Description of Program

Part B of Title VII of the Elementary and Secondary Education Act of 1965, as amended (the Act), authorizes the Foreign Language Assistance Grants program. Appropriations for this program are authorized by section 7206 of the Act. Applicants should note that section 7203(c)(1) provides that the Federal share of the cost of activities assisted under this part for each fiscal year is 50 percent. Section 7203(c)(3) of the Act provides that at least 75 percent

of the funds appropriated under section 7206 must be used for the expansion of foreign language learning in elementary grades. The Secretary does not fund projects that propose Native American languages.

Priority

Under 34 CFR 75.105(b)(2)(iv) and (c)(2)(i) and section 7204(b) of the Act (20 U.S.C. 7514(b)), the Secretary gives preference to applications that meet the following competitive priority. The Secretary awards three points depending on how well an application meets this competitive priority. These points would be in addition to any points the application earns under the selection criteria for the program.

**Competitive Preference Priority—
Special Considerations (3 Points)**

Projects that propose to carry out one or more of the following activities: (1) intensive summer foreign language programs for professional development; (2) linking non-native English speakers in the community with the schools in order to promote two-way language learning; or (3) promoting the sequential study of a foreign language, beginning in elementary schools.

Selection Criteria

(a)(1) The Secretary uses the following selection criteria under 34 CFR 75.209 and 75.210 and section 7203 of the Act to evaluate applications for the new grants under this competition.

Intergovernmental Review of Federal Programs

This program is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local

processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive order 12372. Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each State under the Executive order. If you want to know the name and address of any State Single Point of Contact, see the list published in the **Federal Register** on November 3, 1998 (63 FR 59452 through 59455).

In States that have not established a process or chosen a program for review, State, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in this notice to the following address: The Secretary, E.O. 12372—CFDA# 84.293C, U.S. Department of Education, Room 6213, 600 Independence Avenue, SW, Washington, D.C. 20202-0124.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern time) on the date indicated in this notice.

Please note that the above address is not the same address as the one to which the applicants submits its completed application. *Do not send applications to the above address.*

In this case, the applicant organization, by the signature on the application, is declaring that it will comply with 34 CFR 97 within 30 days of a specific formal request from the designated ED official.

For additional instructions regarding proposals that involve human subjects research see, "PROTECTION OF HUMAN SUBJECTS IN RESEARCH" attached to this form.

12. **Project Title.** Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.
13. **Estimated Funding.** Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 13.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH (Attachment to ED 424)

I. Instructions to Applicants if Research Activities Involving Human Subjects are Planned

If you marked item 11 on the application "Yes" and designated exemptions from the human subjects regulations, provide sufficient information in the application to allow a determination that the designated exemptions are appropriate. Research involving human subjects that is exempt from the regulations is discussed under II.B. "Exemptions," below.

If you marked "Yes" to item 11 on the Face Page, and designated no exemptions from the regulations, address the following six points. In addition, if research involving human subjects will take place at collaborating site(s) or other performance site(s), provide this information before discussing the six points. Although no specific page limitation applies to this section of the application, be succinct. Be sure to provide this information on a separate page(s) entitled "Protection of Human Subjects Attachment."

(1) Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

II. Information on Research Activities Involving Human Subjects

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Is it a research activity?

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Is it a human subject?

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. *If the subjects are children, this exemption applies only to research involving educational tests or observations of pub-*

lic behavior when the investigator(s) do not participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

PUBLIC LAW 103-382—OCT. 20, 1994

108 STAT. 3737

“PART B—FOREIGN LANGUAGE ASSISTANCE PROGRAM

Foreign
Language
Assistance Act
of 1994.
20 USC 7511.

“SEC. 7201. SHORT TITLE.

“This part may be cited as the ‘Foreign Language Assistance Act of 1994’.

“SEC. 7202. FINDINGS.

20 USC 7512.

“The Congress finds as follows:

“(1) Foreign language proficiency is crucial to our Nation’s economic competitiveness and national security. Significant improvement in the quantity and quality of foreign language instruction offered in our Nation’s elementary and secondary schools is necessary.

“(2) All Americans need a global perspective. To understand the world around us, we must acquaint ourselves with the languages, cultures, and history of other nations.

“(3) Proficiency in two or more languages should be promoted for all American students. Multilingualism enhances cognitive and social growth, competitiveness in the global marketplace, national security, and understanding of diverse people and cultures.

“(4) The United States lags behind other developed countries in offering foreign language study to elementary and secondary school students.

“(5) Four out of five new jobs in the United States are created from foreign trade.

“(6) The optimum time to begin learning a second language is in elementary school, when children have the ability to learn and excel in several foreign language acquisition skills, including pronunciation, and when children are most open to appreciating and valuing a culture other than their own.

“(7) Foreign language study can increase childrens’ capacity for critical and creative thinking skills and children who study a second language show greater cognitive development in areas such as mental flexibility, creativity, tolerance, and higher order thinking skills.

“(8) Children who have studied a foreign language in elementary school achieve expected gains and score higher on standardized tests of reading, language arts, and mathematics than children who have not studied a foreign language.

“SEC. 7203. PROGRAM AUTHORIZED.

20 USC 7513.

“(a) PROGRAM AUTHORITY.—

“(1) IN GENERAL.—The Secretary shall make grants, on a competitive basis, to State educational agencies or local educational agencies to pay the Federal share of the cost of innovative model programs providing for the establishment, improvement or expansion of foreign language study for elementary and secondary school students.

“(2) DURATION.—Each grant under paragraph (1) shall be awarded for a period of three years.

108 STAT. 3738

PUBLIC LAW 103-382—OCT. 20, 1994

“(b) REQUIREMENTS.—

“(1) GRANTS TO STATE EDUCATIONAL AGENCIES.—In awarding a grant under subsection (a) to a State educational agency, the Secretary shall support programs that promote systemic approaches to improving foreign language learning in the State.

“(2) GRANTS TO LOCAL EDUCATIONAL AGENCIES.—In awarding a grant under subsection (a) to a local educational agency, the Secretary shall support programs that—

“(A) show the promise of being continued beyond the grant period;

“(B) demonstrate approaches that can be disseminated and duplicated in other local educational agencies; and

“(C) may include a professional development component.

“(c) FEDERAL SHARE.—

“(1) IN GENERAL.—The Federal share for each fiscal year shall be 50 percent.

“(2) WAIVER.—The Secretary may waive the requirement of paragraph (1) for any local educational agency which the Secretary determines does not have adequate resources to pay the non-Federal share of the cost of the activities assisted under this part.

“(3) SPECIAL RULE.—Not less than three-fourths of the funds appropriated under section 7206 shall be used for the expansion of foreign language learning in the elementary grades.

“(4) RESERVATION.—The Secretary may reserve not more than 5 percent of funds appropriated under section 7206 to evaluate the efficacy of programs under this part.

20 USC 7514.

“SEC. 7204. APPLICATIONS.

“(a) IN GENERAL.—Any State educational agency or local educational agency desiring a grant under this part shall submit an application to the Secretary at such time, in such form, and containing such information and assurances as the Secretary may require.

“(b) SPECIAL CONSIDERATION.—The Secretary shall give special consideration to applications describing programs that—

“(1) include intensive summer foreign language programs for professional development;

“(2) link non-native English speakers in the community with the schools in order to promote two-way language learning;
or

“(3) promote the sequential study of a foreign language for students, beginning in elementary schools.

**FOREIGN LANGUAGE ASSISTANCE PROGRAM
GRANTS TO STATE EDUCATIONAL AGENCIES**
(Program Questions and Answers)

- Q. How can State educational agencies support programs that promote systemic approaches to improving foreign language learning in the States?**
- A. Activities may include staff development, curriculum development, development of State standards and appropriate assessment strategies, and use of instructional technology to improve foreign language learning in the State.
- Q. How will the Secretary comply with the statutory requirement, set out in Section 7204 (b) of the Elementary and Secondary Education Act, to give special consideration to applications that describe programs that (1) include intensive summer foreign language programs for professional development; (2) link non-native English speakers in the community; or (3) promote the sequential study of a foreign language for students, beginning in elementary schools.**
- A. The Secretary has established a competitive priority to comply with this statutory requirement. Under that priority, the Secretary awards three additional points to applications that propose to carry out one or more of the activities specified in Section 7204 (b) of the Act in a particularly effective way. These points would be in addition to any points the application earns under the Selection Criteria. This priority is set out in full in the Application Notice.
- Q. How can an applicant promote two-way language learning?**
- A. Two-way language learning is promoted through encouraging interaction between non-native English speakers and foreign language learners in an instructional setting for purposes of facilitating foreign language acquisition. Although improvement of the English language skills of non-native English speakers is a desirable ancillary benefit of a project that utilizes two-way language learning, the primary focus of projects funded under the Foreign Language Assistance program must be on foreign language learning. As a consequence, funds received under the Foreign Language Assistance program should not be used to fund English language instruction.
- Q. What is the definition of “elementary school” or “secondary school”?**
- A. The definitions of these two terms are set out in 34 CFR 77.1(c). The term “elementary school” means: “a day or residential school that provides elementary education, as determined under State law.” The term “secondary school” means: “a day or residential school that provides secondary education as determined under State law. In the absence of State law, the Secretary may determine, with respect to that State, whether the term

includes education beyond the twelfth grade.”

Q. What is the State or LEA’s share of costs for the Foreign Language Assistance program for each fiscal year?

A. The State or LEA’s share is 50 percent. However, a waiver may be granted for an LEA if the Secretary determines that the LEA does not have adequate resources to pay the non-Federal share of the cost of the activities. (Section 7203 (c), 20 U.S.C. 7513(c)). The Education Department General Administrative Regulations, at 34 CFR 80.24, also addresses Federal Cost sharing requirements.

Q. What is the ultimate goal of effective foreign language education programs?

A. The ultimate goal of effective foreign language education programs is to develop communicative competency in a foreign language. The Secretary interprets “communicative competency” to mean the ability to communicate in meaningful and effective ways in a foreign language.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transactions

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transactions be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the

department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion -- Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

OMB Control No. 1801-0004 (Exp. 8/31/2001)

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single

narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

The time required to complete this information collection is estimated to vary from 1 to 3 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651.**
