

FEMA STATUS SNAPSHOT

Gulf Coast Relocation Update

As of: 2000 hrs., April 09, 2009

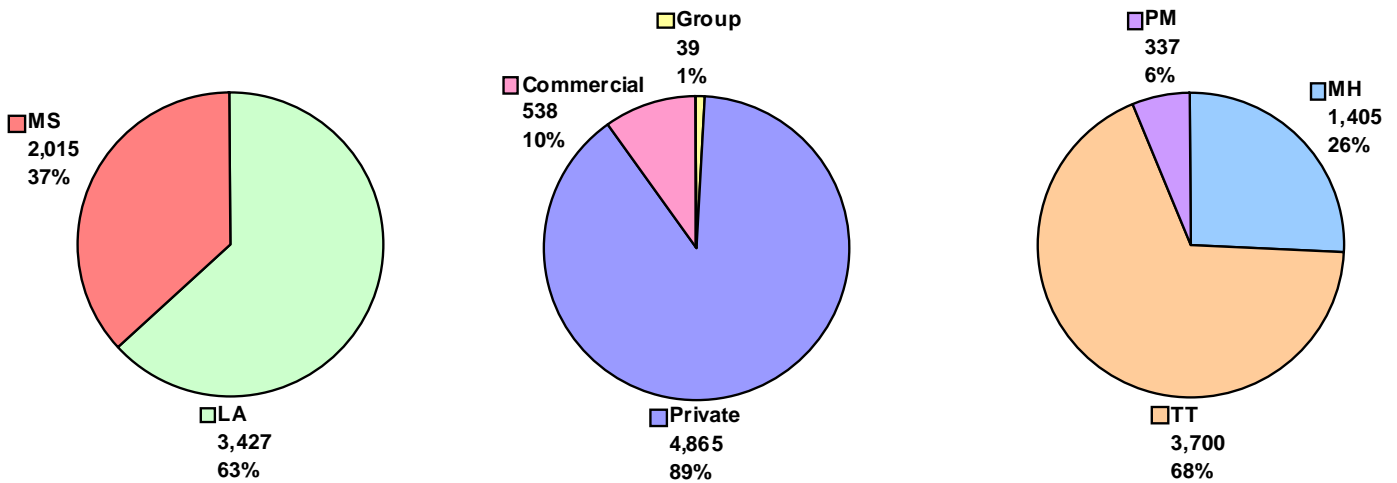

Aggregate Households Gulf-Wide That Received Temporary Housing

137,301 households received FEMA-provided temporary housing units in the Gulf Coast.

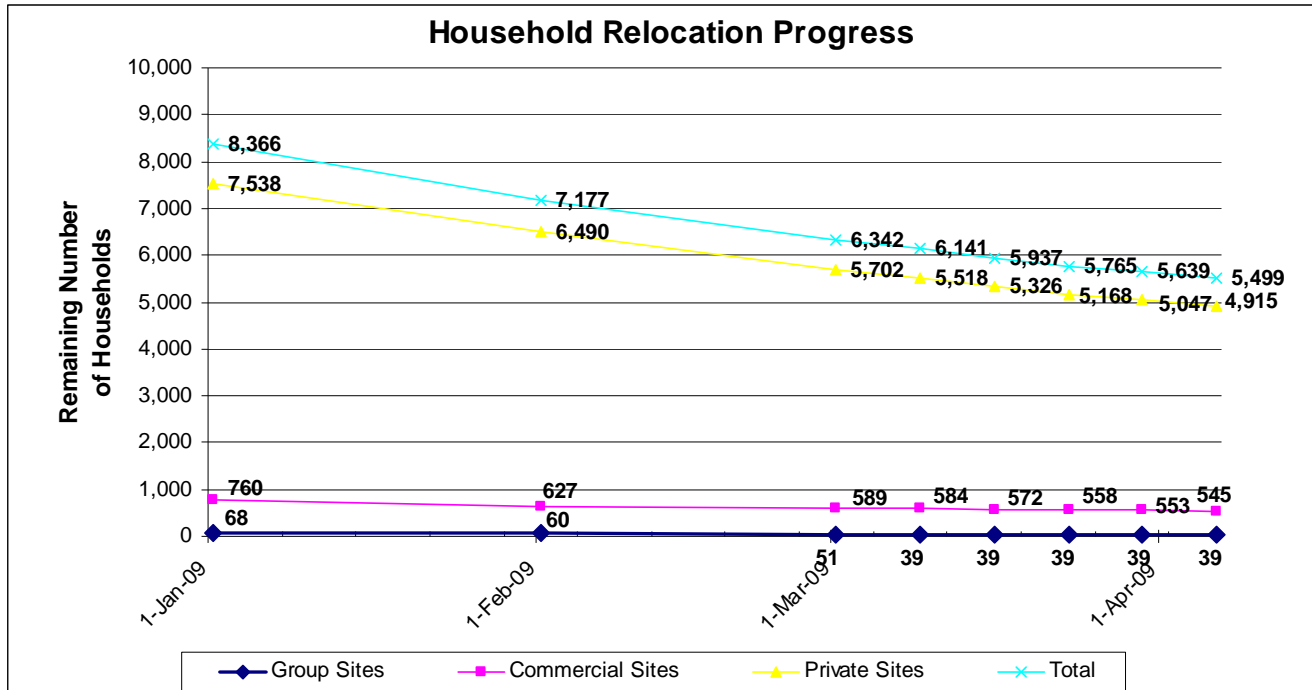

Current Households Gulf-Wide Receiving Temporary Housing

5,442 households currently occupy FEMA-provided temporary housing units in the Gulf Coast.

Relocation Status

On a daily basis, FEMA case managers actively call and visit households to encourage them to relocate to hotel/motel, and/or alternate housing. The chart below tracks progress over the last four weeks with the previous two months also displayed for comparative purposes.

Households have several options when relocating from Temporary Housing Units including: move immediately into a Hotel/Motel for health concerns, be processed for rental assistance through HUD's Disaster Housing Assistance Program, or receive a Mississippi Cottage through the Alternative Housing Pilot Program. The chart below represents the relocation decisions each household has made to date.

Relocation Progress			
	Louisiana	Mississippi	Total
Hotel/Motel - Cumulative	2,407	1,376	3,783
Current Households Moved to Hotel/Motel *	86	88	174
Rental Assistance - CLC and DHAP	12,552	2,994	15,546
Left Program	73,281	37,455	110,736
Moved to AHPP	0	2,825	2,825
Returned to DD	2,545	33	2,578
Total	88,464	43,395	131,859

*—The current number, instead of the total number, is captured as to not duplicate household numbers. Once a household moves out of the hotel/motel, their final housing option will be captured.
