FORM PHS-5161-1
(Revised 7/00)

GENERAL INFORMATION AND INSTRUCTIONS FOR GRANT APPLICATION (FORM PHS-5161-1, Revised 7/00)

INTRODUCTION

This application form, the PHS 5161-1, is used for a variety of grant programs administered by the Public Health Service (PHS). The basic format (Standard Form 424) is prescribed by OMB Circular A-102 for use by State and local government applicants. The PHS-5161-1 is also intended for use by nongovernmental applicants seeking support for health services projects.

The application consists of this section, General Information and Instructions, followed by six additional sections which comprise the standard application.

This section contains information about PHS policies and procedures.

The second section, the SF-424, is the face page of the application which requests basic information about the applicant and the project.

The third section, Budget Information (nonconstruction or construction) requests information on the applicant's financial plan for carrying out the project or program. Both the Federal and non-Federal shares are to be included in the financial plan. The application kit contains budget forms for both nonconstruction (SF-424A) and construction (SF-424C) projects or programs. Please be sure that you use the correct form.

The fourth section, Assurances (nonconstruction or construction) sets forth certain requirements with which applicants must certify that they will comply if a grant is awarded. The application kit includes assurances for both nonconstruction (SF-424B) and construction (SF-424D) projects or programs. Please be sure that you submit the correct assurance form and that the back of the form is signed by a duly authorized official of the applicant organization.

The fifth section, Certifications, sets forth certain requirements for grantees which have been legislatively implemented since the SF-424 assurances pages were last revised. This form must also be signed by a duly authorized official of the applicant organization and submitted.

The sixth section, Program Narrative, requests the applicant to describe the objectives of the program and to relate how those objectives will be attained. For projects funded beyond the first year, this section is used to describe the objectives and activities to be undertaken during the next period of support and also as

a progress or performance report for activities previously undertaken.

The seventh and last section is the Checklist, which must be included with all applications.

Before completing the application, it is advisable to refer to any relevant program guidelines provided with the application kit. The kit may also contain additional supplementary instructions pertaining to unique program requirements set forth in legislation or regulations.

For additional information about, or copies of, material referred to in this application, contact the grants management office which supplied the application kit.

Comments concerning the accuracy of the burden estimates for the Program Narrative and the Checklist and any suggestions for reducing this burden should be addressed to:

NOTE: The grant application which you are submitting may be subject to the reporting requirements of the Public Health System Impact Statement. Consult the Program Announcement or the Grants Management Officer for the program to which you are applying for additional information.

TYPES OF APPLICATIONS

The Form PHS-5161-1 may be used for any of the following types of applications:

- 1. New** - A new application is a request for financial assistance for a project or program not currently receiving PHS support. If recommended for approval it must compete with other new applications, competing continuation applications, and competing supplemental applications for any available funds in accordance with Federal awarding office funding priorities. A complete submission of all information requested, including budget justification, is required for all new applications.

- 2. Noncompeting Continuation** - A noncompeting continuation application is a request for support beyond the initial budget period¹ within a previously approved project period². These applications do not compete with other applications, and the level of support is determined by the awarding office after considering the previously recommended level of support and the progress achieved on the project.

A complete resubmission of the material contained in the initially approved application is not necessary, but the continuation application should include: a detailed justification, as necessary; information on the qualifying experience of key personnel added since the previous application; a report of progress relative to approved objectives; and a narrative discussing any significant changes to the originally approved project plan. Refer to Item 6(b) in the Program Narrative instructions, and to program guidelines for additional guidance on preparing the progress report.

- 3. Competing Continuation** - A competing continuation application is a request for the extension of support for one or more budget periods of a project which would otherwise expire. These applications are subject to the same review and analysis as new applications and they compete for available funds with other competing continuation applications, new applications, and competing supplemental applications. The information requirements applicable to competing continuation applications are the same as those that apply to new applications except that competing continuation applications must also include a progress report as described under Item 6(b) of the Program Narrative section.
- 4. Supplemental** - A supplemental application is a request for additional funding within an approved budget period for program expansion or administrative increases. Applications for funds to expand the scope of the project are subject to the same review procedures as new or competing continuation applications. Applications for funds to meet increases in costs incurred during a current budget period (such as increases in fringe benefits, salaries, or other project costs not included in the previous application) are generally

noncompeting, but are subject to the approval of the awarding office and the availability of funds.

A supplemental application must justify the need for the additional funds. It should describe how the supplemental award, or lack of it, would influence program results.

On the budget page(s), show only the supplemental funds requested, and any matching/cost participation amounts (as appropriate). As part of the budget justification, include a statement as to whether any changes have been made or are anticipated in the allocation of funds among categories for the previously approved budget.

PROJECT DEVELOPMENT

All new applicants are urged to discuss their interests and ideas for developing projects early in the planning stage with State, regional, and local planning agencies and/or health departments. Community support should be assured by providing opportunities for public and private participation in the planning and development phases. When applicable, comments must be sought from State Single Points of Contact in accord with requirements under Executive Order 12372 as implemented by the Department of Health and Human Services (DHHS) through regulations at 45 CFR Part 100 (see checklist instructions).

Staff of the administering office from which funds are being requested are also available to assist applicants.

COMPLETING THE APPLICATION

In preparing the application, use English language and avoid jargon. Type, using black typewriter ribbon, single spaced where possible. Instructions for completing the pages of the form are found either on the reverse of the forms or on supplemental pages. If more space is needed than is provided, use a blank sheet of paper to complete the item, using the identical format. Clearly identify the continuation page as such, and the information item(s) contained thereon, and attach the page after the appropriate page of the application.

Computer generated facsimiles may be substituted for any of the forms provided in this packet. Such substitute forms should be printed in black ink and must maintain the exact wording and format of the government-printed forms, including all captions and spacing. Any deviation may be grounds for PHS to reject the entire application.

¹**Budget Period** - The interval of the time (usually 12 months) into which the project period is divided for funding and reporting purposes.

²**Project Period** - The total time for which support of a project has been programmatically approved. A project period may consist of one or more budget periods

ASSEMBLING AND MAILING

To facilitate review and processing of the application by the awarding office, all pages should be numbered and preceded by a table of contents. Assemble the application with a cover letter on top indicating the specific program for which you are applying, followed by a table of contents, the printed forms, the program narrative, biographical sketches, and any remaining documents. Completed applications should be signed in ink by an authorized official of the applicant organization and duplicated in accord with applicable requirements. Mail completed applications to the appropriate grants management office (unless other instructions have been provided) in time to meet the deadline date for receipt established by the awarding office.

ACKNOWLEDGMENT

Applicants will be sent a written acknowledgment of receipt by PHS administering offices.

LATE APPLICATIONS

New/Competing Continuation

Applications will be considered to be "on time" if they are (1) received on or before the established deadline date or (2) sent on or before the established deadline date and received in time for orderly processing. Applicants should request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial carrier or the U.S. Postal Service. Private metered postmarks shall not be acceptable as proof of timely mailing. Late competing applications not accepted for processing may either be returned to the applicant or held for the next regularly scheduled review cycle.

Noncompeting Continuation

Applications which are not received in time to permit orderly review, processing, and award issuance on or before the beginning date of the continuation budget period, may result in: (1) an extension of the current budget period *without additional Federal funds*, and (2) a delay in the beginning date of the new budget period.

NONCONFORMING APPLICATIONS

Applications which are determined to be nonconforming shall not be accepted for processing and shall be returned to the applicant. A grant application may be classified as nonconforming if it does not meet the requirements of the program announcement to which it is responding.

APPLICATION REVIEW

Applications will be evaluated and rated according to criteria and priorities which are established for the particular grant program involved and which are described in program announcements and program guidelines.

UNSUCCESSFUL APPLICANTS

After a decision has been reached either to disapprove or not fund a grant application during a given review cycle, a written notice shall be sent to the unsuccessful applicant within 30 days after that decision.

PRIVACY ACT

The Privacy Act of 1974 (5 U.S.C. § 552a) gives individuals the right of access to information concerning themselves and provides a mechanism for correction or amendment of such records. 4. To qualified experts not within the definition of Department employees as prescribed in the Department's regulations [45 CFR Part 5(b)(2)] for their opinions, as part of the application review process.

6. To individuals and organizations deemed qualified by PHS to carry out specific research related to the review and award processes of PHS.
7. To organizations in the private sector with whom PHS has contracted for the purpose of collating, analyzing, aggregating, or otherwise refining records in a system. Relevant records will be disclosed to such a contractor. The contractor shall be required to maintain Privacy Act safeguards with respect to such records.
8. To the grantee institution relative to performance or administration under the terms and conditions of the award.

FREEDOM OF INFORMATION ACT

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a - k of Section B.

Section A. Budget Summary Lines 1 - 4, Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in *Column* (a) and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1 - 4, Columns (c) through (g.)

For new applications, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

Lines 1 - 4, Columns (c) through (g.) (continued)

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in column (e) the amount of the increase or decrease of Federal Funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B. Budget Categories

In the column heading (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1 - 4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1) - (4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount.

INSTRUCTIONS FOR THE SF-424A (Continued)

Line 7 - (continued)

Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the Federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal Resources

Lines 8 - 11 - Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a) - Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b) - Enter the contribution to be made by the applicant.

Column (c) - Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

Column (d) - Enter the amount of cash and in-kind contributions to be made from all other sources.

Column (e) - Enter totals of Columns (b), (c), and (d).

Line 12 - Enter the total for each of Columns (b) - (e). The amount in Column (e) should be equal to the amount on Line 5, Column (f), Section A.

Section D. Forecasted Cash Needs

Line 13 - Enter the amount of cash needed by quarter from the grantor agency during the first year.

Line 14 - Enter the amount of cash from all other sources needed by quarter during the first year.

Line 15 - Enter the totals of amounts on Lines 13 and 14.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Lines 16 - 19 - Enter in Column (a) the same grant program titles shown in column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that:

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children’s services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children’s services and that all subrecipients shall certify accordingly.

PROGRAM NARRATIVE

Public Burden Statement: Public reporting burden of this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC, Project Clearance Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428). Do not send the completed form to this address.

Prepare the program narrative statement in accordance with the following instructions for all new and competing continuation applications. Noncompeting continuation applications and requests for changes to an approved project should respond to Item 6(b) only. Requests for supplemental assistance should respond to Item 6(c) only.

The Program Narrative provides a major means by which the application is evaluated and ranked to compete with other applications for available funds. It should be concise and complete and should address the activity for which Federal funds are requested. Supporting documents should be included where they can present information clearly and succinctly. Cross-referencing should be used rather than repetition. PHS is particularly interested in specific factual information and statements of measurable goals in quantitative terms. Narratives are evaluated on the basis of substance, not length. Extensive exhibits are not required. (Supporting information concerning activities which will not be directly funded by the grant or information which does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.) Pages should be numbered for easy reference, continuing the numerical sequence of the printed form.

1. PROJECT DESCRIPTION

Because many and varied programs employ this application form, it is not possible to provide specific guidance for developing a project description which would be appropriate in all cases. One aspect of the description that is applicable to all proposals, however, is the requirement that all project information described in this part relate directly to the budget information requested. The budget consists of the funds (both Federal and non-Federal)

which the applicant estimates are required to carry out activities under the proposed project. (A narrative budget justification must also be provided; see *Budget Narrative*, below.)

Applicants must clearly identify the physical, economic, social, financial, institutional, or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation or other testimonies from concerned interests other than the applicant may be included. Any relevant data based on planning studies should be included or referenced in footnotes.

In developing the narrative, the applicant may volunteer or be requested to provide information on the total range of health programs currently conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Applicants are encouraged to provide information on their organizational structure, staff, related experience, and other information considered to be relevant. Awarding offices use this and other information to determine whether the applicant has the capability and resources necessary to carry out the proposed project. It is important, therefore, that this information be included in the application. It is equally important that the narrative distinguish between applicant resources which are directly related to the proposed budget and those which will not be used in support of the specific project for which funds are requested.

2. RESULTS OR BENEFITS EXPECTED

Identify results and benefits to be derived. For example, when applying for a grant to establish a neighborhood health center, provide a description of who will occupy the facility, how the facility will be used, and how the facility will benefit the general public.

3. APPROACH

(a) Outline a plan of action which describes the scope and detail of how the proposed work will be accomplished for each grant program, function or activity provided in the budget. Cite factors which might accelerate or decelerate the work and state your reason for takings this

approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

- (b) Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each grant program, function or activity in such terms as the number of people to be served and the number of patients to be treated. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.
- (c) Identify the kinds of data to be collected and maintained.
- (d) List organizations, cooperating entities, consultants, or other key individuals who will work on the project along with a short description of the nature of their effort or contribution.

4. EVALUATION

Provide a narrative addressing how you will evaluate 1) the results of your project, and 2) the conduct of your program.

In addressing the evaluation of results, state how you will determine the extent to which the program has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the program. Discuss the criteria to be used to evaluate results and successes; explain the methodology that will be used to determine if the needs identified and discussed are being met and if the results and benefits identified in Item 2 (above) are being achieved.

With respect to the conduct of your program, define the procedures you will employ to determine whether the program is being conducted in a manner consistent with the work plan you presented and discuss the impact of the program's various activities upon the program's effectiveness.

5. GEOGRAPHIC LOCATION

Give the precise location of the project or area to be served by the proposed project. Maps or other graphic aids may be attached.

6. ADDITIONAL INFORMATION (INCLUDE IF APPLICABLE)

(a) STAFF AND POSITION DATA

Some programs require a biographical sketch for key personnel appointed and a job description for a vacant key position; others require both for all positions. Refer to appropriate program guidelines for guidance in fulfilling this requirement. Generally, a biographical sketch is required for original staff and new members as appointed. Below are the suggested contents for the biographical sketch and job description where not otherwise set forth:

Biographical Sketch:

Existing curricula vitae of project staff members may be used if they are updated and contain all items of information requested below. You may add any information items listed below to complete existing documents. For development of new curricula vitae include items below in the most suitable format:

[Other support is defined as all funds or resources, whether Federal, non-Federal, or institutional, available to the Project Director/Program Director (and other key personnel named in the application) in direct support of their activities through grants, cooperative agreements, contracts, fellowships, gifts, prizes, and other means.]

Job Description:

- (1) Title of position.
- (2) Description of duties and responsibilities.
- (3) Qualifications for position.

(b) OTHER INFORMATION

Discuss accomplishments to date and list in chronological order a schedule of accomplishments, progress or milestones anticipated with the new funding request. If there have been significant changes in the project objectives, location or approach, or time delays, explain and justify. For other requests for changes or amendments, explain the reason for the change(s). If the scope or objectives have changed or an extension of time is necessary, explain the circumstances and justify.

If the total budget has been exceeded, or if individual budget items have changed more than the prescribed limits contained in the applicable Office of Management and Budget Circular (A-102 or A-110), explain and justify the change and its effect on the project.

(c) SUPPLEMENTAL REQUESTS

For supplemental assistance requests, explain the reason for the request and justify the need for additional funding.

BUDGET NARRATIVE

Provide a narrative budget justification which describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

Only the direct costs requested in this application need to be justified. Do not include any items that are treated by the applicant organization as indirect costs according to a Federal rate negotiation agreement except for those indirect costs included in consortium/ contractual costs.

If funds to be used for Matching/Cost Participation (whether voluntary or required) are included in the budget, only funds which will be used for this specific project should be so identified. If an award is made, all funds identified as dedicated to this project (including funds used for cost participation) will be subject to the applicable cost principles, audit and reporting requirements.

For a Supplemental application, you need justify only those items for which additional funds are requested, prorating the personnel costs and other appropriate parts of the detailed budget if the first budget period of the application is less than 12 months.

Describe the specific functions of the personnel, consultants, and collaborators. For all years, explain and justify any unusual items such as major equipment, foreign travel, alterations and renovations, patient care costs, and tuition remission. For additional years of support requested, itemize and justify any significant increases or decreases in any category over the first 12 month budget period. Identify such significant changes with asterisks against the appropriate amounts. If a recurring annual increase or decrease in personnel or other costs is anticipated, give the percentage. In addition, for *Competing Continuation* applications, justify any significant increases or decreases in any category over the current level of support.

INDIRECT COSTS

If indirect costs are requested in the budget, submit a copy of the applicant organization's most current Federal negotiated indirect cost rate agreement. If your organization does not have a Federally negotiated rate, contact the grants management office identified in the program announcement for information on a contact point to assist in the development of such a rate.

PART D: A private, nonprofit organization must include evidence of its nonprofit status with the application. Any of the following is acceptable evidence. Check the appropriate box or complete the "Previously Filed" section, whichever is applicable.

- (a) A reference to the organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in section 501(c)(3) of the IRS Code.
- (b) A copy of a currently valid Internal Revenue Service Tax exemption certificate.
- (c) A statement from a State taxing body, State Attorney General, or other appropriate State official certifying that the applicant organization has a nonprofit status and that none of the net earnings accrue to any private shareholders or individuals.
- (d) A certified copy of the organization's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the organization.
- (e) Any of the above proof for a State or national parent organization, and a statement signed by the parent organization that the applicant organization is a local nonprofit affiliate.

If an applicant has evidence of current nonprofit status on file with an agency of PHS, it will not be necessary to file similar papers again, but the place and date of filing must be indicated.

EXECUTIVE ORDER 12372

Effective September 30, 1983, Executive Order 12372 (Intergovernmental Review of Federal Programs) directed OMB to abolish OMB Circular A-95 and establish a new process for consulting with State and local elected officials on proposed Federal financial assistance. The Department of Health and Human Services implemented the Executive Order through regulations at 45 CFR Part 100 (Inter-governmental Review of Department of Health and Human Services Programs and Activities). The objectives of the Executive Order are to (1) increase State flexibility to design a consultation process and select the programs it wishes to review, (2) increase the ability of State and local elected officials to influence Federal decisions and (3) compel Federal officials to be responsive to State concerns, or explain the reasons.

The regulations at 45 CFR Part 100 were published in the *Federal Register* on June 24, 1983, along with a notice identifying the

Department's programs that are subject to the provisions of Executive Order 12372. Information regarding PHS programs subject to Executive Order 12372 is also available from the appropriate awarding office.

States participating in this program establish State Single Points of Contact (SPOCs) to coordinate and manage the review and comment on proposed Federal financial assistance. Applicants should contact the Governor's office for information regarding the SPOC, programs selected for review, and the consultation (review) process designed by their State.

Applicants are to certify on the face page of the SF-424 (attached) whether the request is for a program covered under Executive Order 12372 and, where appropriate, whether the State has been given an opportunity to comment.
