Electronic Payments

Paying Your Taxes Was Never So Worry Free!

Convenient, Safe and Secure.

Easy Ways to Pay Electronically

Whether you're filing your Federal tax return or taking care of other taxing matters, you have more ways to pay the taxes you owe year round. The electronic filing program, IRS *e-file*, includes electronic payment options and gives taxpayers greater peace of mind.

What are Electronic Payment Options?

Electronic payment options are convenient, safe and secure methods for paying taxes. Options include: **1. electronic funds withdrawal, 2. credit or debit cards, and 3. the Electronic Federal Tax Payment System (EFTPS).** These payment methods provide you with ways to make paperless tax payments. So, there's no check to write, no money order to purchase and no voucher to mail! Take care of it all from home or from wherever you are, 24 hours a day, 7 days a week.

1 Electronic Funds Withdrawal

You can e-file and, at the same time, authorize an electronic funds withdrawal from your checking or savings account to electronically pay the following types of taxes: Form 1040 series (Federal income tax), Form 4868 (extension for individual taxes), Form 1040-ES (estimated tax), Form 720 (excise tax), Form 940 (unemployment tax), Form 941 (quarterly employment), Form 944 (annual employment tax), Form 990-PF (private foundation), Form 1041 (estates and trusts), Form 1120, 1120S and 1120POL (corporate tax), Form 2290 (highway use tax), Form 7004 (extension for corporate tax), and Form 8868 (extension for exempt organizations).

Why Pay by Electronic Funds Withdrawal?

It's Convenient!

■ You can e-file early and schedule your payment for withdrawal on a future date.
Note: Employment Tax Form(s) 940, 941 and 944, as well as Form(s) 720 and 2290 excise taxes, cannot be scheduled in advance. These payments are due when the return is electronically filed.

■ Funds are withdrawn on the date specified in the payment record and for the designated payment amount.
■ Payments scheduled for withdrawal on or before the return due date will be considered timely. After the return due date, the payment date will be the same as the date the return or form is filed.

It's Safe and Secure!

■ You receive an electronic acknowledgement once your e-file return is accepted.
■ The tax payment is listed on your bank statement as proof of payment.
■ Your bank account information is safeguarded along with other tax return information.
■ Only withdrawals authorized by the taxpayer will be made. No other funds can legally be withdrawn.

Facts you need to know...
