SPECIAL NOTICE

RPCV Career Event

Washington, D.C.
May 12-15, 2008

DON'T MISS THESE FREE EVENTS!

Typically *OVER 100 RPCVs, REPRESENTING OVER 20 STATES*, have attended each of our recent quarterly events. *Be part of this FREE post-service career conference specific to you, the transitioning, career-developing RPCV!!*

REGISTER NOW!

"The Peace Corps Career Event is an incredibly useful series of presentations and hands-on activities that helped me clarify my interests as a recently returned volunteer. The event was well-organized and the presenters were enthusiastic about what they do and how it relates to RPCVs. Outstanding event! Thanks!"

-Adam Gustafson, RPCV Micronesia 05-07, February 2008 career event participant

If you've been trying to clarify your interests as a recently returned volunteer, attend these FREE workshops to explore how your Peace Corps experience can impact your career! Whether you've been back for a week or a year, you'll have the opportunity to network with members of the RPCV community, learn how to connect with RPCV-friendly employers, and practice framing your Peace Corps service in a way that highlights your professional qualifications.

Monday, May 12, 2008 - *Sharing Your Peace Corps Story*

Tuesday, May 13, 2008 - *Sharing Your Qualifications*

Wednesday, May 14, 2008 - *Federal Employment and RPCV Career Fair*

Thursday, May 15, 2008 - *Employer Information Sessions and Kennedy Wreath-Laying Ceremony*

See the detailed schedule of events at www.peacecorps.gov/rpcv/events.

To register, e-mail rvsevents@peacecorps.gov with the subject line, "May 2008 career events registration request."

United States Peace Corps

Acing the Phone Interview: Tips for RPCVs

By Bonnie K. Robinson, Returned Volunteer Services Program Specialist (RPCV Ukraine 2002–2005)

For many candidates, the job interview is the most grueling part of the job search. Everyone wants to give you advice before the big day: be enthusiastic but not too enthusiastic, don't cross your legs (except maybe at the ankles), don't fidget, be sure to wear a suit, don't ask for water but accept it if it's offered, never badmouth your former boss ... and so on. So you go in there and give it your best shot, and after all this, you're left to wonder, "What did they really think of me?"

Now, imagine that same job interview, only conducted over the telephone. Before you get even more nervous, remember: as an RPCV, chances are you might have already interviewed successfully over the phone - remember that interview two or more years ago with your recruiter? If you had a phone interview before being nominated to Peace Corps, you already have some practice. And if you approach it right, the phone interview for your next job can be just as engaging as your Peace

Corps interview was.

Luckily, much of the advice you've heard about how to prepare for an in-person interview also holds true for the phone interview. You should review a company's website and your application to the position, and prepare a written list of questions to ask ahead of time. You should map out your answers to common interview questions like, "Why are you the best candidate for the job?" or "Tell us about a time you worked with a difficult colleague." And you should definitely "let your personality shine through in the conversation - in today's team work dynamic, people want to work with other friendly people," explains Vivian Nguyen, the Peace Corps Week program specialist.

Of course, telephone interviews are not just in-person interviews where everyone sits around with their eyes closed - they have their own idiosyncrasies and challenges. I have found it very frustrating to be on a panel interviewing a candidate over the phone; I remember telling my manager, "If only I could shake her hand and see her in person, I'd get a much better sense of how she'd fit in with our team." Some of the other hiring managers in my office have felt the same way. Jahleezah Eskew of Master's International at Peace Corps likes to meet candidates face-to-face to "get a better sense of who they are, in addition to their skills and experience."

This lack of face-to-face contact may also be frustrating for you, the job-seeker. Master's International program assistant Shea Bennett-Callen felt the same way after her first phone interview. In person, she says, "it's easier to see if you connect with the current staff, and it gives you a more thorough introduction to where you may be working. It was a little nerve-racking coming into a job on the first day and meeting your boss (and whoever hired you) for the first time in addition to all of your new co-workers."

HOT! OPPORTUNITIES

GS-685-9 PUBLIC HEALTH ADVISOR • Various locations

Positions available with Centers for Disease Control and Prevention (CDC). Duties: interview clients diagnosed with sexually transmitted diseases to develop a plan to locate and refer sex partners who may be infected; document medical, symptom, and sexual histories; provide health information and risk reduction counseling to manage the client's infection and prevent re-infection; perform investigative activities to locate and refer individuals infected with or suspected of having a sexually transmitted disease for treatment or case finding interviews; maintain accurate records and reports for program evaluation purposes; conduct outreach screenings that include drawing blood from clients in field and clinical settings and working outside of normal work hours; consult with public and private health care providers and laboratory personnel to share information and assure reporting. Qualifications: ability to serve a one-year probationary period if you are new to federal service; willingness to be assigned to a large city STD program during the first 18 to 24 months and to travel to Atlanta or other locations for various CDC trainings or meetings; must be prepared to sign a mobility agreement and move to geographic locations of program need around the country. **RPCVs with remaining noncompetitive eligibility (NCE) especially encouraged to apply.** For more information and to apply, e-mail nff1@cdc.gov (i.e., [nffone](mailto:nffone@cdc.gov) at CDC.gov).

CAMPUS REPRESENTATIVE • NY

Part time position available with New York University. The position begins in August, 2008 and ends in May, 2009. Duties: promotes Peace Corps at speaking engagements; evaluates applications and conducts interviews; maintains working relationship with the New York Regional Office; submits monthly reports. Qualifications: excellent oral and written communication skills; initiative and ability to work independently; able to maintain regular office hours 20 hours/week during academic semesters; must be an RPCV and an accepted or current graduate student at NYU. Deadline: 5/09/2008. For more information and to apply, contact Melissa Baker, New York Recruitment Coordinator, at mbaker@peacecorps.gov.

Continued on page 14

PEACE CORPS Fellows/USA

Peace Corps Fellows/USA works with more than 40 universities that offer financial assistance to RPCVs who wish to attend graduate school and work in underserved U.S. communities. Peace Corps Response

Eastern Caribbean

The Health, Hope and HIV Network (HHH Network) of Antigua & Barbuda has requested a Peace Corps Response Volunteer (PCRV) to work as a Capacity Building Volunteer for a six month assignment. HHH Network is a nonprofit and non-governmental organization that was formed to address the plight of people living with HIV and AIDS (PLWHA) and supports those who are infected and affected. The PCRV will assist in building the capacity of the HHH Network office to more effectively support PLWHA in Antigua and Barbuda. Duties: assist staff in identifying and writing project proposals which would ensure continuous funding for the HHH Network; train members of the HHH Network in proposal writing; train members of the HHH Network in basic computer literacy; advise the HHH Network staff on efficient office administration practices; teach basic Spanish to the staff.

Qualifications: BA in social sciences, community development, or related field; experience in NGO development, capacity building, proposal writing, resource development, and training; strong program management skills; minimum two years HIV/AIDS experience, preferably in working with PLWHA; proficient in MS Office applications; high level Spanish skills and ability to teach basic Spanish.

El Salvador

Save the Children US is requesting two Peace Corps Response Volunteers to provide support for an emergency preparedness project in the municipality of Izalco in El Salvador for a Disaster Preparedness and Mitigation (DPM) program. The PCR Volunteers will support and strengthen existing emergency response teams in nine communities and train the remaining two communities in disaster preparedness activities to include formulating emergency plans, updating risk mapping procedures and risk maps, and conducting emergency preparedness drills. The Volunteers will also be responsible for coordinating all disaster preparedness activities with local government entities and other relevant organizations.

Qualifications: Degree in social sciences; experience with disaster preparedness activities; knowledge of emergency management procedures; strong Spanish language skills; experience with non-formal training and sustainable local development; ability to work independently with problem solving skills, professionalism, and leadership.

The Ministry of Education (MINED) Professional Development Center has requested a Peace Corps Response Volunteer (PCRV) to work as an English as a Second Language Specialist for a six month assignment. The PCRV will be placed in the department of Morazan, an area with very few development opportunities for youth and adults. MINED is working to improve this situation through improving the quality of Salvadoran education. Primary duties and responsibilities include: Follow-up on the skills learned by current teacher groups taught by previous volunteers; strengthen capacity and provide higher-level classes to teacher groups on the language itself and how to teach it; teach low and intermediate level English teachers ESL skills; facilitate two courses for teaching English at an intermediate level; and more. Qualifications: Degree in Education or training in English as a Second Language; experience teaching teachers; experience with group work; knowledge of participative methodologies; experience with group management and planning; ability to work independently with little supervision; advanced level of written and spoken Spanish.

Guyana

TECHNICAL OFFICER – GUYANA

Partner Organization: Health Sector Development Unit (HSDU) and Guyana Geology and Mines Commission (GGMC)

Length of Assignment: six months

Projected start date: April 2008

The Health Sector Development Unit (HSDU) and Guyana Geology and Mines Commission (GGMC) is requesting a Peace Corps Response Volunteer to assist with the Guyana HIV/AIDS Prevention and Control Project. The Technical Officer will work to promote HIV/AIDS awareness within the mining sector through *outreach activities, * the training of Field Counselors and selected members of the community and through the *promotion of alternative sustainable income programs to augment mining activities.

Mandatory qualifications include: degree in health education, counseling, or other social science related degrees, at least two years experience with HIV/AIDS education, solid communication skills, Training of Trainers and capacity building experience, substantial experience in curriculum/materials development, and experience with data collection using Excel.

Desired qualifications include: experience with mining communities, commercial sex workers and other vulnerable populations, some knowledge of Portuguese.

CRS/AIDS Relief is requesting a PCRV for a six-month assignment in Guyana. The Community Outreach Coordinator will work to strengthen client services at three local hospitals and a care center. Duties and responsibilities: provide technical support in the form of case management assistance, strengthen organizational structures of NGOs providing HBC services, develop methodologies for refresher training, develop strategies for referring clients for continued care, assist with implementing peer support networks and client education. Mandatory qualifications: MPH or related degree, experience in community mobilization, HBC referral networks or knowledge of referral system methodologies, experience in curriculum development, training, capacity building, at least one year experience with HIV programming.

Liberia

Peace Corps Response is seeking qualified volunteers to work within Education sector positions in Liberia. With a Peace Corps absence in Liberia of nearly two decades, this is a special opportunity for Peace Corps Response Volunteers (PCRVs) to be a part of the agency's historic re-entry. PCRVs will be in a post-conflict and reconstruction environment and will be working within the Education sector. Assignments are expected to be in some of the following fields: teacher training, curriculum development, classroom teaching, education administration, education policy assistance. We are seeking experienced teachers and education administrators for these assignments and encourage qualified PCRVs to submit an application. Early application submissions are encouraged due to the highly competitive nature of these assignments. Position descriptions are currently in development and we will update Hotline and the Peace Corps Response website with further details.

Malawi *

* This program requires that volunteers serve out a full twelve-month term.

The Ministry of Local Government and Rural Development in Malawi requests 12 Peace Corps Response Volunteers to work as HIV/AIDS Technical Assistants at the district level. Duties: provide HIV/AIDS technical support to the director of planning and development, the district AIDS coordinator and the office of social welfare; assist with development of CBOs through capacity building, training, communication and resource identification; create and modify M&E tools

Peace Corps Response

and financial spreadsheets; strengthen relationships among stakeholders. Qualifications: BA in public health, social sciences, community development, or related fields; experience working with HIV/AIDS related programming, training, capacity building; strong management, strategic planning and program development skills, M&E, report writing; experience living and working in sub-Saharan Africa, preferably Malawi; MA in public health, organizational development, or related fields; experience conducting training workshops; knowledge of local languages, including Chichewa.

Panama

The Panamanian Autonomous Institute for Cooperatives (IPACOOOP) has requested a Peace Corps Response Volunteer (PCRV) to provide Humanitarian Assistance as a Small Business Volunteer for a 6 month assignment. Duties & Responsibilities: assist the office with strategic planning activities, marketing strategies, accounting, and project development skills; evaluate the organization of the office, note improvements that could be made and necessary steps to make these improvements; improve and update the 2007 Business Plan Seminar manual and lesson plans based on feedback from previous sessions; develop a training of trainers program and organize an implementation team of employees to conduct future business plan trainings. Qualifications: degree in economics, international development, organizational development, education, business administration or other relevant discipline with experience in community development; fluent in Spanish; flexible self-starter, able to work individually as well as part of a team; program development and/or training experience; experience in inter-institutional coordination and strategic planning; strong organizational skills and ability to work independently or with little supervision.

Sustainable Harvest International (SHI) seeks a Peace Corps Response Volunteer to work as an Agro-forestry Volunteer to train farmers living in Chagres National Park in reforestation and soil conservation techniques as well as minimal-impact agricultural activities that would allow inhabitants to live off the land while preserving the

surrounding habitat and aiding the prevention of future landslides. The Volunteer will also design a system to monitor and evaluate project impact. Duties and responsibilities: Assist in harvesting seedlings and establishing tree nurseries; Train local communities in the care and management of seedlings; Design and facilitate workshops on the value of reforestation and soil conservation and how it is possible to reforest an area while simultaneously using it to meet human needs; Educate families in the technology of minimal-impact projects specific to SHI: "Just Stoves", rice and fish tanks, goat and/or chicken projects, community banks, school gardens; Help SHI develop a system for project monitoring and evaluation. Mandatory Qualifications: Degree in Forestry, Sustainable Agriculture or relevant discipline with experience in rural community development; Experience in implementing and managing reforestation projects; Experience in seedling/tree planting and care; Ability to facilitate discussion, analysis and group problem-solving on environmental subjects; Training/experience in project monitoring and evaluation; Strong organizational skills and ability to work independently or with little supervision; Fluency in Spanish; Comfort traveling in a canoe and strong swimming skills. Desired Qualifications: Knowledge of the culture, socio-political, environmental and economic conditions of Panama; Experience working in rural Latino and indigenous communities; Experience working with community banks.

Philippines

Intervida Philippines Foundation has requested a Peace Corps Response Volunteer (PCRV) to work as an Environmental Resource & Disaster Management Technical Assistant for a 6 month assignment. Intervida Philippines Foundation - a branch of the Spanish NGO Intervida, based in Barcelona, Spain - was created in 2004 and has been involved in projects focusing on Education, Health, Infrastructure, and more. In 2006 the Bicol region of the Philippines suffered from several natural disasters resulting in the development of relief operations as well as a new disaster preparedness program. The Peace Corps Response Volunteer will assist the Program Coordinator in order to contribute to various components of

the Disaster Management & Environment Program. Duties include: planning, preparing, and conducting trainings as well as monitoring actions in environmental disaster preparedness and response activities; linking with potential partner institutions for collaboration on preparedness and response activities; reporting and evaluating project activities; helping other Intervida Philippines Foundation Sectors in their activities, related to his/her field of expertise; preparing Information, Education and Communication materials for environmental and disaster awareness campaigns including posters, brochures, and other materials that are culturally appropriate and in the local language(s); leading facilitation of the diagnostic study on the environmental situation in the project areas. Qualifications: Mandatory: B.A. or B.S. in Environmental Science or related field; RPCV from the Philippines; fluency in Tagalog and/or Bicol dialect; at least 2 years of community based work experience; must be flexible and able to work in difficult working conditions; ability to work independently and carry out duties effectively with minimum supervision; ability to maintain performance expectations in diverse cultural contexts. Desired: previous experience in Disaster Management; previous experience in community-based environmental training; working knowledge of Spanish.

Uganda

Wildlife Clubs of Uganda has requested a Peace Corps Response Volunteer to work as an Institutional Development volunteer for a 6 month assignment. Duties include: assist in developing a financial/fundraising strategy; facilitate a stakeholders' discussion on developing and implementing the financial/fundraising strategy; facilitate training workshops in fundraising for Wildlife Club leaders; assist in developing information and fundraising packages for the Wildlife Clubs. Qualifications: MA or related degree; experience in organizational development, fundraising, and development of financial systems; experience in strategic plan design and implementation; experience in developing organizational policies and systems; experience in working with membership organizations or associations; training and capacity building experience.

How to Apply

Continued from Page 2

Nevertheless, phone interviews do have some advantages. In fact, some candidates actually prefer phone interviews. “They are less intimidating and stressful,” says Heather Groome, an administrative specialist with the Peace Corps. “In a phone interview, the interviewer can only focus on what you have to say rather than what you look like or what you are doing It is easier to mask nervousness when the interviewer cannot see you.” Of course, the downside to not being able to see your interviewers, as Director of the Office of University Programs Eileen Conoboy points out, is that “the interviewee doesn’t have the benefit of seeing that ‘you’ve said enough’ look given by interviewers at the end of a response and can be at greater risk of providing rambling, run-on answers.” Sandy Jacobs, a programming and training specialist at Peace Corps, suggests handling this by “inquiring if additional information or elaboration is needed at the end of your response.”

A telephone interview can serve as a prime demonstration of your interpersonal communication skills. Vivian Nguyen points out that “this is important if the job requires the candidate to speak on the phone often for outreach purposes.” Bob Michon, Director of Returned Volunteer Services, agrees. “Phone interviews place the emphasis on elocution, voice modulation, and efficiency of oral communication. If that is a key component of the position, then that can be a significant assessment tool - one advantageous to both the interviewer and interviewee.”

To that end, it is vital that you sound confident and professional. This may appear obvious, but the truth is that we all have certain verbal tics that others are willing to overlook in person; in a phone interview, those things can be disastrous. “All you’ve got in the phone interview is your voice,” says Julie Driver, program

manager for Fellows/USA. “Be conscious of tone, pitch, and verbal tics like ‘um,’ ‘uh,’ or ‘like’. You have to demonstrate conviction, power, and confidence.” I personally have noticed a tendency among some job-seekers to articulate their qualifications in a way that sounds like they are ending every sentence with a question mark. By doing this, you signal to interviewers that you are not confident of what you are saying, thereby giving them an opportunity to doubt your skills and abilities. Remember, interviewers can’t see your smiling and engaged oh-so-competent face on the telephone. You must, instead, “work on modulation, timbre, and inflection in order to properly emphasize points and responses,” as Bob Michon explains. If you don’t demonstrate in the phone interview that you are confident and professional, there is no reason for interviewers to see you as someone with interest, ability, and desire.

You will also need to articulate things in a phone interview that might not need to be vocalized during an in-person interview. Fran Quintana in the Peace Corps placement office had to do the same thing in her most recent phone interview. “In a standard in-person interview, you can rely upon those subtle, nonverbal cues (facial expression, posture and gesture, sense of physical space, and body language) to gauge timing and read a person’s emotional state or intention. You have the luxury of allowing those factors to inform your conversation. In a phone interview, you have a lot less to go on. You have to pay extra attention to your volume, articulation, and diction. Using your words becomes key; for example, verbalizing, ‘I need a minute to think about that,’ instead of quietly giving a moment’s pause to reflect. Because quietly reflecting is invisible on the phone, the person on the other end may wonder if you’re still on the line.”

To aid you in those moments of quiet reflection, RVS Administrative Assistant Jennifer Bream says you’ll need to have notes in front of you, including “all the materials the company has received from you, as well as all the information you have access to about the employer and the job.” You should also arm yourself with written answers to the standard questions an interviewer is bound to ask. Sandy Jacobs points out that this way you’re “less likely to ‘draw a blank’ when asked a question.” Sandy also recommends crafting six to eight STAR (situation, task, actions, results)¹ scenarios from your Peace Corps service or other professional situations. You can use these to “address common behavioral questions. In a phone interview, these scenarios can be organized on paper in a way that prompts responses.”

And of course, don’t forget to send a thank-you note! I once got a very professional and friendly thank-you note from a candidate that directly addressed some of my very misgivings about the phone interview. The candidate wrote, “What may have been lost over the phone is my friendly personality that makes working with me a positive experience, my professional demeanor, and my adaptability to various situations.” For me, that cinched it—the candidate had answered all our questions very well, and by acknowledging the difficulty of the phone interview, she demonstrated that she was people-smart and unafraid to confront what could have been an awkward situation.

Phone interviews give you a chance to ditch your business suit for pajamas if you want, sit in a comfy chair with your favorite beverage, and look at notes and other papers - all things in-person interviews never allow. So, the next time you are offered a telephone interview, prepare as you normally would, consider the above, and get that job, RPCV!

¹ For more information on framing your qualification using the STAR method, see the September 1, 2006, issue of Hotline.

For more information on job interviews, as well as other opportunities for your professional development as an RPCV, we encourage you to attend our FREE upcoming quarterly career events, May 12-15, 2008, in Washington, DC. Visit www.peacecorps.gov/rpcv/events for details and to register now for this popular event!
(see front page of this issue for more information)

Seattle RPCV Career Events, May 5-6, 2008

All events will take place at:
Peace Corps
Seattle Regional Recruiting Office
1601 5th Avenue, Ste. 605
Seattle, WA 98101
Phone 206.553.5490

"We drove ten hours and spent most of our readjustment allowance on gas to get here ... well worth it! I've gained much more than I expected."

-Kevin Sweeney, RPCV Burkina Faso 05-07

Seattle-area RPCVs, you don't have to spend your readjustment allowance to attend a Peace Corps career event! We are offering FREE events in your area. Learn how to leverage your noncompetitive eligibility and discuss professional opportunities with RPCV-friendly local organizations.

Monday, May 5, 2008 - Career Workshops

12:00 - 1:00 pm - Brown bag lunch: Peace Corps Response (formerly Crisis Corps)
www.peacecorps.gov/response

1:00 - 5:00 pm - Career Development Workshops:
Explore how to translate the Peace Corps experience for others, and then how best to present your qualifications.

Tuesday, May 6, 2008 - RPCV Career Fair

3:00 - 6:00 pm - RPCV Career Panel and Fair

Representatives from several organizations will be on-hand to discuss current and future job opportunities in the Seattle area.

Employers registered for the fair include:

- PATH
- National Oceanic and Atmospheric Administration (NOAA)
- Group Health
- U.S. Census Bureau
- U.S. Citizenship and Immigration Service (USCIS)
- National Credit Union Administration
- Peace Corps Response
- JUST ADDED!
- U.S. Department of Education
- U.S. Social Security Administration
- U.S. Environmental Protection Agency (EPA)

RPCV registration for these events has been low. We strongly encourage you attend these sessions so we can continue to offer local events to Seattle-area RPCVs. You must pre-register for all sessions you plan to attend. To register, e-mail rvsevents@peacecorps.gov with the subject line, "Seattle events registration request." For more details, visit www.peacecorps.gov/rpcv/events.

**Sponsored by Returned Volunteer Services,
Office of Domestic Programs,
U.S. Peace Corps**

Online Passwords

Returned Volunteer Services offers RPCVs free online passwords to six job bulletins:

- International Career Employment Weekly
- Environmental Career Opportunities
- Public Health Jobs Worldwide
- Alliance for Conflict Transformation
- Ethical Jobs
- InterAction

To receive free online passwords, e-mail rvs@peacecorps.gov. Please specify which job bulletin(s) you would like to receive. Include your name, country of service, and dates of service in your request.

Peace Corps' Office of Domestic Programs, Returned Volunteer Services Introduces SIGI³

What is SIGI³?

SIGI³ is a highly interactive career assessment tool that is designed to help you make informed and rational decisions about your field of study and career. SIGI³ can help you assess your work-related values, interests, and skills. SIGI³ will help you examine key motivators and match work-related values, interests, and skills to educational and career pathways. First you will enter your work-related preferences, and then SIGI³ will search its built-in library and find those careers that most closely match your preferences. SIGI³'s library is so large that it may well find career options that you never even considered or knew existed!

How do I register for access to SIGI³?

To access SIGI³, e-mail RVS at rvsinfo@peacecorps.gov with your full name, country and dates of Peace Corps service.

*****SIGI 3 is licensed to the United States Peace Corps. Use of this license by individuals not officially and directly authorized by Peace Corps' Office of Domestic Programs/Returned Volunteer Services is prohibited.*****

“The logic of the Peace Corps is that someday we are going to bring it home to America.”

President John F. Kennedy, 1961

Go to <http://www.peacecorpsconnect.org/free>

to activate your FREE one-year membership in the National Peace Corps Association and any of its 130+ groups based on country of service, geographic region, or interest. Also, explore jobs and graduate programs through their online Career Center.

All RPCV groups are nonprofit organizations of returned Peace Corps Volunteers, former staff, and friends, and are not part of Peace Corps. This posting is for informational purposes only and should not be considered either as an endorsement or promotion of any particular organization.
