

**Agreement
between the United States of America and the European Community
on Trade in Wine**

The UNITED STATES OF AMERICA, hereafter "the United States", and

The EUROPEAN COMMUNITY, hereafter "the Community",

hereafter referred to jointly as "the Parties",

RECOGNIZING that the Parties desire to establish closer links in the wine sector,

DETERMINED to foster the development of trade in wine within the framework of increased mutual understanding,

RESOLVED to provide a harmonious environment for addressing wine trade issues between the Parties,

HAVE AGREED AS FOLLOWS:

**TITLE I
INITIAL PROVISIONS**

*Article 1
OBJECTIVES*

The objectives of this Agreement are:

- (a) to facilitate trade in wine between the Parties and to improve cooperation in the development and enhance the transparency of regulations affecting such trade;
- (b) to lay the foundation, as the first phase, for broad agreement on trade in wine between the Parties; and
- (c) to provide a framework for continued negotiations in the wine sector.

*Article 2
DEFINITIONS*

For purposes of this Agreement,

- (a) "wine-making practice" means a process, treatment, technique or material used to produce wine;
- (b) "COLA" means a Certificate of Label Approval or a Certificate of Exemption from Label Approval that results from an approved Application for and Certification/Exemption of Label/Bottle Approval, as required under U.S. federal laws and regulations and issued by the U.S. Government that includes a set of all labels approved to be firmly affixed to a bottle of wine;
- (c) "originating" when used in conjunction with the name of one of the Parties in respect of wine imported into the territory of the other Party means the wine has been produced in accordance with either Party's laws, regulations and requirements from grapes wholly obtained in the territory of the Party concerned;
- (d) "WTO Agreement" means the Marrakesh Agreement establishing the World Trade Organization, done on 15 April 1994.

*Article 3
SCOPE AND COVERAGE*

1. For the purposes of this Agreement, "wine" is a beverage obtained exclusively from the total or partial alcoholic fermentation of fresh grapes, whether or not crushed, or of grape must, with the possible addition of constituent parts of fresh grapes if authorized in the producing Party, in accordance with wine-making practices authorized under the regulatory mechanisms of the Party in whose territory the wine is produced, which:

- (a) contains an actual alcohol content of not less than 7 percent (7%) and not more than 22 percent (22%) by volume; and
 - (b) contains no artificial coloring, flavoring or added water beyond technical necessity.
2. Measures taken by either Party for the protection of human health and safety are outside the scope of this Agreement.

TITLE II
WINE-MAKING PRACTICES AND SPECIFICATIONS

Article 4

PRESENT WINE-MAKING PRACTICES AND SPECIFICATIONS

1. Each Party recognizes that the laws, regulations and requirements of the other Party relating to wine-making fulfil the objectives of its own laws, regulations and requirements, in that they authorize wine-making practices that do not change the character of wine arising from its origin in the grapes in a manner inconsistent with good wine-making practices. These practices include such practices that address the reasonable technological or practical need to enhance the keeping or other qualities or stability of the wine and that achieve the winemaker's desired effect, including with respect to not creating an erroneous impression about the product's character and composition.
2. Within the scope of this Agreement as defined in Article 3, neither Party shall restrict, on the basis of either wine-making practices or product specifications, the importation, marketing or sale of wine originating in the territory of the other Party that is produced using wine-making practices that are authorized under laws, regulations and requirements of the other Party listed in Annex I and published or communicated to it by that other Party.

Article 5

NEW WINE-MAKING PRACTICES AND SPECIFICATIONS

1. If a Party proposes to authorize for commercial use in its territory a new wine-making practice or modify an existing wine-making practice authorized under the laws, regulations and requirements listed in Annex I, and it intends to propose the inclusion of the practice among those authorized in the Annex I documents, it shall provide public notice and specific notice to the other Party and provide a reasonable opportunity for comment and to have those comments considered.
2. If the new wine-making practice or modification referred to in paragraph 1 is authorized, the authorizing Party shall notify the other Party in writing of that authorization within 60 days.
3. A Party may, within 90 days of receiving the notification in paragraph 2, object in writing to the authorized wine-making practice, on the grounds that it is inconsistent with the objectives set out in Article 4(1) or the criteria set out in Article 3(1), and request consultations pursuant to Article 11 concerning this wine-making practice.

4. The Parties shall modify Annex I, as provided for in Article 11, as necessary to cover any new wine-making practice or modification that has not been subject to objections pursuant to paragraph 3 or for which the Parties have reached a mutually agreed solution following consultations provided for in paragraph 3. With respect to new wine-making practices or modifications to existing practices that are proposed after September 14, 2005, but before the date of application of Article 4, as provided for in Article 17(2), either Party may specify that the modification to Annex I shall not be effective until the date of application of Article 4.

TITLE III SPECIFIC PROVISIONS

Article 6

USE OF CERTAIN TERMS ON WINE LABELS WITH RESPECT TO WINES SOLD IN THE UNITED STATES

1. With respect to wine that is sold in the territory of the United States, the United States shall seek to change the legal status of the terms in Annex II to restrict the use of the terms on wine labels solely to wine originating in the Community. Labels for such wines may use the terms in Annex II in a manner consistent with the U.S. wine labelling regulations in force as of September 14, 2005.
2. By way of exception to paragraph 1, paragraph 1 shall not apply with respect to any person or its successor in interest using a term listed in Annex II on a label of a wine not originating in the Community, where such use has occurred in the United States before December 13, 2005, or the date of signature of this Agreement, whichever is later; provided that the term may only be used on labels for wine bearing the brand name, or the brand name and the fanciful name, if any, for which the applicable COLA was issued prior to the later date referred to in this paragraph and the term is presented on the label in accordance with the regulations in effect on September 14, 2005.
3. The United States shall notify the Community in writing of the date that the change in legal status referred to in paragraph 1 has come into effect.
4. The United States shall take measures to ensure that any wine not labelled in conformity with this Article is not placed on or is withdrawn from the market until it is labelled in conformity with this Article.

Article 7

1. The United States shall provide that certain names may be used as names of origin for wine only to designate wines of the origin indicated by such a name, and shall include, among such names, those listed in Annex IV, Part A, names of quality wines produced in specified regions and names of table wines with geographical indications, and Part B, names of Member States.

2. The Community shall provide that the names of viticultural significance listed in Annex V may be used as names of origin for wine only to designate wines of the origin indicated by such name.

3. Neither Party shall require that processes, treatments or techniques used in wine-making be identified on the label.
4. The United States shall permit the names listed in Annex II to be used as a class or type designation on wines originating in the Community.

Article 9

WINE CERTIFICATION AND OTHER MARKETING CONDITIONS

1. The Community shall permit wine originating in the United States to be imported into, marketed and sold in the Community if it is accompanied by a certification document, the format and required information for which are specified in Annex III(a).

The Community shall permit the document to be submitted electronically to the competent authorities of its Member States provided they have enabled the necessary technology.

JOINT DECLARATIONS

In view of the entry into force of the Agreement between the United States of America and the European Community on Trade in Wine (the "Agreement"), the United States and the Community hereby jointly declare as follows, for so long as the Agreement remains in force.

On wine labelling dialogue

The Parties intend to engage in a constructive dialogue on wine labelling, with a view to contributing to the attainment of an agreement as provided in Article 10(1) of the Agreement. Discussions shall cover any item that either Party wishes to raise, including:

- the proportion of grapes that should derive from a place, variety or vintage year in order that references to such terms may be used on labels, with a view to agreeing to a harmonized level;
- references to category, class or type of wine, with a view to recognizing common terms;
- the specifications, including tolerances and numerical intervals, for references to alcohol percentage, with a view to agreeing on common specifications.

On use of terms in point 1 of Appendix I of the Protocol

When any problem arises regarding the use of a term listed in point 1 of Appendix I on U.S. wine labels, the Parties intend to consult each other.

On future wine policy

The Parties intend to enter into a dialogue to better understand each other's wine policy, including any future policy developments. The dialogue may concern elements being discussed in the Doha Development Agenda (DDA), such as export subsidies, tariffs, domestic support and other issues under negotiation. The results of this dialogue may lead to common positions of the Parties in the DDA and could provide a useful insight into any future negotiations under Article 10 of the Agreement.

On future dialogues

The Parties intend to enter into a dialogue on geographical indications in connection with wine, with a view to better understanding each other's policy. In order to provide useful insights into any future negotiations under Article 10 of the Agreement, the Parties intend to enter into a dialogue on the matter of names of origin and the terms in Annex II of the Agreement, with a view to better understanding each other's policy and increasing recognition, as appropriate, of these names and terms in the Community and in the United States.

In addition, the Parties also intend to enter into dialogues on the following matters:

- terms referred to in Article 24 of Commission Regulation (EC) No. 753/2002, as amended, with a view to coming to a better understanding of each other's positions on

the use of these terms. The Parties are of the view that these terms do not constitute or create a new form of intellectual property;

- wine not covered by the agreement;
- wine-making practices;
- certification; and
- creation of a joint committee on wine issues.

In relation to bilateral trade

The Parties hereby declare their intention to strive, in good faith and for a reasonable period of time, to resolve any bilateral issues concerning trade in wine, including any issues arising from the operation of Commission Regulation (EC) No. 753/2002, as amended, through informal bilateral consultations, rather than through formal dispute settlement mechanisms.

On international cooperation

The Parties intend to conduct an exchange of views on issues related to and raised in plurilateral and multilateral organizations involved with wine matters affecting international trade and on how international cooperation on wine matters might best be structured.

DECLARATION BY THE UNITED STATES

on the use of certain terms with respect to wines exported from the United States

In view of the entry into force of the Agreement between the United States of America and the European Community on Trade in Wine, the United States hereby declares as follows.

The members of the wine producers organizations on July 1, 2005, listed below have each agreed, in respect of the use of the terms listed in Annex II of the Agreement that, for so long as the Agreement remains in force, wine exported from the United States shall be labelled consistent with rules applicable within the territory of the United States unless such labelling is inconsistent with the requirements of the importing Party.

**AGREEMENT IN THE FORM OF AN EXCHANGE OF LETTERS
BETWEEN
THE UNITED STATES OF AMERICA AND THE EUROPEAN COMMUNITY ON
MATTERS RELATED TO TRADE IN WINE**

[EC Letter]

Dear Sir,

I have the honour to confirm the following understanding reached between the European Community (hereinafter the "Community") and the United States of America (hereinafter the "United States") in connection with the Agreement between the European Community and the United States of America on Trade in Wine (the "Wine Agreement") initialled on September 14, 2005.

1. Taking into account the need not to disrupt trade in wine between the Parties pending the entry into force of the Wine Agreement and in particular the date of application of its Articles 4 and 9 as provided for in its Article 17(2), the Community shall continue to apply:
 - (a) its authorizations regarding wine-making practices in effect as of the date of this letter for wines originating in the United States set forth in Council Regulation (EC) No. 1037/2001, and prolonged by Council Regulation (EC) No. 2324/2003; and
 - (b) the certification requirements in effect as of the date of this letter specified in Commission Regulation (EC) No. 883/2001.
2. Provided that the conditions in paragraphs 1(a) and 1(b) are satisfied, the United States shall not restrict, on the basis of either wine-making practices or product specifications, the importation, marketing or sale of wine originating in the territory of the Community that is produced using wine-making practices and procedures that are authorized under laws, regulations and requirements of the Community as of the date of this letter, and the United States accepts those practices and procedures within the meaning of Section 2002(a)(1)(B) of U.S. Public Law 108-429. This undertaking by the United States is with respect to wine that falls within the scope of the Wine Agreement and, in particular, Article 3 thereof. Measures taken by either Party for the protection of human health and safety are outside the scope of this undertaking. The agreement hereinafter described does not contain any requirement for a certification by the Community that the practices and procedures used to produce wine in the Community constitute proper cellar treatment within the meaning of Section 2002 of U.S. Public Law 108-429.
3. Recognizing that the Wine Agreement does not apply to wines with an alcohol content of less than 7 percent (7%) by volume, but also recognizing that such wine originating in the territory of the Community is produced using the wine-making practices and procedures that are authorized under laws, regulations and requirements of the Community listed in Annex I of the Wine Agreement, the United States accepts those practices and procedures with respect to such wine within the meaning of Section 2002(a)(1)(B) of U.S. Public Law 108-429 for so long as either the conditions of paragraphs 1(a) and 1(b) above are satisfied or Articles 4 and 9 of the Wine Agreement are in force. Furthermore, the agreement hereinafter described does not contain any requirement for certification by the Community that the practices and

procedures used to produce wine with an alcohol content of less than 7 percent (7%) by volume in the Community constitute proper cellar treatment within the meaning of section 2002(a)(1)(B) of U.S. Public Law 108-429. Measures taken by either Party for the protection of human health and safety are outside the scope of this undertaking.

4. Paragraphs 1 and 2 shall apply until the date of application of Articles 4 and 9 of the Wine Agreement, as provided for in Article 17.2 thereof, but no longer than for a period of three years from the date of entry into force of this agreement hereinafter described. Notwithstanding the foregoing, if Articles 4 and 9 are not in application within this three-year period, the period shall be extended for an additional two years.
5. Should either Party notify the other of its intention not to sign the Wine Agreement, or should it withdraw from the Wine Agreement, the agreement hereinafter described shall terminate twelve months after the date of receipt of notification by a Party that the other Party does not intend to sign the Wine Agreement, or on the date that withdrawal from the Wine Agreement under Article 14 thereof is effective, as applicable.
6. Either Party may withdraw from the present agreement hereinafter described at any time by providing written notification to the other Party. Withdrawal shall take effect twelve months after the date of receipt of the notification by the other Party, unless the notification specifies a later date or the notification is rescinded prior to the specified date.

If the foregoing is acceptable to the United States, I have the honour to propose that this letter and your letter in reply confirming that you share this understanding shall constitute an agreement between the Community and the United States, which shall enter into force on the date of your letter in reply.

Yours sincerely,

For the European Community

SIDE LETTER

Dear XXX,

I am honored to confirm the following understandings between the delegations of the United States of America (hereinafter the "United States") and the European Community (hereinafter the "Community") in connection with the Agreement between the United States of America and the European Community on Trade in Wine ("the Agreement"), signed this day:

1. With respect to the interpretation of Article 3(1)(b) of the Agreement, the amount of water added to wine for reasons of technical necessity within the meaning of Article 3(1)(b) shall not exceed 7 percent (7%) by volume; and testing for control purposes by the competent authorities for the presence of added water shall take into account a tolerance of 1.5 percent (1.5%).
2. Wine-making involves a number of procedures and activities that are generally recognized and accepted among winemakers, in the territories of both the United States and the Community. This letter constitutes communication of such procedures and activities which are mutually accepted by the Parties as integral to good wine-making, in accordance with Article 4(2).
3. The United States intends to continue to accept that names of origin that are classified as "appellations of origin" as defined under U.S. regulations and that are notified by the Community or by its Member States, may be used to designate wines of the origin indicated whether or not the notified name is listed in whole or in part in Annex IV.
4. The United States confirms that the Agreement does not require any certification that either the procedures and activities referenced in paragraph 2 or the practices and specifications referenced in Articles 4 and 5 of the Agreement constitute proper cellar treatment under U.S. law.
5.
 - 5.1. In the event that a name of origin listed in Annex IV of the Agreement is identical or quasi-identical to an appellation of origin permitted to be used in the United States to designate the origin of wines, the Parties intend to consult in accordance with Article 11 of the Agreement with each other with a view towards reaching a common understanding on how such wines shall be labelled on the U.S. market so that consumers will not be misled as to the origin of the wines.
 - 5.2. Further, in the event that a name of origin listed in Annex V of the Agreement is identical or quasi-identical to a geographical indication protected in the Community, the Parties intend to consult in accordance with Article 11 of the Agreement with each other with a view towards reaching a common understanding on how such wines shall be labelled on the Community market so that consumers will not be misled as to the origin of the wines. The first such consultation will address the use of the U.S. name "Madera" and Community name "Madeira".
6. With respect to Annex IV, Part A of the Agreement:

- 6.1. Headings are provided for the convenience of the Parties, to facilitate an understanding of the names of origin, and to place those names of origin in their context under domestic law and are not part of the obligation in Article 7 of the Agreement.
- 6.2. Where the term following the phrase “*whether or not followed by*” is itself a specific name of origin, then the names of origin for purposes of Article 7 of the Agreement consist of both the initial name of origin, as well as that name of origin in combination with the second name of origin.
- 6.3. Differences in presentation of names – *e.g.*, as separate line entries, as opposed to on a single line separated by “*or*” or “*whether or not followed by*” – are for the convenience of the Parties and do not reflect substantive differences in the names of origin presented.
7. Article 8.3 of the Wine Agreement does not address the issue of ingredient labelling.

Sincerely,

[Response letter would repeat letter and confirm mutual understanding]
