Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-0164 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Pulmonary Function Testing Course Approval Program, 29 CFR 1910.1043 (OMB No. 0920-0138)—
Reinstatement—The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Background

NIOSH has the responsibility under the Occupational Safety and Health Administration's Cotton Dust Standard, 29 CFR 1920.1043, for approving courses to train technicians to perform

pulmonary function testing in the cotton industry. Successful completion of a NIOSH-approved course is mandatory under the Standard. To carry out its responsibility, NIOSH maintains a Pulmonary Function Testing Course Approval Program. The program consists of an application submitted by potential sponsors (universities, hospitals, and private consulting firms) who seek NIOSH approval to conduct courses, and if approved, notification to NIOSH of any course or faculty changes during the approval period, which is limited to five years. The application form and added materials, including an agenda, curriculum vitae, and course materials are reviewed by NIOSH to determine if the applicant has

developed a program which adheres to the criteria required in the Standard. Following approval, any subsequent changes to the course are submitted by course sponsors via letter or e-mail and reviewed by NIOSH staff to assure that the changes in faculty or course content continue to meet course requirements. Course sponsors also voluntarily submit an annual report to inform NIOSH of their class activity level and any faculty changes. Sponsors who elect to have their approval renewed for an additional 5 year period submit a renewal application and supporting documentation for review by NIOSH staff to ensure the course curriculum meets all current standard requirements. Approved courses that elect to offer

NIOSH-Approved Spirometry Refresher Courses must submit a separate application and supporting documents for review by NIOSH staff. Institutions and organizations throughout the country voluntarily submit applications and materials to become course sponsor and carry out training. Submissions are required for NIOSH to evaluate a course and determine whether it meets the criteria in the Standard and whether technicians will be adequately trained as mandated under the Standard. The estimated annual burden to respondents is 197 hours.

There will be no costs to respondents other than their time.

Proposed Information Collection Activity; Comment Request

Proposed Project:

Title: Communities Empowering Youth Evaluation Study.

OMB No.: New Collection.

Description: The information collection activity proposed under this notice will obtain information about lead and partner organizations funded under the Communities Empowering Youth (CEY) program. The information collected will complement a survey (OMB No. 0970-0335) that is examining the organizational and partnership capacity building experienced by organizations funded under the CEY program. The proposed information collection will allow in-depth examination of a select number of lead organizations and their partners.

Information collection will be through on-site observations of organizations and partnerships and structured discussions with key staff, using uniform protocols. On-site information collection will occur three times: near the beginning, at the mid point, and at the end of the three-year CEY grant period. Periodic telephone follow-ups may be conducted as necessary between on-site data collection in order to clarify or update information collected earlier and to prepare for future site visits.

Respondents: Executive directors and key staff of faith based and community organizations that received three-year CEY grants beginning in 2007.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Lead Organization Executive Director	10	1	2.5	25
Lead Organization Key Staff	20	1	1.5	30
Partner Organization Executive Director	60	1	2.5	150
Partner Organization Key Staff	60	1	1.5	90
Estimated Total Annual Burden Hours				295

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the

Administration for Children and Families is soliciting public comment on the specific aspects of the

information collection described above. Copies of the proposed collection of information can be obtained and
