The Acting Deputy Chief Information Officer, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Type of Review: New.

Title: Streamlined Process for the Education Department General Administrative Regulations (EDGAR) Approved Grant Applications.

Abstract: Since April 1997, EDGAR's menu of selection criteria became effective. For each competition, the Secretary would select one or more criteria that best enable the Department to identify the highest quality applications consistent with the program purpose, statutory requirements, and any priorities established. This allowed the Secretary the flexibility to weigh the criteria according to the needs of each individual program. This menu of selection criteria will provide the Department the flexibility to choose a set of criteria tailored to a given competition and obviate the need to create specific selection criteria through individual program regulations. ED is requesting a streamlined process for programs of approved applications who choose to change: (1) criteria from the same EDGAR menu, (2) old EDGAR to new EDGAR criteria, or (3) program criteria to EDGAR criteria.

Additional Information: ED is requesting an emergency clearance by February 9, 1998. This will allow programs to make the appropriate criteria changes without further delaying the grant process and provide sufficient time for applicants to complete their applications. Without this emergency request, applicants

would not receive their awards in time which could result in public harm.

Frequency: Annually.

Affected Public: Businesses or other for-profits; Not-for-profit institutions; State, Local or Tribal Gov't, SEAs or LEAs.
