Governor

February 26, 2009

The Honorable Steven Chu  
Secretary  
U.S. Department of Energy  
1000 Independence Avenue, S.W.  
Washington, D.C. 20585

**Re: State Energy Program Assurances**

Dear Secretary Chu:

As a condition of receiving our State's share of the \$3.1 billion funding for the State Energy Program (SEP) under the American Recovery and Renewal Act of 2009 (H.R.1) (ARRA), I am providing the following assurances. I have written to our public utilities commission and requested that they consider additional actions to promote energy efficiency, consistent with the Federal statutory language contained in H.R. 1 and their obligations to maintain just and reasonable rates, while protecting the public. I have also written to the State Legislature and requested that they consider actions to improve building energy codes, consistent with State law and State Constitutional requirements, and to consider the statutory language contained in ARRA.

We are prioritizing our energy investments to take advantage of existing programs and expand programs where appropriate.

Our State is committed to a robust improvement in energy efficiency and renewable energy, as well as a balanced State energy policy. I want to assure you that, within the limits of my authority, we will move forward in these critical areas.

We look forward to immediate distribution of the Federal SEP funds to permit my State to make progress in energy efficiency and renewable energy.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Donald L. Carcieri".

Donald L. Carcieri
