The Honorable Jim Doyle
Governor of Wisconsin
State Capitol, Room 115 East
Madison, WI 53702

Dear Governor Doyle:

I have received your letter dated February 24, 2009, requesting that the Public Service Commission of Wisconsin (Commission) consider additional actions to promote energy efficiency, consistent with the State Energy Program under the American Recovery and Renewal Act of 2009 (H.R. 1) and the Commission's obligations to maintain just and reasonable rates while protecting the public. I write to assure you that the Commission will take the appropriate steps under H.R. 1. In fact, consistent with that provision, the Commission has approved a revenue decoupling mechanism in a recent utility rate case, Commission Docket No. 6690-UR-119, and is conducting a generic docket on revenue decoupling in Docket No. 05-UI-114.

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric Callisto', written over a white background.
