

Several additions for use in the classroom have been made to the United States Mint H.I.P. Pocket Change™ Web site over the past month! To help you learn about “What’s New For You,” explore some of the links that have been listed below.

**November’s Coin of the Month** – Inspector Collector loves to discover the stories behind our nation’s coins, and this month he’s inspecting the 2002 Mississippi Quarter. Visit November’s Coin of the Month to see what he uncovers!

**Fun Facts** –A new Fun Fact is available on HPC each month, but you don't have to settle for one fun fact at a time! You can have even more fun and see pictures that go with the facts on the special Fun Facts pages. Just click on a fact at the top of any HPC page and learn some little known stories of the United States Mint and American coinage!

**Lesson Plans** – Please remember that your coin-centric lesson plans are always a welcomed addition to H.I.P. Pocket Change, and may be **submitted** directly to the site at any point in time!

Lesson Name	Curricular Area	Grade Level(s)
1. <a href="#">Coins in a Pocket</a>	Mathematics	3-5
2. <a href="#">The Density of Coins</a>	Science	6-8

**Teacher Features** – While you can always find these great classroom ideas in the Teachers section of H.I.P. Pocket Change, be sure to click on the Teacher Feature icon whenever you spot it on the site to find ideas that relate directly to whatever you’ve just read!

Feature Name	Related Content	Covered Curricular Area
1. <a href="#">State Symbols</a>	November’s Coin of the Month	Language Arts and Technology

All of these resources, and more, are at your fingertips each time you return to [H.I.P. Pocket Change!](#)
