* The tonnage measurement system for the Panama Canal tolls assessment, the Panama Canal/Universal Measurement System (PC/UMS). This amount also includes the PCUMS tonnage for full containership and passenger vessels that transited through the Panama Canal.

NOTE: The above includes only commercial vessels assessed tolls greater than the minimum tolls implemented on June 1, 1998. As of January 1, 2000, vessels previously categorized as U.S. Government vessels have been categorized as commercial vessels. The displacement tonnage of vessels paying tolls based on displacement has not been included in this table.
