

PREOPERATIVE THERAPY IN INVASIVE BREAST CANCER

Reviewing the State of the Science and Exploring New Research Directions

March 26-27, 2007

Natcher Conference Center
45 Center Drive
National Institutes of Health
Bethesda, Maryland 20892

Register and view full agenda and faculty list:

Pre-registration is required. There is no registration fee.

Web cast: <http://videocast.nih.gov>

Note: To request CME credit for viewing this conference live from a remote location, contact ncibcrsvp@mail.nih.gov to request an evaluation form and further instruction.

PREOPERATIVE THERAPY IN INVASIVE BREAST CANCER

Purpose: Preoperative therapy is increasingly being administered to women with breast cancer. Controversies exist, however, regarding optimal approaches. This NCI-sponsored conference will seek to determine the state of the science regarding clinical use of preoperative therapy in breast cancer, as well as identify future research agendas. Join us in learning the most recent international state of the science.

- What is established in the field of preoperative therapy for invasive breast cancer?
- How should what is known be properly applied?
- How should preoperative therapy be incorporated into research initiatives?

Leading breast cancer physicians will present the state of the science and engage in a panel discussion in which audience participation is encouraged.

Target audience: Breast cancer physicians (medical oncologists, radiation oncologists, radiologists, pathologists, surgeons, and others) as well as general interventional radiologists and surgeons. Patient advocates are welcome.

Educational objective: Explain the state of the science related to key issues in breast cancer preoperative therapy, and apply this knowledge to the treatment of patients in clinical practice and research, including patient evaluation, treatment selection, response monitoring, and locoregional management.

The National Institutes of Health/Foundation for Advanced Education in the Sciences (NIH/FAES) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The NIH/FAES designates this educational activity for a maximum of **15.00 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Reasonable accommodations: Individuals with disabilities who need Sign Language Interpreters and/or reasonable accommodation to participate in this conference should contact Tyauna Brown at phone: 301-650-8660 x119 or email: tbrown@palladianpartners.com. Requests should be made at least 5 days in advance of the event.
