15 CFR Part 744

[Docket No. 970428099-9105-09]

RIN 0694-AB60

Entity List: Addition of Entities located in the People's Republic of China; and Correction to Spelling of One Indian Entity Name.

AGENCY: Bureau of Export Administration, Commerce.

ACTION: Final rule.

SUMMARY: The Export Administration Regulations (EAR) provide that the Bureau of Export Administration (BXA) may inform exporters, individually or through amendment to the EAR, that a license is required for exports or reexports to certain entities. The EAR contains a list of such entities. This rule adds six entities located in the People's Republic of China to the Entity List. A license will be required for the export or reexport of all items subject to the EAR having a classification other than EAR99 to five of these entities. A license will be required for the export or reexport of all items subject to the EAR to the Northwest Institute of Nuclear Technology, in the Science Research, Xi'an, Shaanxi. License applications to export or reexport these items will be reviewed on a case-by-case basis to determine whether the export or reexport would make a material

contribution to the proliferation of missiles. This rule also makes a correction to one Indian entity name which was inadvertently misspelled.

EFFECTIVE DATE: This rule is effective May 28, 1999.

SUPPLEMENTARY INFORMATION:

Background

General Prohibition Five (§ 736.2(b)(5) of the EAR) prohibits exports and reexports to certain end-users or end-users (described in part 744 of the EAR) without a license. In the form of Supplement No. 4 to part 744, BXA maintains an "Entity List" to provide notice informing the public of certain entities subject to such licensing requirements. Although the Export Administration Act (EAA) expired on August 20, 1994, the President invoked the International Emergency Economic Powers Act and continued in effect, to the extent permitted by law, the provisions of the EAA and the EAR in Executive Order 12924 of August 19, 1994, continued by Presidential notices of August 15, 1995 (60 FR 42767), August 14, 1996 (61 FR 42527), August 13, 1997 (62 FR 43629) and August 13, 1998 (63 FR 44121).

Rulemaking Requirements

1. This final rule has been determined to be not significant for the purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. This rule involves a collection of information requirements subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). This collection has been approved by the Office of Management and Budget under control number 0694-0088.

3. This rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federalism assessment under Executive Order 12612.

4. The provisions of the Administrative Procedure Act requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are

inapplicable because this regulation involves a military or foreign affairs function of the United States (see 5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are inapplicable.

Therefore, this regulation is issued in final form. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis. Comments should be

submitted to Sharron Cook, Office of Exporter Services, Bureau of Export Administration, Department of Commerce, P.O. Box 273, Washington, DC 20044.
