

August 2003

Dear Mr. Kaiser,

While enjoying our home on the West Creek Bay, we first read, not only are our fish PCB'd – but now – our crabs, which we and our 10 grandchildren enjoy trapping & eating – are now PCB'd!!!

Please, – be honorable – keep & help our oceans & bays clean. We're angry and just the right age to be grouchy & complain!!!

We'll stand by you — Stand by us.

Sincerely,

Mr. & Mrs. Girard Tell  
West Creek, New Jersey
