

project (i) merits and is not otherwise feasible without an increase to the EDA investment rate; or (ii) will be of no or only incidental benefit to the recipient. See section 204(c)(3) of PWEDA (42 U.S.C. 3144) and 13 CFR 301.4(b)(4).

While cash contributions are preferred, in-kind contributions, consisting of assumptions of debt or contributions of space, equipment, and services, may provide the non-Federal share of the total project cost. See section 204(b) of PWEDA (42 U.S.C. 3144). EDA will fairly evaluate all in-kind contributions, which must be eligible project costs and meet applicable Federal cost principles and uniform administrative requirements. Funds from other Federal financial assistance awards are considered matching share funds only if authorized by statute that allows such use, which may be determined by EDA's reasonable interpretation of the statute. See 13 CFR 300.3. The applicant must show that the matching share is committed to the project, available as needed and not conditioned or encumbered in any way that precludes its use consistent with the requirements of EDA investment assistance. See 13 CFR 301.5.

Intergovernmental Review: Applications under the Research and Evaluation Program are not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

Evaluation and Selection Procedures: To apply for an award under this announcement, an eligible applicant must submit a completed application (Form ED-900A, Application for Investment Assistance) to EDA during the timeframe specified in the **DATES** section of this notice. Applications received after 5 p.m. EDT on August 15, 2006 will not be considered for funding. By September 15, 2006, EDA expects to notify the applicants selected for investment assistance. Unsuccessful applicants will be notified by postal mail that their applications were not recommended for funding. Applications that do not meet all items required or that exceed the page limitations set forth in this competitive solicitation will be considered non-responsive and will not be considered by the review panel. Applications that meet all the requirements will be evaluated by a review panel comprised of at least three (3) EDA staff members, all of whom will be full-time federal employees.

Evaluation Criteria: The review panel will evaluate the applications and rate and rank them using the following criteria of approximate equal weight:

1. Conformance with EDA's statutory and regulatory requirements, including

the extent to which the proposed project satisfies the award requirements set out below and as provided in 13 CFR 306.2:

- a. Strengthens the capacity of local, State or national organizations and institutions to undertake and promote effective economic development programs targeted to regions of distress;
 - b. Benefits distressed regions; and
 - c. Demonstrates innovative approaches to stimulate economic development in distressed regions;
2. The degree to which an EDA investment will have strong organizational leadership, relevant project management experience and a significant commitment of human resources talent to ensure the project's successful execution (see 13 CFR 301.8(b));

3. The ability of the applicant to implement the proposed project successfully (see 13 CFR 301.8);

4. The feasibility of the budget presented; and

5. The cost to the Federal government.

Selection Factors: EDA expects to fund the highest ranking applications submitted under this competitive solicitation. The Assistant Secretary is the Selecting Official and will normally follow the recommendation of the review panel. However, the Assistant Secretary may not make any selection, or he may select an application out of rank order for the following reasons: (1) A determination that the application better meets the overall objectives of sections 2 and 207 of PWEDA (42 U.S.C. 3121 and 3147); (2) the applicant's performance under previous awards; or (3) the availability of funding.
