FACT SHEET

Commerce Preliminarily Finds Countervailing Duties on Coated Free Sheet Paper from Korea

- On March 30, the Commerce Department announced its affirmative preliminary determination in the countervailing duty (CVD) investigation on imports of coated free sheet paper from Korea. Subsidies are financial assistance from foreign governments that benefit the production, manufacture, or exportation of goods.
- Commerce preliminarily determined that Korean producers/exporters have received net countervailable subsidies ranging from 0.04 (*de minimis*) percent to 1.76 percent. As a result of this preliminary determination, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of entries of subject merchandise and to collect a cash deposit or bond based on the preliminary rates.
- NewPage Corporation (OH) is the petitioner for this investigation.
- The scope of the investigation includes coated free sheet paper and paperboard of a kind used for writing, printing or other graphic purposes (coated free sheet paper).
- Excluded from the scope of the investigation are: (1) coated free sheet paper that is imported printed with final content printed text or graphics; (2) base paper to be sensitized for use in photography; and (3) paper containing by weight 25 percent or more cotton fiber.
- Coated free sheet paper is classifiable under subheadings 4810.13.1900, 4810.13.2010, 4810.13.2090, 4810.13.5000, 4810.13.7040, 4810.14.1900, 4810.14.2010, 4810.14.2090, 4810.14.5000, 4810.14.7040, 4810.19.1900, 4810.19.2010, and 4810.19.2090 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, Commerce's written description of the scope of this investigation is dispositive.

NEXT STEPS

• Commerce is currently scheduled to make its final determination on or about June 13, 2007, although this deadline can be postponed through mid-October.

Preliminary Countervailable Subsidy Rate:
