

U.S. DEPARTMENT OF HOMELAND SECURITY

FY 2009 Overview:

Transit Security Grant Program (TSGP)

Freight Rail Security Grant Program (FRSGP)

Intercity Passenger Rail Program (Amtrak)

Port Security Grant Program (PSGP)

Intercity Bus Security Grant Program (IBSGP)

Trucking Security Program (TSP)

Interoperable Emergency Communications Grant Program (IECGP)

Emergency Operations Center (EOC) Grant Program

Driver's License Security Grant Program (DLSGP)

Buffer Zone Protection Program (BZPP)

April 8, 2009

Grant Programs Directorate

Transportation Infrastructure Security Programs Overview

The DHS transportation infrastructure security programs are designed to strengthen the nation's ability to protect critical infrastructure facilities and transit systems. There are six different grant programs:

- Transit Security Grant Program (TSGP)
 - Freight Rail Security Grant Program (FRSGP)
 - Intercity Passenger Rail (Amtrak)
- Port Security Grant Program (PSGP)
- Intercity Bus Security Grant Program (IBSGP)
- Trucking Security Program (TSP)

Together, these grants fund a range of preparedness activities, including strengthening infrastructure against explosive attacks, preparedness, planning, equipment purchase, training, exercises, security management and administration costs. Transportation infrastructure security grants support objectives outlined in post-9/11 laws, strategy documents, plans, Executive Orders, Homeland Security Presidential Directives, the National Preparedness Guidelines and associated work products, including the National Infrastructure Protection Plan (NIPP) and its transportation sector-specific plans and Executive Order 13416 (Strengthening Surface Transportation Security).

The FY 2009 transportation infrastructure security programs contain significant improvements based upon extensive outreach to stakeholders. In addition, the risk assessments that form the basis for eligibility under these programs were slightly refined to conform to the final provisions of the 9/11 Act.

Applications for these programs were due in late January. Additionally, some transportation infrastructure security grants will be executed as cooperative agreements which allows for more collaboration between DHS and the applicants in refining funding proposals. DHS also created multiple opportunities for applicants to consult with the department's grant program and subject matter experts during the review process and prior to the announcement of awards.

Transportation Infrastructure Security Programs FY 2008 and FY 2009 Final Allocations

Program	FY 2008	FY 2009
Transit Security Grant Program*	\$388,600,000	\$388,600,000
Freight Rail Security Grant Program	\$7,491,429	\$15,000,000
Intercity Passenger Rail (Amtrak)	\$25,000,000	\$25,000,000
Port Security Grant Program	\$388,600,000	\$388,600,000
Intercity Bus Security Grant Program	\$11,172,250	\$11,658,000
Trucking Security Program	\$15,544,000	\$2,224,750**
TOTAL	\$803,916,250	\$791,082,750

* The Freight Rail Security Grant Program and Intercity Passenger Rail (Amtrak) program are components of the Transit Security Grant Program

** DHS did not receive enough applications to fully utilize allocated funding in this program through the initial solicitation.

Transit Security Grant Program (TSGP)

Total Funding Awarded in FY 2009: \$348,600,000¹

Purpose: The TSGP provides grant funding to the nation's key high-threat urban areas to enhance security measures for their critical transit infrastructure including bus, ferry and rail systems.

Eligible Applicants: Transit agencies eligible for FY 2009 TSGP funding were identified using a comprehensive, empirically-grounded risk analysis model. The risk methodology for the TSGP is consistent across modes and is linked to the risk methodology used to determine eligibility for the core DHS state and local grant programs. TSGP basic eligibility was derived from the Urban Areas Security Initiative (UASI).

Certain ferry systems were eligible to participate in the FY 2009 TSGP and receive funds under the Tier I cooperative agreement process. However, any ferry system that elected to participate and receive funds under the FY 2009 TSGP could not participate in the FY 2009 Port Security Grant Program (PSGP), and was not considered for funding under the FY 2009 PSGP. Likewise, any ferry system that participates in PSGP was not considered for funding under TSGP.

Program Awards: Tier I regions were eligible to apply for the identified risk-based funding allocation for rail, ferry and intracity bus. Tier II agencies competed for \$36.6 million of available rail and intracity bus funding

Freight Rail Security Grant Program (FRSGP)

Total Funding Awarded in FY 2009: \$15,000,000

Purpose: In FY 2009, the FRSGP will fund security training for frontline employees, the completion of vulnerability assessments, the development of security plans within the freight rail industry and GPS tracking systems for railroad cars transporting toxic inhalation hazard materials (TIH).

Eligible Applicants: Eligible applicants were divided into groups based on the types of projects they could apply for: Class I, II and III railroad carriers, and owners of railroad cars transporting TIH. Eligible railroad carriers could ONLY request funding for security awareness, emergency response training for railroad frontline employees and the completion of vulnerability assessments and security plans.

Program Awards: Applicants were selected through a competitive process based on their ability to deliver training, develop security plans and vulnerability assessments, and proposals to install Global Positioning Tracking (GPS) on rail cars carrying TIH.

¹ The FY 2009 Budget provides a total of \$388,600,000 available for the TSGP. A set aside of \$25 million has been made for Amtrak, and \$15 million is available for the Freight Rail Security Grant Program.

Intercity Passenger Rail Program (Amtrak)

Total Funding Awarded in FY 2009: \$25,000,000

Purpose: The purpose of the FY 2009 Intercity Passenger Rail Program is to create a sustainable, risk-based effort to protect critical surface transportation infrastructure and the traveling public from acts of terrorism, major disasters and other emergencies within the Amtrak rail system.

Eligible Applicants: Amtrak was the only agency eligible to apply for Intercity Passenger Rail program funds.

Program Awards: Amtrak will receive an award of \$25,000,000.

Port Security Grant Program (PSGP)

Total Funding Awarded in FY 2009: \$388,600,000

Purpose: The PSGP provides grant funding to port areas for the protection of critical port infrastructure from terrorism. PSGP funds are primarily intended to assist ports in enhancing maritime domain awareness, enhancing risk management capabilities to prevent, detect, respond to and recover from attacks involving improvised explosive devices (IEDs), weapons of mass destruction (WMDs) and other non-conventional weapons, as well as training and exercises and Transportation Worker Identification Credential (TWIC) implementation.

Eligible Applicants: Seven port areas were selected as Group I (highest risk) and 48 port areas were selected as Group II. Ports not identified in Group I or II were eligible to apply as a Group III or "All Other Port Areas" applicant. Under a fifth group eligible ferry systems could also apply for funding. "All Other Port Areas" within Group I, II or III are allowed to receive grant funds from their geographically proximate higher group if the project has regional impact across the entire port area, but not from both funding groups for the same project. Eligible ferry systems identified in the FY 2009 Transit Security Grant Program (TSGP) Guidance that elected to participate and receive funds under the FY 2009 TSGP could not participate in the PSGP.

Program Awards: Each Group I and Group II port area was designated a specific amount of money based upon the FY 2009 risk analysis. Group III, and "All Other Port Areas" and ferry systems competed for the funding identified in their corresponding group. Newly identified Group II port areas that chose to opt out of the Fiduciary Agent process competed for funding among the Group III or All Other Port Areas.

Intercity Bus Security Grant Program (IBSGP)

Total Funding Awarded in FY 2009: \$11,658,000

Purpose: The IBSGP provides funding to create a sustainable program for the protection of intercity bus systems and the traveling public from terrorism. The program seeks to assist operators of fixed-route intercity and charter bus services in obtaining the resources required to support security measures such as enhanced planning, facility security upgrades and vehicle and driver protection.

Eligible Applicants: The only eligible grantees for the FY 2009 IBSGP were private operators providing fixed-route or charter transportation by an over-the-road bus servicing an Urban Area Security Initiative (UASI) jurisdiction. Charter companies must make a minimum of 50 trips annually to one or more UASI jurisdictions to be eligible. Companies with 250 or more over-the-road buses in operation and providing the highest volume of services to high-risk urban areas were placed in Tier I. All other applicants that met the minimum eligibility requirements were placed in Tier II.

Program Awards: Bus companies competed for funds within their designated tiers.

Trucking Security Program (TSP)

Total Funding Awarded in FY 2009: The FY 2009 TSP provides \$7,772,000. DHS did not receive enough applications to fully fund this program through the initial solicitation.

Purpose: The FY 2009 TSP funding will be awarded to eligible applicants to implement security improvement measures and policies deemed valuable by DHS as indicated in the [Security Action Items](#) publication of June 26, 2008. These items are primarily focused on the purchase and installation or enhancement of equipment and systems related to tractor and trailer tracking systems. Additionally, the TSP provides funding to develop a system for DHS to monitor, collect and analyze tracking information; and develop plans to improve the effectiveness of transportation and distribution of supplies and commodities during catastrophic events.

Eligible Applicants: Eligibility for funding under the Security Action Item Implementation priority was limited to applicants who have a current security plan subject to Title 49 CFR 172.800 Transport Tier I Commodities as defined by TSA through the issuance of Highway Security-Sensitive Materials (HSSM) Security Action Items. Eligible applicants were placed into one of two tiers: Tier I consisting of eligible applicants that have 11 or more tractors or Tier II, consisting of eligible applicants that have 10 or less tractors. There were no restrictions on the eligibility for the monitoring and planning priority of TSP. These applicants were required to demonstrate that they have the financial and resource capabilities to successfully address the Security Action Implementation and Monitoring and Planning priorities.

Program Awards: A national review panel consisting of subject matter experts from federal agencies reviewed and assessed applications based on feasibility, timelines and sustainability. Funds in the amount of \$2,224,750 are announced at this time.

Additional Programs Overview

In addition to the FY 2009 transportation infrastructure security programs, FEMA is announcing awards for additional programs to support its mission:

- Interoperable Emergency Communications Grant Program (IECGP)
- Emergency Operations Centers (EOC)
- Driver's License Security Grant Program (DLSGP)
- Buffer Zone Protection Program (BZPP)

Interoperable Emergency Communications Grant Program (IECGP)

Total Funding Awarded in FY 2009: \$48,575,000

Purpose: IECGP provides governance, planning, training and exercise and equipment funding to states, territories and local and tribal governments to carry out initiatives to improve interoperable emergency communications, including communications in collective response to natural disasters, acts of terrorism and other man-made disasters. According to the legislation that created IECGP, all proposed activities must be integral to interoperable emergency communications and must be aligned with the goals, objectives and initiatives identified in the grantee's approved Statewide Communication Interoperability Plans (SCIP). IECGP also advances DHS near-term priorities that are deemed critical to improving interoperable emergency communications and are consistent with goals and objectives of the National Emergency Communications Plan. For FY 2009, two priority groups were identified that were deemed critical for advancing interoperable emergency communications in alignment with the criteria established for the SCIP process: 1) Gaps in Leadership and Governance and Common Operational Planning and Protocols; and 2) Emergency Responder Skills and Capabilities Development through Training and Exercises.

Eligible Applicants: The governor of each state and territory designated a State Administrative Agency (SAA) to apply for and administer the funds under IECGP. The SAA was the only agency eligible to apply for IECGP funds.

Program Awards: FY 2009 IECGP funds will be allocated based on risk and statutory minimums, per the 9/11 Act. All 50 states, the District of Columbia and Puerto Rico will receive a minimum of 0.50 percent of the total funds allocated. Four territories (American Samoa, the Commonwealth of the Northern Mariana Islands, Guam and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated.

Emergency Operations Center (EOC) Grant Program

Total Funding Awarded in FY 2009: \$33,002,500

Purpose: The purpose of the FY 2009 EOC Grant Program is to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure and interoperable EOCs with a focus on addressing identified deficiencies and needs. This program provides funding for construction or renovation of a state, local or tribal governments' principal EOC. Fully capable emergency operations facilities at the state and local levels are an essential element of a comprehensive national emergency management system and are necessary to ensure continuity of operations and continuity of government in major disasters caused by any hazard.

Eligible Applicants: The governor of each state and territory designated a State Administrative Agency (SAA) to apply for and administer the funds awarded under the EOC Grant Program. The SAA was the only eligible entity able to apply for the available funding on behalf of eligible state, local, and tribal EOCs.

Program Awards: The total amount of funding allocated for the FY 2009 EOC Grant Program under the *Consolidated Security, Disaster Assistance and Continuing Appropriations Act, 2009* (Public Law 110-329) is \$34,002,500. Of that amount, \$21,645,000 was appropriated for designated state and local EOC projects throughout the nation.

The remaining \$12,357,500 was allocated competitively to eligible state, local or tribal governments' principal EOCs based on a state and national review.

Driver's License Security Grant Program (DLSGP)

Total Funding Awarded in FY 2009: \$48,575,000

Purpose: The purpose of FY 2009 Driver's License Security Grant Program is to prevent terrorism, reduce fraud and improve the reliability and accuracy of personal identification documents that states and territories issue.

Eligible Applicants: Eligible applicants under the FY 2009 DLSGP State Motor Vehicle/Driver's License Issuing Authorities, also known as the State Motor Vehicle Administration (MVA), or the State Department of Motor Vehicles (DMV). DHS encouraged states to submit grant applications to fund projects that will improve drivers' license issuance processes and enhance security. Grant applicants were required to identify an individual in the MVA or DMV with overall programmatic and fiscal oversight of FY 2009 DLSGP funding awarded to the state.

Program Awards: The total amount of funding announced for the FY 2009 DLSGP under the *Consolidated Security, Disaster Assistance and Continuing Appropriations Act, 2009* (Public Law 110-329) is \$48,575,000. All states and territories which applied will receive a base amount with the balance of funds distributed based on the total number of driver's licenses/IDs issued in each state. Final determinations for awards were based upon applications received as well as the results of a federal review panel.

Buffer Zone Protection Program (BZPP)

Total Funding Awarded in FY 2009: \$48,575,000

Purpose: The BZPP provides funding to increase the preparedness capabilities of jurisdictions responsible for the safety and security of communities surrounding high-priority pre-designated Tier 1 and Tier 2 critical infrastructure and key resource (CIKR) assets, including chemical facilities, financial institutions, nuclear and electric power plants, dams, stadiums and other high-risk/high-consequence facilities, through allowable planning and equipment acquisition.

Eligible Applicants: Specific BZPP sites within 49 states, the District of Columbia, and the U.S. Virgin Islands were selected based on their level of risk and criticality. Each state or territory with a BZPP site was eligible to submit applications for its local communities to participate in and receive funding under the FY 2009 BZPP. BZPP funding allocated to any given state or territory was a function of the number, type and character of the pre-identified sites within that state or territory; there are no discretionary sites.

Program Awards: All BZPP sites were selected prior to the grant announcement based on the risk of the individual sites themselves.

FY 2009 Funding Tables

FY 2009 TSGP Final Allocations

Tier I			
State	Urban Area	Agency	Allocation
CA	Los Angeles, CA	Los Angeles County Metropolitan Transportation Authority (LACMTA)	\$8,458,478
		Orange County Transportation Authority (OCTA)	\$880,000
		Southern California Regional Rail Authority (Metrolink) (SCRRA)	\$1,895,200
		Foothill Transit System (FHTS)	\$2,100,000
CA	San Francisco, CA	Bay Area Rapid Transit (BART)	\$14,235,223
		San Francisco MTA	\$7,996,664
		Alameda-Contra Costa Transit District (AC Transit)	\$1,936,142
		Santa Clara Valley Transportation Authority	\$3,291,693
		Transbay Joint Powers Authority (TJPA)	\$100,000
		Altamont Commuter Express (ACE)	\$700,000
DC/MD/VA	National Capital Region, DC	Washington Metropolitan Area Transit Authority (WMATA)	\$24,294,621
		Maryland Transit Administration (MTA)	\$13,150,000
		Virginia Railway Express (VRE)	\$635,719
GA	Atlanta, GA	Metropolitan Atlanta Rapid Transit Authority (MARTA)	\$6,399,055
IL	Chicago, IL	CPD (thru CTA)*	\$9,838,973
		Chicago Transit Authority (CTA)*	\$4,000,000
		Northeast Illinois Commuter Railroad Corporation (METRA)	\$9,329,853
		PACE Suburban Bus	\$1,688,003
MA	Boston, MA	Massachusetts Bay Transportation Authority (MBTA) (including Ferry)	\$29,259,896
NY/NJ/CT	New York City Area, NY	Port Authority of New York and New Jersey (PANYNJ)	\$23,850,000
		Metropolitan Transportation Authority (MTA)**	\$112,771,968
		New York Police Department (NYPD) (thru MTA)**	\$5,500,500
		Connecticut Department of Transportation	\$4,575,000
		Connecticut Transit (Hartford)	\$483,500
		Westchester County Department of Transportation	\$500,000
		New Jersey Transit Corp. (NJT)***	\$5,575,696
PA	Philadelphia, PA	New Jersey Transit***	\$4,209,515
		Southeast Pennsylvania Transportation Authority (SEPTA)	\$9,038,209
		Delaware River Port Authority (DRPA/ PATCO)	\$5,306,092
Total			\$312,000,000

*Chicago Transit Authority applied on behalf of the Chicago Police Department, one application.

**Metropolitan Transportation Authority applied on behalf of the New York Police Department, one application

***New Jersey Transit participates in two regions, but filed only one application.

Tier II			
State	Urban Area	System	Allocation
AZ	Phoenix	City of Phoenix Public Transit Department	\$1,157,125
	Tucson	City of Tucson Transit	\$740,867
CA	Sacramento	Sacramento Regional Transit District	\$82,434
	San Diego	San Diego MTS	\$896,000

Wisconsin	Village of Poynette*	\$1,000,000
Total		\$33,002,500

*FY 2009 Non-competitive Funding

** Pursuant to Section D of the Joint Explanatory Statement, which accompanied (P.L. 110-329), Northumberland County, Pennsylvania was slated to receive \$1,000,000 in non-competitive FY 2009 EOC grant funding. However, Northumberland County chose not to apply for this funding, and subsequently, will not receive any funding under the FY 2009 EOC Grant

Program. Thus, the Department is allocating a total of \$20,645,000 for designated EOC project recipients. The Department intends to request that Congress reprogram the \$1,000,000 that would have gone to Northumberland County.
