and an additional five (5) points to a full application meeting this competitive priority.

This priority is:

Novice Applicant

The applicant must be a “novice applicant” as defined in 34 CFR 75.225.

Program Authority: 20 U.S.C. 6371–6376.

Applicable Regulations: EDGAR in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99 as applicable.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

DEPARTMENT OF EDUCATION

Federal Pell Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs

AGENCY: Federal Student Aid, Department of Education.

ACTION: Notice of revision of the Federal Need Analysis Methodology for the 2005-2006 award year.

SUMMARY: The Secretary of Education announces the updates to the state tax tables that will be used in the statutory "Federal Need Analysis Methodology" to determine a student's expected family contribution (EFC) for award year 2005-2006 under part F of title IV of the Higher Education Act of 1965 (HEA), as amended (Title IV, HEA Programs). An EFC is the amount a student and his or her family may reasonably be expected to contribute toward the student's postsecondary educational costs for purposes of determining financial aid eligibility. The Title IV, HEA Programs include the Federal Pell Grant, campus-based (Federal Perkins Loan, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs), Federal Family Education Loan, and William D. Ford Federal Direct Loan Programs.

FOR FURTHER INFORMATION CONTACT: Ms. Marya Dennis, Management and Program Analyst, U.S. Department of Education, Union Center Plaza, 830 First Street, NE., Washington, DC 20202. Telephone: (202) 377-3385. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotope or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION: Part F of title IV of the HEA specifies the criteria, data elements, calculations, and tables used in the Federal Need Analysis Methodology EFC calculations.

Section 478 of part F of the HEA requires the Secretary to adjust four of the tables—the Income Protection Allowance, the Adjusted Net Worth of a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates—each award year

to take into account inflation. The changes are based, in general, upon increases in the Consumer Price Index. The Secretary published these adjusted tables in the **Federal Register** on June 17, 2004. See 69 FR 33890.

Section 478(g) of part F of the HEA further directs the Secretary to update the tables for State and other taxes after reviewing the Department of Treasury's Statistics of Income file data maintained by the Internal Revenue Service. The Secretary delayed publication of these tables in order to complete a thorough review of the available information from the Statistics of Income file data maintained by the Internal Revenue Service. Also, a provision in the Consolidated Appropriations Act, 2004 (Pub. L. 108-199), directed the Advisory Committee on Student Financial Assistance to examine the efficiency, effectiveness and fairness of the current procedures to update formula offsets and allowances. The Secretary considered the preliminary findings of the Advisory Committee's analysis as he reviewed the Statistics of Income file data.

Finally, section 482 of part F of the HEA requires the Secretary to publish the annual Federal Need Analysis Methodology updates by June 1. On June 16, 2004, also as required by section 482 of part F of the HEA, the Secretary informed the Chairmen and Ranking Members of the House Education and Workforce and Senate Health, Education, Labor, and Pensions Committees that the Department did not meet this deadline.

The State tax table information for 2005-2006 is as follows:

Allowance for State and Other Taxes. The allowance for State and other taxes protects a portion of the parents' and students' income from being considered available for postsecondary educational expenses. There are four tables for State and other taxes, one each for parents of dependent students, independent students with dependents other than a spouse, dependent students, and independent students without dependents other than a spouse.
