

related research and technologies through close involvement with researchers and research programs in energy industries and/or the Department's major multiprogram laboratories. The traineeship appointments may be offered only to students who are U.S. citizens or permanent resident aliens who have been admitted to full graduate standing in an energy-related field. Applicants are required to supplement each traineeship in conjunction with other energy-related education, practicum experience and research activities which will contribute to the trainee(s) academic progress.

The application to the DOE/EPSCoR program shall include a narrative description which addresses the points listed below: (1) Identify academic institutions, departments and disciplines to be included in the traineeship program. Summarize the qualifications of the institution, including current energy research activities and available facilities. Discuss the potential of the proposed traineeship program to enhance the State's energy-related science and engineering manpower capabilities and to attract additional high quality trainees to energy-related research. (2) Identify and describe the energy-related research program(s) on which the traineeship request is based, including the number of degrees awarded to graduate students associated with the identified energy research area(s), a summary of accomplishments, and the record of master's and/or doctoral degree productivity of participating departments over the past five years, by year. (3) Describe plans for recruiting high quality trainee candidates (include the selection criteria to be used) and strategies for insuring meaningful trainee interaction with the DOE multiprogram or energy-related industrial laboratories. Provide examples of the proposed trainee-industry/laboratory interaction arrangements, and include names and brief backgrounds of the groups involved in developing the program. (4) List the qualifications of key faculty committed to the traineeship program as measured by such elements as research projects, publications, number and type of masters and/or doctoral dissertations supervised over the last five years. (5) List the support received for energy research projects from non-campus sources. (6) Provide a detailed budget, outlining the total amount requested, the amount requested per trainee; i.e., stipend, tuition and fees, and plans, if any, for augmenting or supplementing

trainee costs from other non-Federal sources.

The eight state committees that received traineeship grant awards under the FY 1991 DOE EPSCoR program must submit a competitive renewal application to be eligible for continued support. The competitive renewal applications must include a separately bound Progress Performance Report summarizing the activities to date under the DOE/EPSCoR traineeship grant, including, but not limited to, the following information:

(a) A summary of overall progress of the traineeship awards to date, including, if applicable: recruiting methods/efforts utilized by the institutions involved; the number of applicants that responded; the method(s) by which the trainees were selected; the number of trainees selected; the trainees research topic area(s)/thesis project; practicum arrangements and dates, if applicable; and any other information relevant to the general goals of the DOE/EPSCoR traineeship grant award.

(b) An indication of any current problems or favorable or unusual developments;

(c) A summary of the effort to be performed during the succeeding funding period; and

(d) Other information pertinent to the current traineeship grant being supported.

The average cost of each traineeship is anticipated to be \$25,000, which shall cover all expenses. Indirect costs may not be requested for the traineeship portion of the application of the DOE/EPSCoR program. Although no formal cost sharing is required for the DOE/EPSCoR traineeship program, information about outside funding sources, particularly non-Federal funds, should be provided and may be considered in selecting which of the most meritorious applications should be supported. DOE/EPSCoR traineeship funds may not be used for equipment.

DOE expects to make about ten grants in FY 1992 to meet the objectives of this program. However, DOE reserves the right to fund, in whole or in part, any, all, or none of the applications submitted. Additional information may be subsequently requested by DOE during evaluation of a submitted application.

General information about development and submission of applications, eligibility, limitations, evaluation and selection processes, and other policies and procedures are contained in the OER Special Research Grant Application Kit and Guide. This

notice requests further that the "Detailed Description of Research Work Proposed" component of a complete grant application as established by 10 CFR part 605 should not exceed 30 double-spaced, typed pages, excluding curriculum vitae.

The Catalog of Federal Domestic Assistance Number for this program is 81.049.

D. D. Mayhew,

Deputy Director for Management, Office of Energy Research.

FEDERAL HOUSING FINANCE BOARD

(No. FHFB 92-58)

Notice of Federal Home Loan Bank Members Selected for Community Support Review

AGENCY: Federal Housing Finance Board.

ACTION: Notice.

SUMMARY: The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 added a new section 10(g) to the Federal Home Loan Bank Act of 1932 requiring that members of the FHLBank System meet standards for community investment or service in order to maintain continued access to long-term FHLBank System advances. In compliance with this statutory change, the Finance Board promulgated Community Support regulations (12 CFR part 936) that were published in the Federal Register on November 21, 1991 (56 FR 58639). Under the review process established in the regulations, the Finance Board will select a certain number of members for review each quarter, so that all members will be reviewed once every two years. The purpose of this Notice is to announce the names of the members selected for this first review under the new regulations. The Notice also conveys the dates by which members need to comply with the Community Support regulation review requirements and by which comments from the public must be received.

DATES: Due Date For Member Community Support Statements for Members Selected in First Quarter Review: March 31, 1992.

Due Date For Public Comments on Members Selected in First Quarter Review: March 31, 1992.

FOR FURTHER INFORMATION CONTACT: Sylvia C. Martinez, Director, Housing Finance Directorate, (202) 408-2825, or Kathleen S. Brueger, Associate Director,

Housing Finance Directorate, (202) 408-2821, Federal Housing Finance Board, 1777 F Street, NW., Washington, DC 20006.

SUPPLEMENTARY INFORMATION:

A. Selection for Community Support Review

The Finance Board intends to review the entire FHLBank System membership once every two years. Approximately one-eighth of the FHLBank members in each district will be selected for review by the Finance Board each calendar quarter. Only members with post-July 1, 1990 CRA Evaluations and members not subject to CRA will be selected for review in the first two years following the effective date of the regulation. In selecting members, the Finance Board will follow the chronological sequence of the members' CRA Evaluations, to the greatest extent practicable, selecting one-eighth of each District's membership for review each calendar quarter.

Selection for review is not, nor should it be construed as, any indication of either the financial condition or Community Support performance of the institutions listed.

B. List of FHLBank Members to be Reviewed in First Quarter 1992, Grouped by FHLBank District.

C. Due Dates

Members selected for review must submit completed Community Support Statements to their FHLBank no later than March 31, 1992.

All public comments concerning the Community Support performance of selected members must be submitted to the member's FHLBank no later than March 31, 1992.

D. Notice to Members Selected

Within 15 days of this Notice's publication in the Federal Register, the individual FHLBanks will notify each member selected to be reviewed that the member has been selected and when the member must return the completed Community Support Statement. At that time, the FHLBank will provide the member with a Community Support Statement form and written instructions and will offer assistance to the member in completing the Statement. The FHLBank will only review Statements for completeness, as the Finance Board will conduct the actual review.

E. Notice to Public

At the same time that the FHLBank members selected for review are notified of their selection, each FHLBank will also notify community groups and other interested members of the public. The purpose of this notification will be to solicit public comment on the Community Support records of the FHLBank members pending review.

Any person wishing to submit written comments on the Community Support performance of a FHLBank member under review in this quarter should send those comments to the member's FHLBank by the due date indicated in order to be considered in the review process.

By the Federal Housing Finance Board.
Dated: February 5, 1992.
