2007 DEPARTMENT OF HOMELAND SECURITY ANNUAL EMPLOYEE SURVEY: SURVEY BACKGROUND

SURVEY OBJECTIVE

The 2007 DHS Annual Employee Survey (AES) was conducted to collect data on DHS employees' perceptions of workforce management, organizational accomplishments, agency goals, leadership, and communication. DHS agency managers will use the findings to help sharpen polices for improving our agency performance.

QUESTIONNAIRE CONTENT

The survey included a total of 78 items/subitems - 45 OPM prescribed items (40 survey questions and 5 demographic items), 5 additional demographic questions, and 28 DHS agency-specific items.

DATA COLLECTION

Method. The survey sample included a total of 141,425 DHS employees across the 13 organizational components. The survey was administered electronically from October 26 through December 21, 2007. The sample was designed to ensure representative survey results would be reported by component and supervisory status (i.e., non-supervisory, supervisors and managers, and executives) as well as for the overall DHS workforce.

Response Rate. A total of 65,753 of 141,160 eligible employees responded to the survey, for a DHS-wide response rate of 47%.

REPORTED DATA

The percentages presented in report tables are weighted data that are representative of the survey population of the DHS workforce. Data collected from DHS AES respondents were weighted to produce survey estimates that accurately represented the DHS population. This process did not change any answers; rather, it adjusted for over - and under-represented groups of respondents.

SURVEY ITEMS AND RESPONSE CHOICES

Three 5-point Likert-type response scales were used in the survey: (a) Strongly Agree, Agree, Neither Agree nor Disagree, Disagree, Strongly Disagree; (b) Very Satisfied, Satisfied, Neither Satisfied nor Dissatisfied, Dissatisfied, Very Dissatisfied; and (c) Very Good, Good, Fair, Poor, Very Poor. For questions 6 through 31 of the survey, respondents had the additional option of answering Do Not Know or No Basis to Judge.

The tables throughout the remaining sections of this report contain the percentages of positive, neutral, and negative perceptions for each survey item (all percentages in this document have been rounded to whole numbers). For most items, Positive, Neutral, and Negative were defined as follows:

Percent Positive: the combined percentages of respondents (DHS agency-wide or specific component level) who answered *Strongly Agree* or *Agree*, or *Very Satisfied* or *Satisfied*, or *Very Good* or *Good*, depending on the response categories used for the item.

Percent Neutral: the percentage of respondents choosing the middle response option in the 5-point scale (*Neither Agree Nor Disagree, Neither Satisfied Nor Dissatisfied, Fair*).

Percent Negative: the combined percentages of respondents answering *Strongly Disagree* or *Disagree*, or *Very Dissatisfied* or *Dissatisfied*, depending on the response categories used for the item.

| Survey Response Categories | | | | | | | |
|----------------------------|-----------|---------------------------------------|--------------|-------------------|----------------------------------|--|--|
| Positiv | e | Neutral | ٨ | legative | Don't Know/ No Basis to Judge | | |
| Strongly Agree | Agree | Neither Agree Nor Disagree | Disagree | Strongly Disagree | Don't Know | | |
| Very Satisfied | Satisfied | Neither Satisfied Nor Dissatisfied | Dissatisfied | Very Dissatisfied | No Basis to Judge | | |
| Very Good | Good | Fair | Poor | Very Poor | NA | | |

HCAAF INDEX-LEVEL PERCENT POSITIVE RESPONSE

Thirty-nine items were combined to form the four Human Capital Assessment and Accountability Framework (HCAAF) Indices. The index scores were calculated for each component and DHS overall by averaging the percent positive response on the items within an index. For example, for a 4item index, if the item-level percent positive responses were 50 percent, 45 percent, 30 percent, and 35 percent, the component's HCAAF-level percent positive response would be the average of these four percentages or (50% + 45% + 30% + 35%)/4 = 40% positive.

COMPARING YOUR SURVEY RESULTS

Statistical significant differences between percentages. You may be interested in determining the statistical significance of differences between your component organization and DHS overall. Statistical significance is influenced by sample sizes, so that as the number of observations in comparison groups gets larger, small differences in scores will end up being statistically significant. While a 1 percent difference between percent positive scores might be statistically significant (that is, not due to chance), the difference is not likely to be meaningful or important, and nonsignificant differences are not always trivial.

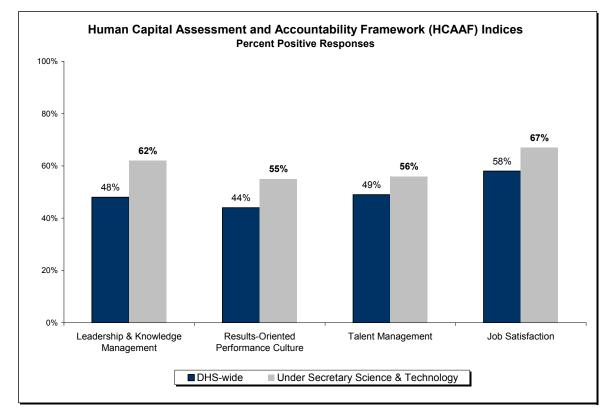

It is often useful to apply rules of thumb to determine the "notable" and "meaningful" results especially when comparing your 2007 DHS AES results to 2004 and 2006 Federal Human Capital Survey benchmark results. Therefore, we recommend the following guidelines:

- **5** percentage points. A difference of 5 percentage points or more is notable (e.g., increased by 5 percentage points from 2006 to 2007 or a difference of 5 percentage points or more between subcomponent results).
- Strengths. Survey items that are 65 percent or more positive are considered an area of strength.
- **Challenges.** Survey items that are 35 percent or more negative are areas of weaknesses.
- Neutral. Responses that are 30 percent or more neutral may indicate opportunities for more communication.

HUMAN CAPITAL ASSESSMENT AND ACCOUNTABILITY FRAMEWORK

The **Science and Technology Directorate**, in partnership with the private sector, national laboratories, universities, and other government agencies (domestic and foreign), helps push the innovation envelope and drive development and the use of high technology in support of homeland security.

This graph shows your 2007 component results compared with DHS agency-wide results for the four HCAAF Indices. The HCAAF indices are: Leadership and Knowledge Management, Results-Oriented Performance Culture, Talent Management, and Job Satisfaction.

Leadership & Knowledge Management: the extent our employees hold leadership in high regards; this index captures both overall as well as specific aspects of leadership. (See survey items: 5, 22, 24, 25, 26, 27, 29, 30, 31, 50, 54a, and 58)

Results-Oriented Performance Culture: the extent employees believe DHS culture promotes improvements in process, products and services, and organizational outcomes. (See survey items: 1, 8, 10, 14, 15, 16, 18, 19, 20, 21, 23, 28, and 53)

Talent Management: the extent our employees believe DHS has the talent required to accomplish our organizational goals. (See survey items: 2, 6, 7, 11, 12, 13, and 55)

Job Satisfaction: the extent our employees are satisfied with their jobs. (See survey items: 3, 4, 9, 51, 52, 56, and 57)

TREND ANALYSIS

This is a summary of employee responses to the 2007 DHS Annual Employee Survey. Question-level results have been calculated for your component organization and compared to your results for the 2004 and 2006 Federal Human Capital Surveys. These trend data are presented in this report according to the question order in the survey. As shown in the table below, the results have been grouped into Positive, Neutral, Negative, and Don't Know (Do Not Know/No Basis to Judge) categories (as applicable); NA indicates data were not available for comparison.

| I The people I work with economics to get the job done | Percent | | | |
|--|---------|---------|----------|--|
| 1. The people I work with cooperate to get the job done. | | Neutral | Negative | |
| 2007 DHS AES | 80.9 | 11.8 | 7.2 | |

Subcomponent Comparisons

The following table presents the number of employees that participated in the 2007 DHS Employee Survey for each subcomponent. These counts will vary slightly for each survey item since employees were given the option of skipping any item on the survey.

| Office of | Ν | Office of | Ν |
|--|-----|---|----|
| Under Secretary Science & Technology | 162 | Plum Island Animal Disease Center (PIADC) | 20 |
| Environmental Measurements Lab (EML) | 19 | Transportation Security Lab (TSL) | 28 |
| National Bioforensics Analysis and Countermeasures Center (NBACC) | 8 | Missing, no subcomponent indicated | 87 |

This section of the report is a summary of employee responses to the 2007 DHS Annual Employee Survey. Question-level results have been calculated for each of your subcomponent organizations. They are presented in this report according to the question order in the survey and have been grouped into Positive, Neutral, Negative, and Do Not Know/No Basis to Judge (as applicable) categories; NR indicates results that are not reported due to insufficient sample size (less than 10 employees).

Demographic Characteristics

The following tables present demographic information on the participating employees. The first three tables display the supervisory status, gender, and ethnicity of responding employees. The fourth table shows the racial categories selected by employees to describe themselves. Percentages may not sum to 100 percent since employees were able to select from more than one racial category. Other demographics include employees' occupational group, work status, and work location.

| 59. What is your supervisory status? | % of Respondents |
|--------------------------------------|---------------------|
| Non-supervisor | 47.5 |
| Team leader | 29.0 |
| Supervisor | 10.5 |
| Manager | 4.3 |
| Executive | 8.6 |

| 60. Are you: | % of Respondents |
|--------------|---------------------|
| Male | 66.7 |
| Female | 33.3 |

| 61. Are you Hispanic or Latino? | % of Respondents |
|---------------------------------|---------------------|
| Yes | 3.8 |
| No | 96.2 |

| 62. Please select the racial category or categories with which you most closely identify (select one or more) | % of Respondents |
|---|---------------------|
| White | 82.7 |
| Black or African American | 11.1 |
| Native Hawaiian or other Pacific Islander | 1.2 |
| Asian | 5.6 |
| American Indian or Alaska Native | 1.2 |
| Two or more races (Not Hispanic or Latino) | 1.2 |

| 63. What is your component organization? | | % of Respondents |
|--|--|------------------|
| | | |

Results from this question are used to break out employee responses for each component-specific report.

| 64. What is your occupational group? | % of Respondents |
|---|------------------|
| General Administrative, Clerical, and Office Services Group - 0300 Series | 20.0 |
| Natural Resources Management and Biological Sciences Group - 0400 Series | 6.3 |
