To Mr Kaiser:

I am writing to oppose the proposed changes that have been presented to the CZMA rules. I want the existing CZNA rules to remain intact. A state's ability to review projects must be inclusive, with free access to additional information, adequate timeframes to process such information, and deference (respect) in making final determination.

I want to write this letter to make sure that my voice was heard.

Sincerely,

A handwritten signature in black ink that reads "D Popovich". The signature is written in a cursive style.
