Removal and Modification of Certain Entries From the Entity List: Persons Removed or Modified Based on ERC Annual Review

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by removing two persons from the Entity List (Supplement No. 4 to Part 744). These persons are being removed from the Entity List because of determinations made by the United States Government during the annual review of the Entity List conducted by the End-User Review Committee (ERC).

This rule also makes a clarification for two persons that were listed on the Entity List prior to this rule being published to revise the addresses provided for these listed persons or add an address. These two listed persons were listed under addresses in more than one country. This rule removes one of the addresses for each of these entities.

The Entity List provides notice to the public that certain exports and reexports to parties identified on the Entity List require a license from the Bureau of Industry and Security (BIS) and that availability of License Exceptions in such transactions is limited.

DATES: Effective Date: This rule is effective March 18, 2009. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

ADDRESSES: You may submit comments, identified by RIN 0694-AE57, by any of the following methods:

SUPPLEMENTARY INFORMATION:**Background**

In Supplement No. 4 to part 744 (The Entity List) of the EAR, this rule removes two listed persons and modifies the entries for two listed persons on the basis of an annual review of the Entity List that was conducted by the End-User Review Committee (ERC). The modifications of the entries of two of the listed entries include the removal of their addresses under the United Arab Emirates (U.A.E.) and deletion of cross-references to the U.A.E. entries for these listed persons' entries under Germany and Hong Kong. The ERC approved these modifications pursuant to an annual review of the Entity List, which was conducted in accordance with the procedures outlined in Supplement No. 5 to part 744 (Procedures for End-User Review Committee Entity List Decisions).

ERC Entity List Decisions

The ERC, composed of representatives of the Departments of Commerce, State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from or changes to the Entity List. The ERC is chaired by the Department of Commerce and makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote. As noted in the preamble of the August 2008 final rule and in Supplement No. 5 to part 744, the activities of the ERC include conducting an annual review of the Entity List to make a determination

whether any removals or modifications should be made.

Pursuant to Supplement No. 5 to Part 744, the ERC determined that the following Entity List entries should be removed or revised, for the reasons provided below. This rule implements these decisions. In total, this rule removes four entries from the Entity List, including two entries for persons that had been listed on the Entity List as persons with addresses in multiple countries prior to publication of this rule, and modifies two entries, including removing cross-references for the two entities that had previously been listed with addresses in multiple countries.

Removals Based Upon ERC Annual Review

The two persons being removed from the Entity List with this rule are removed on the basis of the results of the annual review of the Entity List that was conducted by the ERC in accordance with the procedures outlined in Supplement No. 5 to Part 744. These two entities are both located in the United Arab Emirates:

United Arab Emirates

(1) Bazaar Trading Co., No. 212 Baniyas Tower, Dubai, U.A.E. 6708; and
(2) Elmstone Trading L.L.C., P.O. Box 24896, Sharjah, U.A.E.

As outlined in Supplement No. 5 to part 744, the ERC conducts a systematic review of the Entity List. Based upon the results of that annual review, the ERC made a determination that these two persons, described above, should be removed from the Entity List. The ERC decision to recommend removal of these persons also took into account recent cooperation between the U.S. Government and the U.A.E. Government regarding certain end-users of concern. This final rule implements the decision to remove these two U.A.E. persons from the Entity List.

Reminder To Consider Other End-Use/End-User Controls

The removal of these two persons from the Entity List (from the U.A.E, as described above—based upon the ERC Annual Review) eliminates the existing license requirements in Supplement No. 4 to part 744 for exports and reexports to these persons. However, the removal of these persons from the Entity List does not relieve persons of other obligations under part 744 of the EAR or under other parts of the EAR. Neither the removal of a person from the Entity List nor the removal of Entity List-based license requirements relieve persons of their obligations under General

Prohibition 5 in § 736.2(b)(5) of the EAR which provides that, “you may not, without a license, knowingly export or reexport any item subject to the EAR to an end-user or end-use that is prohibited by part 744 of the EAR.” Nor do such removals relieve persons of their obligation to apply for export or reexport licenses required by other provisions of the EAR. BIS strongly urges the use of Supplement No. 3 to part 732 of the EAR, “BIS’s ‘Know Your Customer’ Guidance and Red Flags,” when persons are involved in transactions that are subject to the EAR.

Modifications Based Upon ERC Annual Review

This rule makes modifications to the entries for two listed persons on the Entity List. This rule removes additional addresses for these persons that had been listed on the Entity List as alternate addresses for these entities prior to publication of this final rule. Both of these alternate addresses that are removed were addresses in the U.A.E. In other words, prior to publication of this final rule, these listed persons were entities that had two entries each on the Entity List to account for addresses in two different countries. This rule removes the addresses in the U.A.E. for these two persons, but retains the listing for these listed persons on the Entity List under Germany and Hong Kong, respectively, as follows:

United Arab Emirates

(3) *Akbar Ashraf Vaghefi*, Shop No. 3–4, Sharafia Ahmed Ali Building, Al Nakheel, Deira, Dubai, U.A.E.; (See alternate address under Germany); and

Note that Akbar Ashraf Vaghefi is still listed on the Entity List as a German entry. The changes in this rule are limited to eliminating the alternate country address that had been provided for this listed person in the U.A.E.

(4) *Antony Emmanuel*, No. 3 & 4, Sharifia Ahmed Ali Bldg, P.O. Box 42340, Al Nakheel, Deira, Dubai, U.A.E. (See alternate address under Hong Kong).

Note that Antony Emmanuel is still listed on the Entity List as a Hong Kong entry. The changes in this rule are limited to eliminating the alternate country address that had been provided for this listed person in the U.A.E.

Based upon the results of the annual review, the ERC made a determination to remove these two listed persons’ entries under the U.A.E, but to retain their listings on the Entity List under Germany and Hong Kong. The ERC decision to recommend removal of these persons also took into account recent

cooperation between the U.S. Government and the U.A.E. Government regarding certain end-users of concern. This rule implements that decision by removing the U.A.E. entries for these two listed persons and by revising their respective entries under Germany and Hong Kong, to remove the last sentence of the “Entity” column entry that had referred persons to “(See alternate address under U.A.E.)” for these listed persons prior to publication of this rule.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of July 23, 2008, 73 FR 43603 (July 23, 2008), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by the OMB under control numbers 0694–0088, “Multi-Purpose Application,” which carries a burden hour estimate of 58 minutes to prepare and submit form BIS–748. Miscellaneous and recordkeeping activities account for 12 minutes per submission. Total burden hours associated with the Paperwork Reduction Act and Office of Management and Budget control number 0694–0088 are expected to increase slightly as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military or foreign affairs function of the United States. (See 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of

proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable.

Steel Import Monitoring and Analysis System

AGENCY: Import Administration, International Trade Administration, Department of Commerce.
ACTION: Final rule.

SUMMARY: The Department of Commerce (the Department) publishes this action to make final a rule to extend the Steel Import Monitoring and Analysis (SIMA) system until March 21, 2013. The purpose of the SIMA system is to provide statistical data on steel imports

entering the United States seven weeks earlier than it would otherwise be available to the public. Aggregate data collected from the licenses are made available to the public on a weekly basis following review by the Department.

DATES: This final rule is effective March 18, 2009.

FOR FURTHER INFORMATION CONTACT: For information about the SIMA system, please contact Kelly Parkhill (202) 482–3791 or Julie Al-Saadawi (202) 482–1930.

SUPPLEMENTARY INFORMATION:

Background

The SIMA system has been operating under its current authority since March 21, 2005. Prior to this date, authority for steel import licensing and monitoring was derived from the Proclamation 7529 of March 5, 2002, which placed temporary tariffs on many steel imports and provided the steel industry time to restructure. The monitoring system outlined in Proclamation 7529 required all importers of steel products to obtain a license from the Department prior to completing their Customs entry summary documentation. This provided

a monitoring tool to ensure that the effectiveness of the safeguard was not undermined by large quantities of imports originating from countries that were excluded from the tariffs.

In Proclamation 7741 of December 4, 2003 (68 FR 68483), the President terminated the steel safeguard measures, but directed the Secretary of Commerce to continue the monitoring system until the earlier of March 21, 2005, or such time as the Secretary of Commerce established a replacement program. On December 9, 2003, the Department published a notice stating that the system would continue in effect as described in Proclamation 7741 until March 21, 2005 (68 FR 68594). On August 25, 2004, the Department published an advanced notice of proposed rulemaking soliciting comments from the public on whether to continue the monitoring system beyond March 21, 2005 (69 FR 52211). On March 11, 2005, the Department published an interim final rule responding to the comments received from the public and implementing a slightly expanded version of SIMA until March 21, 2009. That interim final was
