

1:750,000

Map edited and published by the Geological Survey.

Base map by National Oceanic and Atmospheric Administration, Data projected to Universal Transverse Mercator Zone 17, North American Datum of 1983. Ten minute latitude and longitude grid ticks.

Interpolated surface (ordinary Krigging) was generated utilizing over 8,900 data points. Value labels shown on map depict selected surface salinity measurements along the sampling path.

CONTOUR INTERVAL 5 ppt SALINITY

## FLORIDA BAY SURFACE SALINITIES

April 2002

By

Kimberly Yates and Robert Halley

Salinity data collected by Keith Ludwig and Chris Dufore of the U.S. Geological Survey for February 2002.

Map created by Iuri Herzfeld of the U.S. Geological Survey. Map has not been reviewed for conformity with U.S. Geological Survey editorial standards.
