Dear Don,

Here is the document that was prepared by the Coordinators, in May 1974, in an effort to demonstrate what regions had done under very difficult administrative conditions.

The last page lists the names of the coordinators that "fought the last battle". I believe their names should be added to John's list. Our present list seems to lack names of persons who were responsible for the operation of the programs.

I don't know if the reference in the front will tell us where the RMP records for the regions were stored. We have located the Missouri records in the Ellis Library.

Sincerely yours,

Arthur E. Rikli, M.D.
