The meeting will be open to the public, and opportunities for public comment will be provided. The Board is charged by Congress with reviewing the technical and scientific validity of activities undertaken by the U.S. Department of Energy (DOE) as stipulated in the Nuclear Waste Policy Amendments Act.

The panel meeting will be held at the Sheraton City Center Hotel; 150 West 500 South; Salt Lake City, Utah 84101; (tel.) 801-401-2000; (fax) 801-534-3450. The purpose of the meeting is to discuss the DOE's transportation planning and the experience of regional groups involved in transporting spent nuclear fuel and high-level radioactive waste (Wednesday) and to review the experiences of Private Fuel Storage, LLC, in planning for transportation of spent nuclear fuel to its proposed facility in Utah (Thursday). On Thursday, the panel also will review issues of risk perception in the transportation planning process.
