Vice Admiral Conrad Lautenbacher

Dear Vice Admiral Lautenbacher,

I am against the proposed regulatory changes to the Coastal Zone Management Act (CZMA) and urge you not to undertake these changes.

The public and the states should be afforded every right to have a voice in the management of our own coastal areas.

The combined effect of the proposed rule changes is to usurp state's rights established and strengthened by Congress, NOAA's own regulations, and three decades of practice, at the expense of our coasts.

Sincerely,
