

TABLE OF CONTENTS

PLENARY SESSION

In Memoriam: Julian E. Villarreal, M. D., Ph.D. - 1937-1995 <i>S. G. Holtzman and J. H. Woods</i>	1
In Memoriam: Lewis Joseph Sargent, Ph.D. - 1909-1995 <i>E. L. May</i>	3
In Memoriam: Harris Isbell, M. D. - 1910-1995 <i>D. R. Jasinski</i>	4
College on Problems of Drug Dependence Presidential Address 1995. Evidence-Based Treatment and Prevention: Research for the Health of the Public <i>E. M. Seller</i>	6
Plenary Session Presentation <i>D. J. Mactas</i>	11
Drug Abuse and Addiction Research: Opportunities for Progress in 1996 <i>A. I. Leshner</i>	15
Presentation of the 1995 J. Michael Morrison Award <i>C. P. O'Brien</i>	20
Introduction to the 1995 Nathan B. Eddy Memorial Award Recipient <i>T. R. Kosten</i>	21
The Nathan B. Eddy Award Lecture: "A Passion to Improve Treatment" <i>H. D. Kleber</i>	24

SYMPOSIUM I

Molecular Mechanisms of the Brain Reward System

Titles and Participants

Summary

<i>L. G. Aboud</i>	34
--------------------------	----

Brain Mapping of the Brain Reward System

D. Woodward

Molecular Biology of the Dopamine Transporter

S. Amara

Molecular Mechanisms of Drug Reward

L. H. Gold

Overview and New Perspectives

L. G. Aboud

SYMPOSIUM II

Molecular and Biochemical Evidence for Receptors for Drugs of Abuse on Immune Cells

Title and Participants

Summary

L.-Y. Liu-Chen.....37

Introductory Remarks

L.-Y. Liu-Chen

Receptor Binding Studies to Characterize Opioid Receptors on Immune Cells

J. M. Bidlack

Expression of κ Opioid Receptor mRNA on Immune Cells

L.-Y. Liu-Chen and T. J. Rogers

Molecular Approaches to Identifying Cannabinoid Receptors on Immune Cells

T. W. Klein

The Expression of Morphine-Binding Sites on Human T Lymphocytes

J. J. Madden

Opioid Modulation of Immune Function: Evidence for Effects on cAMP Production, Cell Proliferation and Novel Receptors

B. Sharp

Analysis of Opioid Receptors in the Immune System by *In Situ* Hybridization

C. J. Evans

SYMPOSIUM III

Drug Testing in the Workplace: Legal, Technical and Scientific Issues

Titles and Participants

Summary

S. W. Gust.....40

Current Status of Workplace Drug Programs

J. H. Autry, III

Developments in the Technology of Drug Testing

E. S. Cone

The Political Use of Scientific Advances: Whose Responsibility Is It?

L. L. Maltby

Substance Abuse in the Workplace - Seeking the Bottom Line

D. W. Cohen

Evaluation of Workplace Drug-Testing Programs

J. Normand

SYMPOSIUM IV

Functional Evidence for Effects of Drugs of Abuse on Infection and Immune Responses

Titles and Participants

Summary

R. M. Donahoe.....43

Introductory Remarks

H. W. Haverkos

Tetrahydrocannabinol Sensitizes to Infection with Legionella Pneumophila

H. Friedman

Opiates, Glial Cells and HIV

P. Peterson

Morphine Sensitizes to Infection in Mice

T. K. Eisenstein

Opiate Modulation of Pulmonary Infection in a Swine Model

T. Molitor

Morphine and the Progression of Simian AIDS

R. Chuang

MDD/NIDA WORKSHOP

Assessment of HIV Risk Outcomes in Clinical Trials for Substance Abuse Pharmacology

Sex, Drugs, and Compulsivity: HIV Risk and Medication Trials

M. Beckson and M. Schaefer.....46

SYMPOSIUM V

Neuroendocrine Function and the Relationship to Addictions

Titles and Participants

Summary

M. J. Kreek.....49

Involvement of Drug-Induced Changes in Endocrine Function in the Acute and Chronic Effects of Substance Abuse

T. Cicero

Effects of Addictive Drugs on Neuroendocrine Function in Development

C. Kuhn

Impact of Opiate and Cocaine Addiction on the Stress Responsive Hypothalamic-Pituitary-Adrenal Axis and Prolactin Release in Humans

M. J. Kreek

The Effects of Chronic Cocaine Self-Administration on the Menstrual Cycle in Female Rhesus Monkeys

N. Mello

Pulsatile Release of Adrenocorticotropin Hormone (ACTH) and Drug Reinforcement

J. Mendelson

SYMPOSIUM VI

Cannabinoids: Receptors, Endogenous Ligands and a Newly Synthesized Antagonist

Titles and Participants

Summary

B. R. Martin.....52

Pharmacological Profile of SR141716, a Potent and Selective CB1 Cannabinoid Receptor Antagonist

F. Barth

Central and Peripheral Endogenous Ligands of the Cannabinoid Receptor System

R. Mechoulam

Translation of Cannabinoid Receptor Occupancy into Physiological Action

S. Deadwyler; R. Hampson; and S. Childers

A Specific Cannabinoid Antagonist: Precipitation of Cannabinoid Withdrawal Syndrome

B. R. Martin; D. Compton; J. Lowe; and M. Aceto

SYMPOSIUM VII

Basic Neurobiology of Abused Drugs

Titles and Participants

Summary

T. R. Kosten.....54

Neural Pathways in the Brain that Mediate Various Behavioral Aspects of Dependence Including Withdrawal Signs

G. F. Koob

Neurophysiology of Dopaminergic Neurons

F. J. White

Adaptations in Intracellular Signalling Pathways as Mediators of Drug Addiction

E. J. Nestler

Regulation of Gene Expression by Psychostimulants and Dopamine: Transcription Factor CREB is a Key Molecular Switch

S. E. Hyman

SYMPOSIUM VIII

Inhalant Abuse: Our Least Understood Drug Problem

Titles and Participants

Summary

J. R. Glowa 57

Overview of Inhalant Abuse Problems Among Human Populations in the Western United States

P. A. May

Epidemiology of Inhalant Use

C. G. Schütz

Behavioral Basis of Inhalant Abuse

R. L. Bolster

Molecular Mechanisms of Action of Volatile Agents

E. J. Moody

SYMPOSIUM IX

The Documented Role of Pharmacogenetics in the Identification and Administration of New Medications for Treating Drug Abuse

Titles and Participants

Summary

C. Grudzinskas..... 60

Inter-individual Differences in Drug Metabolism: A Factor in Variable Response to Drugs and Medications

R. Woolsey

Identification of Substrates, Inhibitors and Determination of Clinical Importance

E. M. Sellers

Clinical Example: Interactions of Concomitant Medications on Methadone Concentrations

J. T. Payte

Clinical Example: The P450 Pathways of LAAM and Methadone

D. E. Moody

Clinical Example: *In Vitro* Determination of P450 Metabolic Pathways

J. Collins

Brain P450s: Potential Role in Drug Abuse and its Treatment

R. F. Tyndule

Impact for Future Research

C. V. Grudzinskas

SYMPOSIUM X

Opioid Receptor Signal Transduction in Narcotic Tolerance and Dependence

Titles and Participants

Summary

W. Sadee.....64

Introduction

W. Sadee

Mu Opioid Receptor: From Molecular Cloning to Cellular Signaling

L. Yu

Regulation of the cAMP Signaling Cascade in Narcotic Addiction

K. L. Widnell and E. J. Nestler

Mu Receptor Regulation by Phosphorylation Underlying Narcotic Tolerance and Dependence

W. Sadee

Bimodality of Opioid Agonist Effects: Role of Phosphorylation in Acute and Chronic Action

A. Gintzler

SYMPOSIUM XI

The Conflicts for Parenting Drug Dependent Women - What Does Research Show Us?

Titles and Participants

Summary

L. P. Finnegan.....67

Characteristics of Parenting Behavior Among Cocaine-Using Women

L. Mayes

Defining Through Research of Maternal Lifestyles the Potential of Adequate Parenting by Drug-Dependent Women

B. Lester

The Impact of the Criminal Justice System with Regard to Drug Abuse Treatment for Women: A Historical Perspective

S. Kandall

Current Legal Issues Confronting Parenting Drug-Dependent Women

L. M. Paltrow

Enhancement of Parenting in the Context of Drug Abuse Treatment

K. Kaltenbach

SYMPOSIUM XII

Neurotoxicity and Neuropathology Associated with Chronic Cocaine Abuse

Titles and Participants

Summary

M. D. Majewska.....70

Introduction

M. D. Majewska

Neuro-imaging Correlates of Neuropsychiatric Abnormalities in Cocaine Abusers

T. R. Kosten

Psychomotor and Encephalographic Sequela of Cocaine Dependence

L. Bauer

Neurotoxic Effects of Continuous Cocaine and Amphetamine in Habenula

G. Ellison

Molecular Alterations of Opioid Peptides with Cocaine Abuse: Postmortem Studies

Y. L. Hurd

SYMPOSIUM XIII

Caffeine: A Model Drug of Abuse

Titles and Participants

Summary

R. R. Griffiths 73

Caffeine Utilization and Historical and Current Analogies to Classic Drugs of Abuse

R. R. Griffiths

Role of Adenosine, Dopamine and Cholinergic Systems in the Central Actions of Caffeine

J. W. Duly

Behavioral Effects of Caffeine Relevant to Potential for Abuse: Preclinical Studies

S. G. Holtzman

Caffeine Subjective/Discriminative Effects and Reinforcement: Human Studies

J. R. Hughes

Caffeine Physical Dependence: Human Studies

S. M. Evans

Clinical Evidence for the Caffeine Dependence Syndrome

E. C. Strain

SYMPOSIUM XIV

Electrophysical Analyses of Psychostimulant Drug Actions: From the Slice to the Awake Animal

Titles and Participants

Summary

K. A. Cunningham.....76

Cocaine and the 5-HT Connection in Slices of the Ventral Tegmental Area

J. T. Williams

Cocaine Actions in the Mesocorticolimbic Dopamine System: Role in Sensitization and Withdrawal

F. J. White

Neural Activity During Cocaine Self-Administration in the Awake Rat: A Comparison with Food and Water Reward

J. M. Paris

Discharge Patterns of Nucleus Accumbens Neurons: Relationship to States of Arousal, Drug Self-Administration and Novel Stimuli

S. J. Henriksen

SYMPOSIUM XV

Cross-Cultural Comparison of Substance Abuse: Results from the 12-Site WHO Study on Reliability and Validity

Titles and Participants

Summary

W. M. Compton79

History and Rationale for the WHO Study on Reliability and Validity of Substance Use Instruments

N. Sartorius

Test-Retest Reliability of the Substance Use Disorders Sections of the CIDI, SCAN and AUDADIS

T. B. Üstün

Concurrent Validity of the CIDI, SCAN and AUDADIS for DSM-IV Substance Abuse and Dependence Disorders

L. B. Cottler

Cross-Cultural Comparison of Drug Abuse Symptoms

R. Vrasri and W. M. Compton

Implications for Use of Substance Use Disorders Diagnostic Instruments in Psychiatric and Substance Abuse Research

D. Hasin

POSTER SESSION I

Cocaine: Self-Administration82-88

Cocaine Dependence: Psychosocial Therapies88-99

<i>Marijuana, Cannabinoids</i>	99-103
<i>Opiates, Opioids: Behavioral Effects</i>	103-111
<i>LAAM, Buprenorphine, Naltrexone</i>	111-121
<i>HIV/AIDS</i>	121-128
<i>Neuropeptide and Neurotransmitter Systems</i>	128-136
<i>Cocaine: Sensitization, Dependence, and Withdrawal</i>	136-143
<i>Medical Treatments for Cocaine Dependence</i>	143-152
<i>Opiates, Opioids: Receptors</i>	152-161
<i>Methadone Maintenance</i>	161-170
<i>Polydrug Abuse and Treatment of Dual Dependencies</i>	170-180
<i>Drugs of Abuse: Effects on Immune and Endocrine System</i>	180-185
<i>Commentary, Literature Reviews, Technology</i>	186-189

ORAL COMMUNICATIONS

<i>Drugs of Abuse, Treatment Agents and the Immune System</i>	189-193
<i>Brain Imaging and Mapping Studies</i>	194-197
<i>Methadone, LAAM and Buprenorphine</i>	197-201
<i>Cannabinoids</i>	202-206
<i>Neurochemical Mechanisms of Drugs of Abuse</i>	207-209
<i>HIV/AIDS in Drug Abusers</i>	210-213
<i>Drug Combinations: Misuse and Treatment</i>	214-217
<i>Cocaine Effects on DAT and D₁, and D₂, and D₃ Receptors</i>	218-222
<i>Preclinical Studies of Analgesia</i>	222-226

POSTER SESSION II

<i>Cocaine: Chemistry and Receptors</i>	226-234
<i>Cocaine: Physiological and Behavioral Effects</i>	234-241
<i>Sedative-Hypnotics, Anxiolytics</i>	242-251

<i>Drugs of Abuse: Disposition and Metabolism</i>	251-256
<i>Drug Abuse in Women</i>	257-264
<i>Drugs of Abuse: Treatment Issues</i>	265-270
<i>Drugs of Abuse: Clinical Pharmacology.....</i>	270-276
<i>Diagnosis and Assessment of Drug Abuse.....</i>	276-280

POSTER SESSION II

<i>Alcohol.....</i>	280-285
<i>Nicotine</i>	286-291
<i>Caffeine</i>	291-294
<i>Amphetamines</i>	294-300
<i>Opiates, Opioids: Analgesia, Tolerance, Withdrawal.....</i>	300-306
<i>Epidemiology, Risk Factors, Prevention.....</i>	307-313
<i>Perinatal Effects of Drugs of Abuse</i>	313-315
<i>Substance Abuse and Psychiatric Disorders.....</i>	316-326

ORAL COMMUNICATIONS

<i>Alcoholism: Epidemiology and Treatment.....</i>	326-329
<i>Psychiatric Comorbidity and Treatment.....</i>	330-333
<i>Smoking Cessation Studies.....</i>	333-338
<i>Cocaine and Opioid Effects on Behaviors.....</i>	338-343
<i>Human Laboratory Studies.....</i>	343-348
<i>Women, Children and Opiate Abuse.....</i>	348-353
<i>NMDA, PCP, and Hallucinogens.....</i>	353-358
<i>Perinatal Effects of Cocaine.....</i>	358-362

ANNUAL REPORTS

Biological Evaluation of Compounds for Their Physical Dependence Potential and Abuse Liability. XIX. Drug Evaluation Committee of the College on Problems of Drug Dependence, Inc. (1995)
A. E. Jacobson..... 363

Evaluation of New Compounds for Opioid Activity (1995)
J. H. Woods; F. Medzihradsky; C. B. Smith; E. R. Butelman; and Gail Winger..... 377

Dependence Studies of New Compounds in the Rhesus Monkey, Rat and Mouse (1995)
M. D. Acero; E. R. Bowman; L. S. Harris; and E. L. May..... 408

Progress Report from the Testing Program for Stimulant and Depressant Drugs (1995)
J. A. English; J. K. Rowlett; W. L. Woolverton; G. A. Patrick; W. T. Hawkins; G. Winger; and J. H. Woods..... 452

Subject Index..... 469

Author Index..... 499
