

DIVE SAFE SHIP OPERATIONS

(See reverse for checklist)

THE FOLLOWING MESSAGES ARE TO BE TRANSMITTED OVER THE ADDRESS SYSTEM:

PRIOR TO COMMENCEMENT AND EVERY 30 MINUTES THEREAFTER THROUGH COMPLETION:

"There are divers working over the side. DO NOT operate any equipment over the side, rotate screws, cycle rudder, take suction from or discharge to the sea, activate sonar or underwater electrical equipment, or open or close any valves before checking with the Dive Master."

(Name)

AFTER COMPLETION:

"Diving operations are now complete. Normal and routine work may be carried out in accordance with previous instructions."

NOTE:

No particular sequence is required in signing the diving form. Upon completion of all notifications and actions, the Dive Master will indicate his belief that safe operations can commence by signing at the bottom of the checklist on the reverse. In the event that there is a delay in the commencement of diving operations, each person whose signature appears on the checklist will be informed.

DIVING OPERATIONS

DATE OF OPERATION	COMMENCEMENT TIME	COMPLETION TIME
-------------------	-------------------	-----------------

NAME OF SHIP _____

NATURE OF DIVING OPERATIONS:

DIVE SAFE SHIP OPERATIONS- CHECKLIST

Please Note: Signing of this checklist will indicate that the individual has been advised of the diving operation and that he has completed the required actions to insure that "SAFETY" of the divers will not be jeopardized.

Personnel indicated below shall sign the form prior to the commencement and upon the completion of diving operations.

Diving operations will not commence until all required signatures are received and this form is returned to the Dive Master.
